# ARLINGTON HEIGHTS HERALD

VOLUME 23, NUMBER 41 | Published Every Friday by PADDOCK PUBLICATIONS, Inc. | Entered as second class matter under act of March 3, 1879, at Arlington Heights, Ill. | ARLINGTON HEIGHTS, ILL. | FRIDAY, JUNE 9, 1950 | 4 SECTIONS — 30 PAGES | $3.00 PER YEAR

# VILLAGE BOARD TO AID REVAMPING OF RR PARKS

## File objections to rezoning for proposed VFW club house

Zoning and streets were the big issues at Monday night's Arlington Heights village board meeting.

A committee representating the Northwest Community Betterment Associaion, (Sherwood, Arlingon Ridge and Arlington Park) presented a petition requesting the rezoning and reclassification of various pieces of property in that territory. The matter was referred to the Zoning Board of Appeals, which will set the date for a public hearing for interested parties.

**THE ZONING BOARD** of Appeals at a meeting May 19, recommended that the property at Yale ave. and Northwest hwy., (NE corner) be rezoned to commercial. Part of this property, owned by the Veterans of Foreign Wars, Arlington Heights, is zoned commercial and part residential. In order for the vets to erect their proposed club house the entire parcel must be commercial.

Action by the village board was delayed until next Monday night when a special meeting will be held to discuss the pros and cons of the rezoning. The Northwest Betterment group, which is objecting to the rezoning, was requested to have two of its members and its lawyers attend this meeting, and the VFW was also asked to do the same.

According to Harvey Klehm, a member of the VFW, it was fluke zoning originally, as the balance of the property along that area is all zoned commercial.

Dwyer ave. residents, between Euclid and Campbell ave., were present to voice their objection to "eating the dust" raised as autos pass over that road.

**SINCE IT IS** an arterial road the village has to receive money from the state gas tax funds for improvements. Some of the residents said they would not be satisfied with just an oil job, which ruined cars as well as the shoes of those who were compelled to walk.

The village pointed out that it had no funds for building new roads, they can merely maintain existing roads.

Residents then agreed that oil would be accepted if a good job was done before the race track traffic starts, as many race track bound drivers use Dwyer as a cut off to and from the track.

One resident remarked, "I don't care if you leave a few holes in the road as they tend to slow down traffic. Just settle the dust."

**SHERWOOD ROADS** in the area developed by H. R. Jacobsen, (Howard north of Clarendon to Watling, thence east) were discussed after a report on same was brought in by Jacobsen.

It is claimed that Mr. Jacobsen, at the time the property was developed, agreed to put in black top streets. A delay of one year before the streets need be finished was given to Jacobsen over 2 years ago by the village board. The work is still not completed.

Jacobsen said that if 75 per cent of the property owners would share the expense of finishing the road, he would pay the shares of the other 25%, and in addition would improve Harvard between Watling and Clarendon at his own expense.

"At present," continued Jacobsen, "less than half of the property owners have accepted my offer."

**THREE RESIDENTS** of Watling voiced their objections to sharing any of the expense.

The subject will be further discussed at the meeting June 19.

William Trude, real estate developer, was given permission by the board to privately install water taps and sewer stubs on S. Vail ave., between Rockwell and Maple. R. J. Becker, Supt. of Streets, will inspect the job when completed.

## Nancy Wilcox sustains broken leg when she runs in front of car

Nancy Wilcox, young daughter of Mr. and Mrs. Wilcox, 215 S. Mitchell, Arlington Heights, has a broken right leg just below the hip.

Louis Clark states he was driving slowly and saw the girl standing on the curb. She suddenly ran in front of the car.

Clark took the girl and her mother to Dr. Muench who called an ambulance taking the injured girl to St. Francis hospital, Evanston.

## Summer recreation program to start Monday at Heights

The summer recreation program sponsored by the Arlington Heights park district gets under way Monday, June 12, at Recreation Park with Russ Attis of the local high school coaching staff directing.

Attis, though living in Chicago, coached the Arlington Hts. track squad to a successful season this past spring.

Complete details of the program are not known at this writing, but will appear next week. Attis will be on hand Monday and week days thereafter from 9:30 a. m. to 4 p. m. to direct organized games of softball, tennis, and other activities in the parks.

Three softball teams are planned for the midgets, 12 and under; juniors, 15 and under; and intermediates, 18 and under. Activities will include programs for both boys and girls.

## Arlington police host to 95 patrol boys from all local schools

Ninety-five Arlington Heights patrol boys and a few willing sponsors saw the Cubs defeat Brooklyn 7-6 in a 10-inning game Tuesday.

It was the annual Cub party of the Arlington Heights police department given to the local patrol boys in recognition for their assistance in crossing protection.

The trip was made possible by cash contributions from various business men and citizens.

The patrol fund paid for the admission tax, provided each boy with fifty cents for refreshments and a small bus hire charged by the Geisen company.

Adults accompanying the boys were R. E. Clabaugh, sup't. of schools; Donald T. King, south school; Harry Soper, north school; K. Busse, Lutheran school; Father Rosemeier, St. James.

Police officers who enjoyed the outing were Chief Skoog, Sgt. Johnson, Patrolmen Mueller, Vidrick and McDougall.

## Lions sponsor wrestling matches at High School field

A big time wrestling match has been booked for June 28 at 8:30 p. m. by Arlington Heights Lions Club. The net receipts will go into the civic activity fund of the club, with ten per cent earmarked for the Creamer benefit fund.

**THE EVENT** will be staged at Arlington Heights high school athletic field. There are four classes of tickets. Ringside seats are $2; adjoining are $1.75; bleachers $1.50. Bleacher tickets for those under 12 years will be 75c.

Three events will take place. The program will open with Ned Taylor vs. Joe Millich. There will be a lot of excitement and laughs in the second event which is known as Australian Tag Team. Rudy Kay and Al Williams will oppose Billy Goelz and the Great Balbo.

The feature event of the evening will be between Hans Schnabel and Walter Palmer.

Carl Ewert is general chairman of the arrangement committee. Tickets can be purchased of any Lions Club member.

Ticket committee, Frank Sesterhenn, Glen Benson, Marvin Prellberg, Forrest Davis, Norman Dewey.

Usher committee, Quentin Ford, Ray Lohr.

Refreshment committee, John Randag, Edwin Schmidt, James Johnston.

Seating committee, Alfred Sanders, LeRoy Knoeppel.

**"TELEVISION,"** says Mr. Ewert, "has made a lot of people, including women and children wrestling conscious." The Lions Club benefit will bring to Arlington a good show and provision is being made for an attendance of 3,500 persons.

All of the funds will be used for community projects. The Lions have a reputation for aiding community projects and if the wrestling event is as much a success as is expected, the club will have sufficient funds to enable them to do a lot of things for Arlington Heights.

Lions club members are urged to pick up their quota of tickets from the ticket chairman, Frank Sesterhenn, 316 W. Hawthorne, phone 356-J. Tickets will not be mailed out to the members.

## Heights building still booming

Permits for 40 single family dwellings, totaling $548,100, were issued during May by Building Commissioner Edward Ahmer. He also issued permits for one church, amounting to $254,500; one factory, $58,600; 8 garages, $8960; and alterations, $23,830.

## Plans for Dist. 24 school addition cut to two rooms; cost $53,000

The recent canvass of District 24 by a volunteer committee of residents has been completed and the majority of the people recommend a two room addition to the Wilson school, Palatine and Arlington Heights rds.

The school board had previously asked for a four room addition which was voted down, and at that time had received estimates from five architects, Mr. Dvorack of Fox River Grove giving the lowest figure. Several members of the committee made a trip to Fox River Grove to see the addition to the school in that town for which Mr. Dvorack was the architect, and brought back very favorable reports.

This architect was asked to give an estimate on the proposed two room addition, and attended a meeting of the committee last week at which time he gave a figure of $49,000.00 and explained in detail how he arrived at this amount. The heating equipment, wash room facilities and septic tank would be adequate to take care of a future addition of two more rooms. The above items cover a large portion of the cost, so that a future addition would not be nearly as costly. The type of heat would be steam, with intake and outtake ventilating system to permit change of air.

**ESTIMATED FIGURE** of $49,000.00 not only includes the two room addition, but remodeling of the present one room. Both stairways leading to the basement would be eliminated, thereby extending the room approximately seven feet on each end. The window frames are in very poor condition, and they would be replaced by steel frames. The present "gingerbread on the roof would be removed, a new chimney installed, and the old building would be re-roofed to match the addition.

The addition would consist of two rooms, approximately 24x32 feet each with connecting hallway, and the overall dimension of the building would be about 44x60 ft. Outside walls will be red face brick, and the inside will be haydite concrete block walls and partitions. The basement and first floor will be of concrete and the classroom floors and halls will be covered with asphalt tile. The classrooms will have acoustical ceilings and new type direct-indirect lighting fixtures.

**TYPE OF** construction, would be as fire-proof as possible, and the committee has recommended the above two-room addition to the school board.

The estimate of $49,000.00 naturally would not cover school equipment, such as desks, legal and architectural fees, etc., and it would be necessary to float a bond issue for approximately $53,000.00 to cover the cost of such equipment and any other incidental expenses.

There is a possibility that the building would not cost the estimated $49,000.00 as all work would be out on competitive bids. The bonds, which will be placed for public sale, will be only issued for necessary costs of the addition.

A public meeting will be held in the Wilson school, Palatine rd., near State rd., on Friday, June 9, at 8 p. m. at which time the district will be further informed, and questions answered. This meeting is being called by the Wilson school PTA and the volunteer committee.

Every year about this time...

## Swim lessons free to season pass holders

Free swimming lessons at Arlington Heights pool will again be offered this year to all youngsters purchasing season swim passes. Registration will be held from June 12 to June 21 for Arlington Heights youngsters.

If any vacancies are left youngsters from neighboring towns may register for lessons June 19-21. The pool will open June 21 and all registrants are asked to be present that day so that they may be tested and classified. Swimming instruction will begin June 26.

The general Red Cross teaching plan will be used, with sections of instruction for beginners, intermediates and advanced students, plus junior and senior life saving.

David Allen, director of this year's program, is a Red Cross Water Safety instructor and has had considerable teaching experience at the Chicago Y.M.C.A. He will be assisted by four other teachers.

In order to provide proper facilities for swimming safety and enjoyment it has been necessary to increase the season pass fees accordingly:

| Season | Price | Tax | Total |
|---|---|---|---|
| Family | $8.00 | $1.60 | $9.60 |
| Adult (14 and over) | 5.00 | 1.00 | 6.00 |
| Children (13 and under) | 3.00 | .60 | 3.60 |
| Daily Fee | | | |
| Adults | .48 | | .48 |
| Children | .18 | | .18 |

## County board gives OK to Kiddie Park at Route 83 and Foundry

Small fry in Mt. Prospect and surrounding area will be happy to hear work on the Kiddie Park at Main street and Foundry road will start this week and about July Fourth it will be ready for their enjoyment.

Rezoning of two parcels of the land to business usage was approved last Friday by the County zoning board of appeals. According to a letter received Wednesday morning by Steven Sobie, owner of the property, signed by Walter Popjoy as secretary of the zoning board, the County Board of Commissioners at its meeting June 6, concurred in the zoning board's recommendation to reclassify the land from residential to business, tavern and amusement district.

The enlarged business area will permit the installation of a steam train. Other features planned include pony rides and a merry-go-round.

The county board held that kiddie parks are "in the public interest and welfare . . . ."

## Arlington Heights gets second safety award

Arlington Heights police department received last week a safety plaque for the second year as a National Traffic Safety award. The plaque reads in part:

"In recognition of its accomplishment in completion of a year without a fatal motor vehicle accident within the village limits."

The award covers the year 1949.

## Lt. Karstens recovers Arlington Heights stolen car

George B. Payne, 822 N. Harvard, is again driving his 1942 Mercury. It was stolen from Tam O'Shanter Country club Sunday, May 28 by Phillip H. Graham, 16, 4931 N. Kostner ave., Chicago.

It was recovered by Lt. Karstens, Arlington Heights officer, two days later when he stopped the car, without tail lights. It was occupied by girls and boys, 14 to 16 years.

Graham admitted that he had taken the car about 1 p.m. May 28. Keys were in the lock. He did not know that the owner was an Arlington Heights resident.

Mr. Payne had reported his loss to Niles and county police. Karstens learned the name of the owner thru a checkup of the state license number.

The passengers were released to their parents. Graham was turned over to the auto detail of the States Attorney's office. Some damage had been done to the car.

## Peeping Tom pays $100 fine in Neumann's court

Keeness of mind of an Arlington Heights girl led to the arrest of a Mexican and payment of $106 in the court of Judge Neumann.

Pat Greschner, daughter of Mr. and Mrs. Sylvester Greschner took note of the dress of a man who was apparently following her home. Arrived there she saw him peeking through a window.

Mr. Greschner notified the police. Lt. Karstens accompanied by Miss Greschner, patrolled the streets looking for a man wearing a tee shirt with bright yellow stripes. They found him at the cab stand.

Epasania Martinez, the Mexican, who is employed by a Prairie View farmer, admitted following the young lady, but denied that he peeked through a window. He paid the $106 fine.

## Home Show overflow in parking lot

Final plans for the Arlington Heights Home Show to be held June 16, 17, 18 are nearing completion. All booths in the Arlington Heights high school gymnasium have been sold and arrangements made for use of part of the parking lot where there will be displays of autos and farm machinery.

The entire show is free which in addition to many special features being offered by various exhibitors insures a heavy attendance.

Three entertainment programs have been booked and the two final acts will be obtained this week end.

The purpose of the show is to show the world the enterprise of Arlington business houses. "We can not have a summer-long Chicago fair in Arlington Heights, but we are making a good start with our three-day 1950 show," says President Geo. Schneberger.

Business men who have contributed for booths are:

Mayfair Rug Co., Shelkop Radio Mart, Hartmann's Shoe Store, Lindsay Automatic Water Softeners, Sterling Oil Company, Master Electric Co., Heating Engineers, Chas. B. Gray Sales & Service, Arlington Supply Stores, Inc., The Emerald Shop, El Ray Music Center, Hagenbring's.

Sinclair Dealers, Schiller Carpet Co., Arlington Plating & The Golden Miller Antique Shop, Silhouette Shop, Farm Bureau, Homo Milk Co., Inc., Mueller Stationery Store, National Air Control Co., Geo. Palmer, Arlington Food Lockers, Cake Box.

Klehm's Peony Farm, Vic. H. Beisler, Kovalik Cartage Service, G. Klehm's Nursery, Black's Memorial Home, Warson Beauty Shop, Arlington Elevator & Coal Co., Lorraine-Anne Shop, Arlington Heating & Sheet Metal Co., Arlington Liquor Mart.

Paddock Publications, Piper's Chocolate Shop, Flaherty Jewelers, Lauterburg & Oehler, Christen's Food Store, Stefanik's Dairy & Food Store, Big Freeze, Webber Paint Store, Electronics Service.

## Arlington car in triple accident at Mt. Prospect

When James H. Griffith, 17, 618 W. Campbell st., Arlington Heights, pulled away from a curb in the 300 block of WaPella st., Mt. Prospect, a truck driven by Herman Christ approaching from the rear, tried to avoid an accident and in addition to sideswiping the Griffith car, struck the rear of a car belonging to Fred Welch.

Damage to the latter car was slight, the truck $200 and Griffith $100.

## Police officers canvass town for delinquent dog license purchasers

Officers Jahnke and Bauer of the Arlington Heights police department have begun a house to house canvass this week, checking for delinquent dog license purchasers.

Anyone who has not purchased a license will be issued a ticket, which will give them five days in which to purchase the tag. Chief Skoog suggests that residents purchase the license before the police call.

## Include $3,000 in budget for parking lots; to ask R. R. help

Good news for the community developed at Monday night's Arlington Heights village board meeting, when the village agreed to take the responsibility of the parking areas, which are to be part of the railroad parks now being improved by the Park board.

For financial reasons all the parking areas can not be completed at once, but $3,000 has been set aside in this year's appropriation of village funds to begin work on these lots. It is believed that the railroad will be willing to furnish cinders for these areas, thus cutting down village expenses.

**TWO BUILDING** permits were released to Clarence Goelz, who will build two model homes, which are not to be sold for living purposes until he gets an OK from the State Sanitary Water board to connect with the village sewer system.

The ordinance amending section 739 of Chapter 20 of the Municipal Code passed at the last board meetings by a vote of 3 to 2 in favor, was returned to the board with Mayor Albert W. Goedke's veto. The ordinance has been referred to the Zoning Board of Appeals for a public hearing.

Chief of Police Carl H. Skoog introduced Thomas Ullock to the village president and members of the board, who later approved his appointment as radio operator at the Arlington Heights police station. He will begin work June 12.

**A WOMAN** traveling with the race track appeared before the board to seek permission to park her trailer and trailers of other race track persons within the village limits during the coming six week race meet.

A recent ordinance passed by the board prohibits the parking of trailers within the village limits for more than 30 days. The race people seeking the privilege are willing to post bond during the time they are parked to assure the village they will conduct themselves in an orderly, sanitary manner. The trailers are to be parked on the Nelson acreage on Dwyer ave.

A decision will be made and issued at the special board meeting next Monday night.

Village Clerk Forrest F. Davis read aloud a letter from the State Sanitary Water Board in answer to plans and specifications submitted by the village in behalf of West Gate subdivision sewer extension. It stated permits will not be granted until adequate sewerage treatment facilities, or assurance of same are available.

Mayor Goedke reappointed the Zoning Committee and made new appointments for the existing vacancies. The board now consists of: Nicholas Lattof, chairman; Glen Benson, Vern Hagenbring, Charles Stadell, Paul Taege, James E. Wood, George Joergenson, E. H. Malzahn, George Schneberger, Al Jasper, and Otto Schwartz.

A payroll of $13,647.70, which included village employees salaries and operating expenses, was approved by the board.

## County police raids can't keep up with slot machine licenses

Paddock Publications receives weekly reports of slot machine licenses issued by Uncle Sam. Twenty-seven went on the books Monday. There are now 453 in Cook county, only 99 behind Lake county, which leads the district.

Eight of the new licenses were issued for places in the Norwood Park and Glenview areas.

This paper also receives weekly reports on raids made by the county highway police. Last week's score was eleven. Six slot machines were taken. $50 cash bonds required in each instance.

A total of 21 new slot machine licenses were issued by the collector of Internal Revenue.

Slot machines are leading the police two to one.

## Southsiders to form property owner's ass'n

A meeting will be held June 13, at 8 p. m., at the South Public school, Arlington Heights, to form a Southside Property Owner's Ass'n., which is being organized by residents living west of State rd. and south of the tracks.

The purpose of the association will be the betterment of the south side of Arlington Heights, as a home community and for the protection of property owners. All residents of this area, whether property owners or not, are eligible to join.

Subjects to be discussed briefly at the first meeting will be: sewage and water; traffic, parking, control of building, and education.

Residents are urged to attend this first meeting and offer their ideas for discussion.

## Numerous week end accidents but few people injured

Routes 83 and 58 in the Arlington-Prospect Heights area had more than their share of accidents over the week end.

Accidents were at Foundry and Rand, Routes 83 and 58, Routes 83 and Euclid, Route 83 and McDonald, and a number of minor accidents at neighboring intersections.

Louis Pohlman was driving east on Route 58 June 3 when Emil Noska, 18 N. Highland, Arlington Heights, pulled out of a driveway without seeing the Pohlman car.

## Vacation Bible school at Faith church June 12-23

Faith Lutheran church of Arlington Heights will conduct a Vacation Bible School for the children of the community, Monday through Friday, June 12-23. Bible stories, songs, movies, games, and handicraft will be featured at the sessions which will begin at 9 a. m. and end at 11:30. Registrations will be received at the church, 431 S. State rd., Friday afternoon, June 9, and at the opening periods of the school.

Qualified teachers and leaders will direct the varied program of activities. The following will serve as superintendents of the various departments: Beginners —Mrs. George Meyer, Jr.; Primary—Mrs. William Keiser; Junior—Mrs. John Manz; Senior — Mrs. Edgar Behrens. The songs will be led by Miss Florance Lunning, and Mrs. John Manz and Miss Renata Landmeier will act as organist and pianist, respectively.

A small fee of 50c is requested for the work-book which each child will receive. Mrs. Henry Schroeder will serve as registrar and Mrs. Ada Koch as treasurer for the school.

**ARLINGTON CAFE OPEN 7 DAYS A WEEK**

Arlington Cafe, Northwest hwy., Arlington Heights, will be open seven days a week between now and September 1.

## Receive Eagle Scout awards in special program

Dick McAuliffe and Bob Cruickshank received their Eagle Scout Awards during a special program held last Friday evening at the South school, Arlington Heights.

Pictured left to right: Lester McAuliffe, father of Dick; Mrs. Cruickshank, Mr. Cruickshank, parents of Bob; Mrs. McAuliffe, congratulating son, Dick; Bob, and Stan Huntington, Chief Scout Executive.

**CHRISTIAN SCIENCE CHURCHES**

The subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 11, will be:

**GOD THE PRESERVER OF MAN**

The Golden Text is:

"Withhold not thou thy tender mercies from me, O Lord: let thy loving kindness and thy truth continually preserve me" (Ps. 40: 11).

Among the citations which comprise the Lesson-Sermon, the following are from the Bible:

"And behold, there came a leper and worshipped him, saying, Lord, if thou wilt, thou canst make me clean. And Jesus put forth his hand, and touched him, saying, I will; be thou clean. And immediately his leprosy was cleansed . . . And Jesus went about all the cities and villages, teaching in their synagogues, and preaching the gospel of the kingdom, and healing every sickness and every disease among the people" (Matt. 8: 2,3; Matt. 9: 35).

The Lesson-Sermon includes the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"Nothing is more disheartening than to believe that there is a power opposite to God, or good, and that God endows this opposing power with strength to be used against Himself, against Life, health, harmony . . . As mortals reach, through knowledge of Christian Science, a higher sense, they will seek to learn, not from matter, but from the divine Principle, God, how to demonstrate the Christ, Truth, as the healing and saving power" pp. 380, 285).

Confessions: 4 to 5:30 p. m. and 7:30 to 9 p. m. Saturdays and days before Holy Days. Also day before first Friday of each month.

## The Library Corner

Among the new non-fiction books at the Arlington Heights Public Library, are three which will be of special interest to men and boys.

"Here's Your Hobby" written and illustrated by Harry Zarchy, is a practical and authoritative book about twelve popular hobbies: photography, fishing, ceramics, stamp collecting, home repair, archery, tropical fish, collecting butterflies and moths, sailing, collecting leaves, and painting. Here is the book to start you off on a hobby without outside help or instruction—a chance to learn something new, to relax and enjoy yourself.

A biography, "The Great Houdini" by Williams and Epstein, is fascinating reading for one interested in magicians. This book not only tells the story of his life and career, but also tells some of his secrets, and how some of his tricks were done.

One of the most important books of baseball, written by "Mr. Baseball" himself, is "Connie Mack's Baseball Book." All the essentials of the game are covered, together with what it takes to be a major leaguer and how players get there. The book is fully illustrated with photographs and drawings, and every point is made with examples drawn from the experience of well-known players.

**Farm Fires Causes**

Six known causes account for three-fourths of all farm fires.

## Ordinance

AN ORDINANCE AMENDING SECTION 1 OF AN ORDINANCE ENTITLED: AN ORDINANCE PROVIDING FOR INSPECTION AND LICENSING OF VEHICLES CARRYING FOOD STUFFS, PASSED AND APPROVED BY THE VILLAGE OF ARLINGTON HEIGHTS ON THE 27TH DAY OF APRIL, 1936, AND AMENDED JUNE 28, 1948.

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ARLINGTON HEIGHTS, COUNTY OF COOK AND STATE OF ILLINOIS:

SECTION 1. That Section 1 of an ordinance entitled: "AN ORDINANCE PROVIDING FOR INSPECTION AND LICENSING OF VEHICLES CARRYING FOOD STUFFS", passed and approved by the President and Board of Trustees of the Village of Arlington Heights on April 27, 1936, as amended by an ordinance passed and approved on June 28, 1948, be amended so that said Section 1 as amended shall be and read as follows:

"SECTION 1. LICENSE REQUIRED. It shall be unlawful to use or permit the use of any vehicle, including wagons and motor vehicles and vehicles propelled by human power, for the storage or carrying of any meats, pouitry, fish, butter, cheese, lard, vegetables, bread or bakery goods or any other provisions intended for human consumption, including beverages and milk, in the Village of Arlington Heights, for the purpose of delivering any such foodstuffs to any place in the Village for use and consumption or for resale in the Village for such use and consumption, unless a license for such vehicle is first secured and the provisions of this ordinance are fully complied with.

Application for such license shall be made to the Village Clerk and shall state thereon the name and address of the owner thereof, the name or names of the persons from whom such delivery is made and the nature of the goods carried. The Clerk shall issue such licenses and shall give to the President and Board of Trustees a list of all such licenses issued.

The annual fee for such license shall be $25.00 for each vehicle, except vehicles making delivery in wholesale lots to retail establishments, for which the license fee shall be $10.00 for each such vehicle, and such license fee shall be for one year beginning the 1st day of January of each calendar year. Where a license is applied for during the calendar year the full amount of such annual fee shall be payable for such calendar year. Such fees shall be paid to the Village Clerk, who shall turn them over to the Village Treasurer".

SECTION 2. This Ordinance shall be in full force and effect from and after its passage, approval and publication, as provided by law.

PASSED this 15th day of May, A. D. 1950.

FORREST F. DAVIS
Village Clerk.

APPROVED this 15th day of May, A. D. 1950.

ALBERT W. GOEDKE
President.

## Ordinance

AN ORDINANCE AMENDING SECTIONS 6 AND 9 OF AN ORDINANCE TO REGULATE THE SALE OF ALCOHOLIC LIQUORS IN THE VILLAGE OF ARLINGTON HEIGHTS, COUNTY OF COOK AND STATE OF ILLINOIS, PASSED BY THE BOARD OF TRUSTEES OF SAID VILLAGE ON THE 26TH DAY OF FEBRUARY, 1934.

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ARLINGTON HEIGHTS, COUNTY OF COOK AND STATE OF ILLINOIS:

SECTION 1. That Sections 6 and 9 of an ordinance entitled: "AN ORDINANCE TO REGULATE THE SALE OF ALCOHOLIC LIQUORS IN THE VILLAGE OF ARLINGTON HEIGHTS, COUNTY OF COOK AND STATE OF ILLINOIS", passed by the Board of Trustees of said Village on the 26th day of February, 1934, and approved by the President of said Village on the 28th day of February, 1934, as said Sections 6 and 9 have heretofore been amended, be and the same is hereby amended so that said Sections 6 and 9 of said ordinance shall be and read as follows:

"SECTION 6. CLASSIFICATION - FEES. Such licenses shall be and are hereby divided into five classes, to-wit:

(1) Class A licenses, which shall authorize the retail sale on the premises specified of alcoholic liquor for consumption on the premises as well as other retail sales of such liquor. The annual fee for such license shall be $600.00.

(2) Class B licenses, which shall authorize the retail sale of alcoholic liquor, but not for consumption on the premises where sold. The annual fee for such license shall be $400.00.

(3) Class C licenses, which shall authorize the retail sale of beer only, whether for carrying away or for consumption on the premises where sold. The annual fee for such license shall be $200.00.

(4) Class D licenses, which shall authorize the retail sale of liquor for consumption on the premises where sold, and to be served only with meals, and which licenses shall be issued to restaurants only. The annual fee for such licenses shall be $400.00. No licensee under Class D licenses shall maintain a bar in the place of business or connected therewith for which such license is issued. There shall be issued in the Village no more than two (2) Class D licenses to be in effect at the same time.

(5) Class E licenses, which shall authorize the retail sale of alcoholic liquors for consumption only on the premises where sold, and which shall be issued only to regularly organized veterans' or servicemen's clubs maintaining permanent club quarters, irrespective of the size of their membership, and having a National or a State charter. The annual fee for such license shall be $125.00.

The President of the Village may also grant a daily permit to any local organization or group, such as a fire department, veteran's organization, lodge, church or similar organizations, authorizing the sale of beer at any picnic, carnival, or similar function given by said organization; provided that not more than five such daily permits shall be issued to any one such organization during the period of one year. The fee for such daily permit shall be $10.00".

"SECTION 9. NUMBER OF LICENSES. There shall be issued in the Village no more than twelve (12) Class A licenses and three (3) Class B licenses and two Class C, Class D and Class E licenses, to be in effect at any time.

SECTION 2. All ordinances heretofore passed by the President and Board of Trustees of the Village of Arlington Heights, and approved by the President of said Village, inconsistent with this amendment, shall be and the same are hereby repealed in so far as the same are inconsistent herewith.

SECTION 3. This ordinance shall be in full force and effect from and after its passage, approval and publication, and shall be known as Ordinance No. 753.

PASSED this 15th day of May, A.D. 1950.

FORREST F. DAVIS
Village Clerk.

APPROVED this 15th day of May, A.D. 1950.

ALBERT W. GOEDKE
President.

**Golden Horn**

The Golden Horn, renowned inlet of the Sea of Marmara at Istanbul, was so named for the wealth of its fisheries.

## News of VFW Post 981

Veterans of Foreign Wars, Arlington Heights, are urged to attend the regular meeting this Friday night, at the village hall, 8:15 p. m.

This is to be an important meeting as plans for the coming VFW festival, to be held July 26-30, will be worked out. This is to be one of the biggest festivals ever staged by the VFW and the cooperation of all members is necessary to make it a success.

The success of this festival is especially important to the VFW as they are planning soon to break ground for a new club house. Meetings for the VFW during June, July and August, will be held the second Friday of each month. Festival meetings will be held every second and fourth Fridays until the carnival is held. All meetings are at the village hall.

Further details may be had by calling Arlington Heights 686 or 173-R.

**Ohio U Stadium**

The Ohio university stadium will sport a new stainless steel press box seating 150 newsmen and 16 radio and television cubicles for the 1950 football season.

## $3,430 check turned over to Mrs. Creamer from benefit meet

A check for $3,430 was turned over to Mrs. William Creamer, wife of "Bill" Creamer, former Arlington Heights high school teacher who is seriously ill and confined to the hospital.

The presentation was made by Fred W. Meeske, financial chairman of the recent Creamer Benefit Track meet.

Proceeds came from ticket sales, donations, concessions and a special attraction during the meet.

## St. John's church to hold annual picnic Sunday

St. John's Evangelical and Reformed church," of Arlington Heights, will hold its annual Sunday school and congregational picnic in the George Scharringhausen Grove on South State rd., approximately one mile south of Higgins rd., Sunday, June 11.

Sunday school will convene at 9:15 a. m. in the church. Morning worship services will be held at 10 o'clock in the sanctuary. Immediately after the morning services the entire families of the congregation will go to the picnic grove for picnic dinner at 12 noon.

Anyone desiring transportation to and from the picnic should call St. John's parsonage any time before the picnic date.

A special program of events will include mystery contests, games, races and many other field events. There will be special attractions, lots of prizes, and plenty of fun for young and old.

Ferd Blohm and Myron G. Kuhlman are in charge of general arrangements for the picnic. Chairmen in charge of the refreshment committee are Willard Landmeier and Emil Baumgarten. Departmental superintendents and Sunday school teachers will assist with the games.

One of the features of the picnic will be a snapshot contest, and prizes will be awarded for the best pictures taken at the picnic.

**Stained Glass**

European monks, skilled by long practice as manuscript illuminators, brought stained glass craftsmanship to its highest level in the 14th and 15th centuries. By rediscovering their painstaking methods, American craftsmen of the past 80 years have recaptured this lost art.

## Self-propelled 3-car train on suburban lines

Three new self-propelled passenger cars recently purchased by the Chicago and North Western Railway Company at a cost of approximately $415,000 were placed in suburban service Monday, R. L. Williams, president of the railway company, announced.

Williams said the streamlined air-conditioned cars, first of their kind to be used in suburban service, will be operated on all three of the North Western's suburban divisions serving the non-rush hour traffic.

"Because tests made last February indicated that operation of single cars in our suburban service would be impractical, the three cars will be operated as one train under multiple unit control for the time being," Williams said. "Under the schedule set up for these cars, they will travel about 2,330 miles a week. Because we wish to determine their full possibilities in North Western service, the schedules will be subject to change from time to time."

TWO OF THE cars are full passenger cars with seats for ninety persons each. The third is a combination passenger-baggage car with seats for 71 persons. Each car is 85 feet long and each is powered by twin 275 horsepower diesel engines mounted under the floor with engine cooling-water radiators located in "blisters" on the roofs.

The cars were constructed of lightweight stainless steel by the Budd Company which cooperated with the North Western last February in making test runs of a single car in suburban service. It was as a result of this brief test that the North Western purchased three cars which will be operated under various conditions in order to determine their operating and economic advantages.

Under the initial schedule set up for the three car train, it will operate wholly within the suburban limits of the North western on weekdays although on Saturday one of its trips will take it to Harvard and on Sunday one of its trips will include Milwaukee. The schedule of the three car train, includes:

Lv. Chicago 9:52 a. m., ar, Crystal Lake 11:06 a. m. daily ex Sat. and Sun.

Lv. Crystal Lake 11:49 a. m. ar. Chicago 1:05 p. m. daily ex Sat and Sun.

Lv. Chicago 1:28 p. m. ar. Barrington 2:27 p. m. daily ex Sat. and Sun.

Lv. Barrington 2:50 p. m. ar Chicago 3:45 p. m. daily ex Sat. and Sun.

Lv. Chicago 8:20 p. m. ar. Crystal Lake 9:52 p. m. Saturday only.

Lv. Crystal Lake 10:00 p. m. ar. Chicago 11:15 p. m. Saturday only.

Lv. Chicago 12:15 a. m. ar. Harvard 2:30 a. m. Saturday only.

Lv. Harvard 8:00 a. m. ar. Chicago 9:40 a. m. Sunday only.

Lv. Chicago 10:00 a. m., ar. Crystal Lake 11:15 a. m. Sunday only.

Lv. Crystal Lake 11:35 a. m. ar Chicago 12:45 p. m. Sunday only.

Lv. Chicago 9:15 p. m. ar. Barrington 10:10 p. m. Sunday only.

Lv. Barrington 10:40 p. m. ar. Chicago 11:32 p. m. Sunday only.

## Stranger carries away valuable tool from hardware store

The proprietor of the Hansen hardware store, Palatine, has often read warnings in trade magazines of the operation of shoplifters, who walk off with valuable tools.

He knows that there is ground for such warnings because he is missing a sander edger, valued at $100, taken Monday by a man driving a Buick car.

The car was near a rear entrance to the store. While Mr. Hansen was in the front of the establishment waiting on a customer and the clerk was in the basement, the man helped himself.

As he was entering the driver's seat of the car, the clerk received a friendly greeting as he passed the car. A moment later the clerk discovered the tool was missing. Learning from the boss that it had not been loaned he hurried to the street, but was not in time to secure the license number of the car.

**Uranium Prospectors**

Modern-day prospectors use an electronic gadget called a Geiger counter to aid them in finding deposits of radium-active uranium.

## St. Philip's church all-parish picnic Sunday

The annual all-parish picnic of St. Philip's Episcopal church, Palatine, will be held next Sunday, June 11, in Busse Forest (Elk Grove Park), on Higgins rd. near Arlington Heights rd

The big family-style picnic gets under way at one o'clock with a repast of charcoal-grilled hamburgers, a choice of casserole dishes, salads and home-baked desserts.

Races and games for children of all ages are on the afternoon's schedule under the direction of Jack French. Also in store for the kids are plenty of iced soft drinks and ice cream cones.

To get to Busse Forest, follow Highway 53 out of Palatine or Plum Grove rd. to Higgins rd.; Higgins rd. to the entrance just west of the intersection of Arlington Heights rd. Turn right into Elk Grove south. The picnic will be held at the only shelter in the forest.

The picnic is under the direction of St. Philip's Social Committee: James Isham, Mr. and Mrs. Stewart Cushman, Mrs. David Rotroff and John French. (AP

**Ancient Shoes**

## New Kiwanis head

Delegates attending the 35th annual convention of Kiwanis International at Miami elected a prominent Canadian business leader to head the organization in the year ahead.

Officers of the Kiwanis Club of Arlington Heights were informed that Don H. Murdoch, president of the Peerless Laundry, Ltd., at Winnipeg, Manitoba, would succeed J. Hugh Jackson, Palo Alto, Calif., as president of Kiwanis International, which now embraces more than 3,100.

DON H. MURDOCH

A Kiwanian for 17 years, Murdoch is director of the Senior Board of Trade at Winnipeg, chairman of the Associated Launderers, Cleaners and Allied Trades of Manitoba, and director of the Canadian Research Institute of Launderers, Cleaners and Allied Trades.

Delegates to the Miami convention, which drew approximately 10,000 men and women from all sections of this country and Canada, also elected two vice-presidents, a treasurer, and six trustees.

## College men given chance to receive Navy commission

For men planning to start college this fall, the Naval Air Reserve offers a program which makes it possible for them to receive an officer's commission upon graduation. No special college subjects are required and membership in the Reserve program is entirely voluntary and may be terminated at any time.

Complete particulars on this program may be obtained from LCDR C. A. Rupprecht, Recruiting Officer, Glenview Naval Air Station, telephone number Glenview 1000 Extension 364.

**Football**

Canvas tarps are spread over the gridiron before the games to keep the field in good condition and protect it from weather damage.

## County board denies rezoning of tract on proposed 3-State Hwy.

The County Board Tuesday denied the petition of Anthony Cremerius, of 1553 W. Madison st., to have property located on the southeast corner of Rand rd. and Thomas st., in Wheeling township, rezoned from farming to business.

The action was taken following hearings held by the Zoning Board of Appeals. It was learned at these hearings that the intersection of Rand road and Thomas street was to be part of a proposed 200 foot wide Three-State highway and that possibly the land involved in the petition would be acquired for the right-of-way.

A major reason for denial of the petition however, was the numerous complaints of farmers in the area that such reclassification would harm property values. The nearby village of Arlington Heights did not object, however.

# Benefit game in tie but cancer benefits $130

The cancer benefit softball game between the Meat Balls and El Rando realized $130 for the cancer fund Sunday with the game ending in an 11-11 tie. The crowd attending joined in the fun of the players to aid the worthy cause at Recreation Park in Arlington Heights.

Playing for the Meat Balls were Lawrence Engelking, Dick Schaeffer, Ray Dahlstrom, Art Bentz, Dick Dieball, Bill Langhorst, Butts Peters, Frank Kamin, Bob Dieball, Herb Miller for the first team. Substitutions included Bob Harth, Wally Duenn, Ed Wolf, Frank Felker, Henry Schaefer, Leonard Thake, Boots McDougall, Carl Schwolow, Frank Schwolow, Laurel Mirs. Herman Niemeyer was manager.

**EL RANDO** roster included Mel Laseke, B. Rudolf, Eddie Bublitz, Freddie Kehe, Dick Taege, Bill Becker, Mel Garms, Wally Kehe, Roger Hertel, Irv Kehe.

Donors of refreshments included Farmer Beverage Co., Schoens Old Lager, Robert Roman Pabst, Henry Kruse Schlitz, Warner Nagel Blatz, Braumeister and Zemans of El Rando. Arlington Packing provided ham for the sandwiches.

Entertainment was donated by the Slottag trio, Phyllis Thompson, Stadell sisters and Sana Franke. Softballs were donated by George Thompson and Dunteman, while the latter also provided ice.

Umpire was Les Grant. Originators of the game were Everett Lindgren and Eddie Wolf and Art Bentz of Arlington Bowling Lanes.

**Three Forms of Wax**

Wax comes in three forms: paste, liquid and emulsion. Some paste and liquid forms require polishing after they have dried. The emulsion type dries naturally with more or less gloss and is usually not polished. It is sometimes styled "self-polishing" wax.

## Arlington license on stolen bike brings return to owner

Lance Jahnke, son of Mr. and Mrs. Paul Jahnke, 419 N. Douglas, Arlington Heights, is receiving congratulations from his young friends over the return to him of his almost new Monarch bike.

The bike was stolen Friday night when the home of his parents was entered by a burglar, who, after ransacking the place for valuables, used the bike for transportation to the end of the city bus line at Edison Park

Henry Tesch, a resident in the 6800 block of the Northwest Highway, discovered the bike in his yard. Seeing the Arlington license tag, reported his find to Arlington police who sent a car after it.

Mt. Prospect police reported that they saw a man riding a bike near midnight along Foundry road.

The Jahnkes were away from home Friday night. Upon their return at 3 a. m. Saturday morning, they found the garage door open and that a rear window of the house had been jimmied.

Missing articles included a wedding ring, solitaire diamond ring, $30 in cash, a baby's bank, pearls and other articles.

## Square dancers to hold dances in school gym

Due to the large crowds the Palatine Square Dancers have been drawing to their weekly dances, it has been arranged that beginning June 1 the dances will be held in the Consolidated school gymnasium instead of in the cafeteria.

Instructions for beginners are still being given each Thursday from 7:45 'til 8:30. Everyone is welcome. Spectators are also invited.

The next gala event planned by the group is to be given September 30.

## *Return Warren Henken to States for burial*

Remains of Cpl. Warren J. Henken, son of Mr. and Mrs. Louis Henken, Arlington Heights, who as a member of Troop A, Reconnaissance, 2nd Cavalry, was killed in action on the Moselle River at Wincheringen, Germany, 5:30 o'clock morning of February 16, 1945, and long missing, is now being returned by the Military to arrive at Black's Memorial Home June 15.

He will lie in state through Friday, June 16. Church services will be held Saturday, June 17, 2 p. m. at St. John's Evangelical Lutheran church. Burial with Military honors will be at Memory Gardens cemetery.

Warren gave his life in the service of his country when, with 17 others of his troop, was on a night reconnaissance combat mission crossing the Moselle river from Ehnen, Luxembourg to Wincheringen, Germany. At a point about two and one-quarter miles in from the shoreland, they were seen and fired upon. In the combat that followed, two of their group were seriously wounded. Warren carried one of the wounded, weighing about 200 pounds, back to the shoreline, arriving near 5 a. m. All other participants had previously been accounted for, including eight who already, under cover of darkness, had recrossed the Moselle River to Ehnen, Luxembourg.

As the two wounded men needed prompt medical attention, it was decided to get them across at once. Three men, including Warren, volunteered for this. They had hardly left the shoreline when their boat was shot up. The five remaining recrossed later under cover of fire.

Warren received his grammar and high schooling in Arlington Heights, and played both football and basketball, graduating in 1940. He attended Park Ridge Junior college, and in January, 1943, entered military service where he received training in the 2nd Calvary at Ft. Jackson, S. C. He was in England in the spring of 1944, and with invading forces under General Patton, participating in battle and in numerous reconnaissance missions.

In addition to the Purple Heart and Accolade, his awards were:

European-African-Middle Eastern Campaign Medal with four Bronze Service Stars for the battle participation in the Normandy, Northern France, Rhineland and Ardennes-Alsace Campaigns.

World War II Victory Medal.

Expert Badge with Machine Gun, Carbine, Submachine Gun and Mortar Bars.

Marksman Badge with Rifle Bar.

Good Conduct Medal.

American Campaign Medal.

## Former Scarsdale Estates residents to open gift house near Long Grove

Mr. and Mrs. A. J. Sakelson, former residents of Scarsdale Estates, Arlington Heights, recently returned from a tour through the South and decided that there is no other place they would rather live than in the Chicago northwest area.

The purpose of the southern trip was to find a location for their future home where Mrs. Sakelson could pursue her hobby. Their present home, Hickory Acres, on scenic route 53, near Long Grove, looks good to them and Mrs. Sakelson, with her husband as the silent partner, is opening the Hickory Acres Gift House this Saturday.

Mr. Sakelson is an attorney and was able to obtain for the new firm the sale of a quantity of imported goods that must be liquidated at the earliest possible moment.

Mr. and Mrs. Sakelson thought the merchandise, which includes furniture from Sweden, woolen goods from New Zealand and other specials, will serve as an introduction of their gift house. Announcement appears in the advertising section.

## Sinfonietta scheduled to appear at Arlington high school next fall

Fredrick C. Schmoyer, band director at Arlington Heights township high school, has completed arrangements with Gilbert R. Waller of the University of Illinois Sinfonietta for the appearance of the sinfonietta here next November.

The sinfonietta is a little symphony group whose membership is comprised of members of the music faculty and advanced music students of the University of Illinois.

In addition to presenting a program at the high school in the afternoon and a concert in the evening, members of the sinfonietta will conduct a clinic at the high school from three to four o'clock. At the clinic, demonstrations of skills and techniques pertaining to each instrument in the orchestra will be held. Students from neighboring high schools will be invited.

## Fairhope Farms Home Bureau

The May meeting of the Fairhope Farms Home Bureau was held May 22, at 8 p. m., at the home of Mrs. Clarence Petersen, Oakton st., with Mrs. Elmer Pflugher serving as co-hostess. The major lesson, "How to Attain Ease and Charm as an Adult," was given by the Home Adviser, Mrs. Claradehl Upham. The lesson taught the group the full meaning of ease and charm and how simple it can be attained. At this meeting two new members joined the unit, bringing the membership total to 24. The new members are Mrs. T. V. Durkin and Mrs. Jerry Williams.

The next regular meeting of the unit will be June 26, at 8 p. m., at the home of Mrs. Russell Hullison, Fairhope ave. The major lesson, "Sauces for Meats, Vegetables and Desserts," will be given by Mrs. Franz Bohnert and Mrs. Edgar Jaffe and promises to be very enlightening in the field of culinary art. For the minor lesson, there will be a group discussion on "Qualities I Admire in My Friends." Members are asked to give this subject some thought and be ready with comments.

The unit is making a tour of Olson Rug Company June 14, at 10 a. m. Members and friends will meet at the plant entrance located at 2800 N. Crawford at Diversey by 9:45 a. m.

## 'Doughnut Day' June 16

Mrs. Herman J. Carr, Rural Route No. 2, Palatine, has been appointed Arlington Heights chairman for The Salvation Army's annual Doughnut Day on June 16.

Mrs. Carr, as chairman of Arlington Heights, will be in charge of the volunteer taggers who each year assist in raising funds for the Army's many services that provide varied social benefits for the less fortunate.

Mrs. Carr urged Arlington Hts. women to volunteer a few hours of their time to sell tags on June 16. Volunteers should apply at Doughnut Day headquarters, 205 W. Wacker dr., or call Mrs. Carr at 7023-R.

## Kindergarten entertains mothers in special program

Members of the North Public school kindergarten who entertained their mothers at a special program last Thursday afternoon. The youngsters are wearing crepe paper hats that they made, and crepe paper skirts and jackets made by the mothers. Their teachers are Mrs. Valarie Buchholz, back row, extreme left, and Mrs. Kathryn Foster, back row, extreme right.

## *Northwest Surburban school of Leadership Training to offer course in fall*

The Northwest Suburban school of Leadership Training will offer courses the evenings of September 11, 18 and 25, and October 2 and 9 at the Salem Evangelical United Brethren church, 115 W. Lincoln ave., Barrington.

This school is for all officers, teachers and friends of the church school. The communities invited to attend include Arlington Heights, Palatine, Mt. Prospect, Prospect Heights, Northfield, Barrington, Hanover Township, Fox River Grove, Cary, Wauconda, Lake Zurich and Long Grove. Registration fee is three dollars.

Courses will be offered in the following departments:

Kindergarten: "Guiding Kindergarten Children in Christian Growth," Mrs. A. M. Nelson, Oak Park, instructor.

Primary: "Getting Prepared to help Primary Children become 'Practising' Christians," Helen Brown of Oak Park, instructor.

Junior: "Methods With Juniors," Miss Hazel Kennedy, Children's Editor, Church of the Brethren, Elgin, instructor.

Intermediate and high school: "Preparing Our Youth for Life," Rev. John Shafer of Villa Park, instructor.

Adults: "How to use the Bible in Teaching," Rev. Paul Starring and Rev. Glenn Gumm, instructors.

Adults: "Creative Living," Prof. Wayne K. Clymer, Evangelical Theological Seminary, Naperville, instructor.

September 25 Rev. Donald Lantz of the Department of Visual Aids of the International Council of Religious Education will lecture.

Information regarding the training course may be obtained by writing to Dore N. Ester, chairman, Barrington; William F. Kamphenkel, Arlington Heights; Glenn Gumm, Palatine; Grace Wandke, secretary, Barrington; L. R. Poeschel, Lake Zurich; Ralph Smith, Wauconda, or Milton E. Parker, Barrington.

**Birthday Party**

Bill Bradford, son of Mr. and Mrs. Richard C. Bradford, celebrated his 11th birthday May 27. Seven of his friends were invited in for 1 o'clock lunch, after which they all played games, supervised to a certain extent by Bill's dad. A little bird tells us Dad enjoyed himself as much as the boys did. Bill's guests were Tom Thackery, Tom Jacobsen, Jack Palmer, Ashley Haase, Elmer Mizuno, Jerry Klement, and Larry Schroeder. It was a regular boy's party.

**Entertaining**

Mr. and Mrs. Spalding Robb entertained Mr. and Mrs. Raymond Sandberg of Mt. Prospect at canasta Saturday evening.

The Richard Yelton family entertained Werner Schultz and son, Teddy, of Chicago, Sunday afternoon.

Mr. and Mrs. R. Thornton McClaughry were hosts to Jack Dunn and Mrs. Grace Waterbury of Chicago Saturday evening.

Mr. and Mrs. Everett Kraft and Mrs. Cavanaugh of Batavia were dinner guests of Mr. and Mrs. A. W. Bates Saturday evening.

**Returned from business trips**

L. B. Hendricks just returned from a business trip to Moscow, Idaho.

Paul Fellingham recently returned from a business trip to Chattanooga, Tenn., and Georgia.

Mrs. Paul Mulvaney is feeling much better after her recent illness.

Mrs. H. H. Sagebiel and daughter, Miss Agnes Sagebiel of Fredericksburg, Texas, mother and sister of Mrs. M. S. Malone, will be with the Malone family for two weeks. When they return home they will be accompanied by Mrs. Malone and her two children, who will spend a month with them.

Mr. and Mrs. Paul R. Ramsay entertained Mrs. Moran's sister, Mrs. A. I. Sidener and friend, Mrs. M. Rose of Ladoga, Ind., over the week end recently.

Richard and Charles Adamson of Marion, Ind., nephews of Mrs. Norman Moran, will spend a month with the family, and are looking forward to some good times with their cousins, Don and Pat Moran.

The two little sons of Mrs. Arthur Hall's sister, Mrs. Fred Werhane, "Fritzy" and Billy, spent three days last week with the Hall family. Their daddy, who had business in Chicago, and brought them along for a visit with their cousins, also came out as much as possible. The Werhanes, formerly of Park Ridge, are now residing in Lena, Ill.

**House Guests**

Mr. and Mrs. Burton H. Sheffer of Tarrytown, N. Y. (a suburb of New York City), have returned home after spending the holiday week end with their daughter and family, Mr. and Mrs. Edward Bastedo.

**Return from Fishing trip**

Robert Evans just came back from a fishing trip up north on the upper peninsula. He reported the fishing very good, but the weather extremely cold.

Dick Grigsby, son of Mr. and Mrs. M. W. Grigsby, recently attended the four day convention of the First Combined Convention of the International Brotherhood of Magicians and Society of American Magicians, held at the Hotel Sherman. Dick is a member of the International Brotherhood of Magicians.

**New Arrival**

Friends of Mr. and Mrs. Carl Meyer, who formerly lived with the Ervin T. Allisons before moving to Prospect Heights, will be pleased to learn they are the proud parents of a baby boy, Robert Carl, born May 16, weighing 8 lbs. 12 oz. Mrs. Meyer is Mr. Allison's sister.

The family of Mr. and Mrs. John Morrison gathered at the Morrison home Sunday. Guests included their son, Jack, and family, and Jack's friends, Mr. and Mrs. Dick Pappas of Chicago; the Morrison's son, Bill, and Mrs. Morrison's mother and brother, Mrs. Minnie Bierman and Al. Jack and Dick did much reminiscing of their days at Hines hospital, where they met while patients.

**P. S.**

This reporter would be happy to have all those with news items call her at 1824-W.

# Agnes Daly's pupils in dance recital Sunday

Cinderella, her fairy Godmother and Prince Charming will arrive on the "Storyland Special" at the Mt. Prospect public grade school Sunday, June 11, when Miss Agnes Daly presents her dance recital.

Barbara Brandt will dance as Cinderella, Darlene Katz as the Fairy Godmother and Alice Joan Olson will be the Charming Prince. Frances Gimmel is the Horrid Stepmother, who mistreats Cinderella along with her two noisy, sassy step-children, Juliann Hector of Wilmette and Ann Buehrer of Mt. Prospect.

Miss Daly will also present "Snow White and the Seven Dwarfs." Lynette DeSchane is the beautiful Snow White, Toni Gilmore the Haughty Queen and Frances Gimmel the proud Prince, who takes Snow White away to his beautiful castle.

Alice Olson will offer a specialty number to the Faust Ballet music.

Tickets may be purchased at the door.

Alice Olson, who will be featured dancer.

# Dinner, guests mark Lions Charter night in Wheeling

With a capacity crowd augmented by delegations from many neighboring towns the Lions Club of Wheeling held its Charter Night program Saturday, in the Union hotel, Wheeling.

President Fred Cargill called the meeting to order and introduced Rev. William McGill of the Community Presbyterian church, who gave the invocation after the singing of the national anthem. It was announced that since Floyd E. Burns, president of the Arlington Heights Lions Club, which sponsored Wheeling, could not be present, George R. Miller, a charter member, would act as toastmaster.

Lou Seider, president of the Deerfield club, introduced visiting clubs which included Arlington Heights, Deerfield, Lake Forest, Lake Zurich and Winnetka. He also read greetings from the club in Wheeling, W. Va. Mr. Miller then introduced Floyd Godfrey, deputy district governor, who presented Mr. Cargill with the Wheeling charter.

In response to the presentation, Mr. Cargill pledged the Wheeling Lions to make "Wheeling a better place to live, work and play in."

Oscar C. Kurtz of the Arlington Heights Club presented the Wheeling president with a gong and gavel, and Clarence Petersen of Deerfield presented Lions Club with a set of flags of nations in which the Lions have member clubs.

During the dinner Mr. Seider received a telephone call from Rockford where District 1F was holding a convention. He announced that he had been advised Sherman Canty of Mount Prospect had been elected governor of District 1F to succeed Bert Hoffman of Barrington.

Before the dinner tables were removed from the floor to make room for dancing, Mr. Cargill thanked Ernst Hagerstrom, second vice president, and Rolland A. LaPlante, for their work in arranging all details of the program.

# Brides-to-be

Marriage licenses issued last week by Country Clerk Richard J. Daley included:

George Carlson, Chicago, and Esther Schall, Skokie.

Rupert Boegner, Skokie, and Anna Wuerfile, Chicago.

**First Picture-Strips**

European monks, skilled as manuscript illuminators, employed the picture-strip to relate the story of Adam and Eve, and other religious themes. They, too, saw the spiritual appeal of the stained glass mosaics developed by Byzantine and Venetian artists of the 10th century, and thus created story-telling cathedral windows.

# Meeske's modern super-mart to open next week

Fred Meeske, Mt. Prospect merchant will see a dream of many years realized next week when his new super-mart will open for business Thursday.

Mr. Meeske is holding an open house Wednesday evening. "No sales at that time," says the proprietor. "It will give us an opportunity to shake hands with the public without hearing the ring of the cash register.

The entire personnel of the store will be on hand to meet the public, point out and explain the interesting features of the new store.

**A NEWS REPORTER** visiting the store Tuesday found a busy scene but here are the high spots of his pre-opening tour.

"Slim-lined" fluorescent lighting, all new shelving, cut low, makes the entire store visitble from any point.

A ventilating suction system, soft music with an acoustic ceiling a color scheme of green, brick and white makes a shopping trip to Meeske's restful and delightful. There are four checkout lanes and wide isles.

**MEAT DEPARTMENT** has 35 ft. of Hussman new modern gleaming white porcelain illuminated refrigerated display cases, which include a fish and poultry case. There are two walk-in coolers and a white sanitary cutting room. With four butchers on the job there will be little waiting at the meat counter. The more popular cuts will be ready for the customer to select.

The dairy department has 12-foot double deck refrigerated open display cases. Seventeen feet of open display freezers will make your selection of frozen foods delightfully easy.

**MEESKE'S** has always been noted for the freshness of fruits and vegetables and with new refrigerated cases there will be no guessing as to their quality.

Meeske's sausage is known for miles around and he has installed a special sausage kitchen in the basement in order that he can continue to supply the demand for that product.

**AN ESCALATOR-TYPE** conveyor, operating either down or up, facilitates the receipt of shipments and their return, when needed, to the store floor for display.

All-in-all, it is a great store. The public can see it for themselves at the open house next Wednesday evening. "Leave your shopping bags at home," says Fred. "Let's make it purely a social affair."

A special supplement in this edition carries the nice messages.

# Prospect Heights Cubs participate in Fair

Twenty-six Cubs from Prospect Heights and their parents attended the Cub Fair held in Rand Park Sunday, June 4. The Fair, which was for all of the Cubs in the Blackhawk district, was participated in by about 1500 boys.

The program planned was described in last week's Herald and the local Cubs took part in all events. This meeting took the place of the regular May pack meeting ordinarily held on the last Friday of each month.

**Swine Lung Worms**

Because there is no medical treatment for lung worms in swine, the best way to keep these parasites out of the pig crop is to raise the pigs on concrete floors or on grounds not used in recent years by older swine.

# New Neighbors .... IN THE CITY OF GOOD NEIGHBORS

**Mr. and Mrs. A. Crosh**
**616 S. Highland**

Neighbors meet the Croshes! Mr. and Mrs. Arthur Crosh and their son moved into their new home at 616 S. Highland last December. Their's is a spacious 5-room home of brick and lannon stone construction.

Originally from Berlin, Germany, these folks came to the United States in 1905 and settled on Chicago's north side. "We have lived in Chicago for many years, but when the children moved to the suburbs, we decided to move closer to them," said Mrs. Crosh.

The Croshes have three daughters: one living in Deerfield, one in Elmhurst, and the third is Mrs. C. Fox of Palatine. They keep busy visiting the children and their 13 grandchildren.

Mr. Crosh is employed with Donna Perfume company of Chicago, and Mrs. Crosh is still busy with the many tasks involved in moving into a new home. She enjoys crocheting in her spare moments.

**Mr. and Mrs. Roland M. Hopp**
**437 S. Highland avenue**

We have three more newcomers to Highland ave. They are Mr. and Mrs. Rowland Hopp and Maeve, their 9 year old daughter.

They moved to their attractive new home the middle of last December from Detroit, Mich. They are originally from Chicago, having been raised in the city. "When my husband was transferred by Montgomery Ward to the Chicago plant, we were very happy as we had been hoping that we could get back this way some day," smiled pleasant Mrs. Hopp.

Maeve is in the 4th grade at the South school, which is conveniently located across the street from their home. Her tiny kitten, "Booties," is the latest addition to the family and affords a lot of fun to all the members.

"We certainly like Arlington Heights and have already made many friends among our neighbors," continued Mrs. Hopp.

These folks have many future plans for their home. There is a garage to build, an upstairs to finish, and landscaping to be done. Mrs. Hopp plans to make a hobby of gardening when she has the time.

FOR Down Payment of ONLY $500.

—We will hand you the Keys to a New WILLYS Jeepster

# New Dodge agency opens Saturday at Palatine

The new Dodge and the Plymouth line will be introduced to the Arlington-Palatine area Saturday at the grand opening of Palatine Motors, Inc., at 42 West Chicago ave., Palatine, between noon and 7 p. m.

A rebuilt display room, garage and an auto service annex will be all decked out while the partners of the new firm and ten employees will be there to give the glad-hand with opening day favors, including free refreshments.

Palatine Motors, Inc., has not only taken over the former Schwingel-Hausmann garage, but has remodeled it into one of the most commodious and attractive automobile agencies in these parts.

All the latest facilities for rendering a complete auto service have been added and the garage is manned by mechanics known throughout this area for their automotive ability.

The company is a franchise dealer for Dodge and Plymouth passenger cars and Dodge jobrated trucks. In addition Mr. Zander, sales manager, asserts it will handle a select number of guaranteed used cars.

Want Ads In 12,000 Homes

The NoWesCo Cub Fair in Rand Park at Des Plaines was a huge success. Pack 232, Arlington Heights, as usual, was right up on top; in attendance, handicraft displays and games. In all, over 2,000 people were in attendance for this gala event. All Cubs that were registered will receive a special "Fair" badge to be worn on their Cub uniform.

Each pack from the Northwest council had an area assigned to them where the games were held and the parents met. The folks really get to meet the other Cub families at these affairs.

The boys played games all afternoon at the other pack areas as well as at their own. Many got in the ball game and others went around trading handicraft articles with Cubs from other packs. By 5:30 everyone was ready for the picnic lunch they brought along. Cases of soft drinks were on hand to quench the thirst.

The flag lowering ceremony with the preceeding grand parade led by a drum and bugle corps was an impressive sight. All Cubs present participated in this.

Now the stage was being set for the mass induction ceremony. Cubs from Den 3 put this on for the entire council. The boys did a wonderful job.

Following this the awards for Wolf, Bear, Lion and Webelo were presented by the officials. Many Cubs graduated into scouting. The windup was a real thriller. The Eagle Scouts from Elgin put on their ceremonial dance in full regalia. The woods as a background were ideal. The time, dusk, was just right to show up the Indian camp fires and the fire torch dance by the braves. This was the end of a perfect day enjoyed immensely by all.

## Stork Feathers

A daughter, Barbara Janet, was born to Mr. and Mrs. Wolfe Starke of State and Dundee rds., Wheeling Township, May 31, at the West Suburban hospital, Oak Park.

Mr. and Mrs. Arthur E. Zander of 1311 Oakton, Arlington Heights, announce the birth of their daughter, Diane Beth, born June 3 at St. Joseph's hospital in Elgin. Diane weighed eight pounds at birth.

Mr. and Mrs. Don Vogel of 701 S. Highland, Arlington Hts., are the parents of a baby girl, Gail Ann, born May 24, at St. Joseph's hospital in Elgin, weighing 6 pounds 6 ounces. The baby's grandparents are Mr. and Mrs. Julius Vogel of Arlington Heights and Mr. and Mrs. E. Rosenow of Chicago. Mr. and Mrs. A. Jacobsen of Roselle are maternal great grandparents, and Mrs. Emma Vogel of Arlington Heights is paternal great grandmother.

A boy, Jack Randall Nawrot, was born to Mr. and Mrs. LeRoy Nawrot of 216 N. Hickory, Arlington Heights, May 28 at the Northwestern hospital, Des Plaines, weighing 6 pounds 13 ounces. The baby has a brother, Thomas, two years old, and a sister, Lyla Mae, one year. Jack's grandparents are Mr. and Mrs. Kurt Stoeckel of Arlington Heights and John Nawrot of Palatine.

Mr. and Mrs. Herman Philippe Jr. of Palatine announce the birth of their son, William born at St. Joseph's hospital Elgin, June 4. The baby weighed 8 pounds 10 ounces. The mother is the former Margie Wangen of Arlington Heights.

## St. John's Friendly circle to hold smorgasbord June 28

A smorgasbord supper will be given by the Friendly Circle of St. John's Evangelical and Reformed church, Arlington Heights, June 28, at the church, from 5 to 7 p. m.

Donation is one dollar for adults and 60 cents for children up to 12 years. Tickets may be secured from Mrs. Anna Adam, ticket chairman, 1442-J, or from any member of the circle.

## *Phyllis Ann Nelson weds D. E. Hickling*

Miss Phyllis Ann Nelson, daughter of Mrs. J. Edwin Nelson of 402 N. Douglas, Arlington Heights, became the bride of Darius Earl Hickling, son of Mrs. Lloyd Hickling of Waukegan, May 20.

Rev. Dore N. Ester officiated at the 4 o'clock ceremony which took place at the bride's home.

The bride wore an ice blue slipper satin gown with a bandeau of satin and a shoulder-length veil. She carried a bouquet of white orchids and stephanotis on a prayerbook, and was given in marriage by her uncle, Alfred B. Roloff.

Miss Beverly Freytag of Arlington Heights was the maid of honor and Martin Frischmann of Des Plaines was the best man.

A dinner was held at the Rendevous Restaurant in Bloomingdale for the members of the wedding party and the families.

After a wedding trip to Lake Geneva, Wis., the newlyweds will make their home in Waukegan.

## Mr. and Mrs. William Reese celebrate 40th anniversary

Community Camera

Mr. and Mrs. William Reese of 15 S. Belmont, Arlington Heights, observed their 40th anniversary May 26 and celebrated the event at a party May 28 at St. Peter Lutheran school hall.

Dinner was served to 65 guests, and Wally Hahnfeld played old-time melodies on a concertina during the dinner hour. Rev. L .V. Stephan was toastmaster. After dinner the guests played cards.

The Reeses were married May 26, 1910, at St. Peter Lutheran church in Arlington Heights, and a reception was held at the Kehe farm in Sherwood. Four of the attendants at their wedding were present at the anniversary party: Mr. and Mrs. William Kastning of Arlington Heights, Henry Reese of Sharon, Wis., and Arthur Koeritz of Northrup, Minn.

Another attendant, Mrs. Paul Steir of Portland, Oregon, sister of Mrs. Reese, was unable to attend, but sent roses from Portland in honor of the event. Mrs. Frank Schumacher of Itasca was another attendant who was unable to attend.

The Reese's two children, Mrs. Erna Finke and Mrs. Lydia Kolze, presented them with 40 roses. Mr. Reese has operated a hardware store in Arlington Heights the past 25 years. He likes to fish, and both Mr. and Mrs. Reese enjoy traveling. Mrs. Reese's hobby is quilting.

The Reeses' card club gave a surprise party for them June 2.

## North Cook rural youth to hold lawn party June 15

The North Cook rural youth will hold their annual lawn party June 15 at the Boesche home on Lawrence ave., the third home west of Route 83.

An evening of games and folk dancing will be followed by a weinie roast. All rural young people 17 years of age or over are invited to attend.

(A6

## Arlington Heights Home Bureau to meet June 12

The Arlington Heights Home Bureau meeting will be held June 12 at 8 p. m. at the home of Mrs. S. Csanadi, 518 W. Campbell.

The major project will be "Sauces for Meats, Vegetbles and Desserts," and the minor project will be a "Get Acquainted Hour."

## Nurse's club to hold meeting June 16

The Nurse's club of Arlington Heights will hold their regular monthly meeting June 16 at the home of Mrs. F. R. Schwanke, 415 E. Rockwell st., at 8 p. m. Announcement of the program will be in next week's paper.

There will be no more quilting bees until further notice.

## Engagement announced

Mr. and Mrs. Selmer Peterson of Chicago have announced the engagement of their daughter, Lois, to Marvin Neitzke, son of Mr. and Mrs. George Neitzke of Mt. Prospect.

September 2 is the date set for the wedding.

## Arlington Knoll club to meet

The Arlington Knoll Community club will hold a special meeting at the Wilson school June 13 at 8 p. m. It is urgently requested that all members attend.

**Shipping Vegetables**

Vacuum cooling offers an extremely promising method for conditioning certain vegetables for shipment, recent tests by plant scientists of the U.S. department of agriculture show.

ANS

**SIGHTS SUCH AS THIS add tremendously to Miami, Florida beaches. This one is glamour queen Jean Tyler, who entertained tourists this past season at Miami Beach's Colonial Inn. At one time she was one of Billy Rose's "long stemmed roses." Jean loves the golden Miami Beach tan but refuses to be caught red-handed (or nosed) and is never seen without her bottle (of Tartan suntan lotion, that is).**

## Girl Scout News

Buses for Girl Scout Day Camp will leave Arlington Hts. at the following times:

A bus will leave the South end of town from Tackett's Real estate office at 9 a. m., and one will leave at the same hour from the North school for girls from the north side of town.

On their return trip the girls will leave Camp Pine at 3:30 and the buses will return them to their point of departure.

All girls are requested to bring a nose-bag lunch for the first day only.

**Want Ads For Bargains**

## OES holds Worthy Matron's and Worthy Patron's night

One of the outstanding guest nights of the year took place in Arlington Heights Chapter No. 992 OES May 25. Worthy Matrons and Worthy Patrons of neighboring chapters were guest officers for the evening. Dorothy and Howard Voss, presiding officers of the local chapter, extended a welcome to all.

The guest matron and patron, Adelaide and Arnold Thieman of Palatine chapter, had an enthusiastic following from their own chapter who added cheer to their welcome.

Other officers were as follows:

Mildred Frey, Ben Franklin, associate matron; Edmund Frey, Ben Franklin, associate patron; Howard Aylesworth, Evanston, secretary; Marion Aylesworth, Evanston, treasurer; Pearl Nordquist, Norwood, conductress; Alvia Frances, Noble Queen, associate conductress; Loretta Kring, Arlington Heights, chaplain; Vivian Adams, Wilmette, marshal; Ellen Schoppe, Palatine, organist.

Gertrude Milligan, P. M., Arlington Heights, Adah; Alva Beckman, Park Ridge, Ruth; Addie Wehinger, Providence, Esther; Mina Smith, Edison Park, Martha; Vera Ryner, Lounsbury, Electa; Myrtle Frey, G. L., Arlington Heights, warder; William Milligan, Arlington Heights, sentinel, and Frank Jaeger, Wilmette, color bearer.

The worthy matron of Des Plaines chapter was escorted and introduced as the guest of honor for the evening. All the guest officers in the East were presented with flowers and a greeting was extended by Geraldine Smith, a past matron of Palatine chapter, who served as soloist.

Honor was again brought to Arlington Heights chapter with the recent appointment of the worthy matron, Dorothy Voss, on the obituary committee of the Grand Chapter, by Matilda C. World, the worthy grand matron of the State of Illinois.

This event was well attended, and many neighboring chapters were represented and several visitors escorted and introduced.

Plans are in process for a social evening of dancing June 10.

A beautiful arrangement of baskets of tulips and lilacs were part of the decorations in the chapter and dining room. Flowers were donated by members and friends. A tiny May basket was on the table for each guest and all the tables had lazy place mats. The decorations were in charge of Gertrude Schroeder and the refreshments, Maybelle C. Jasper and their committees. Homemade cake and ice cream was served. The flowers used for decorating were sent to shut-in members.

## Hard times dance at field house Saturday

A Hard Times Dance will be held June 10 at the Arlington Heights field house, at 9 p. m. There will be square dances and new dances.

Music will be furnished by "Homer's Melody Makers," and there will be special attractions.

Proceeds from this dance will go to the Eastern Star local chapter No. 992.

**Mailing Coins**

When sending coins through the mails, fasten them to a card with strips of transparent cellophane tape before inserting in envelope.

## FAVORITES For FLAVOR

by MARILYN McLENNAN

Warm summer days ahead—let's cool them off with lots of iced tea, crisp salads and refreshing frozen desserts.

Gelatin salads take the limelight today. We have two favorites of Mrs. Nelson Lowry of 120 N. Forest, Palanois Park.

Found this busy homemaker mixing a chocolate cake and preparing a frozen sherbet as we popped into her kitchen last Friday morning.

Orange, Lime, Pineapple salad, her first suggestion, is a rich mixture of pineapple, cream cheese, marshmallows and whipped cream attractively prepared in colorful layers of orange and lime jello. Topped with a dab of whipped cream and nestled in a crisp lettuce leaf, this summer salad will be a popular number on your menus.

"I have no idea where this salad originated," replied Betty Lowry, "a cousin gave it to my mother years ago."

"And here's another favorite, Pemberton Salad," she continued. "It was a popular salad served frequently in Pemberton Hall, the dormitory in which I lived at Eastern Illinois State Teachers college. I liked it very much and asked the cook for the recipe."

Pemberton Salad is a combination of crushed pineapple, grated American cheese, and whipped cream in a plain gelatin base.

**Orange Lime Pineapple Salad**

1 pkg. orange jello
1 pkg. lime jello
½ lb. marshmallows
1 No. 2 can crushed pineapple
2 (3-oz.) pkg. Philadelphia cream cheese
1 cup salad dressing
1 cup whipping cream

Prepare 1 package orange jello. Set aside to cool. Prepare 1 package lime jello mixed with only 1 cup of hot water. While jello is still hot add ½ pound marshmallows cut up and 1 No. 2 can crushed pineapple. Set aside to cool.

Mix 2 packages of cream cheese and 1 cup salad dressing. Fold this mixture into cool lime jello. Add whipped cream and pour into large pyrex dish. Chill in refrigerator. When lime jello is set and orange jello is beginning to congeal pour it over lime jello and let it set. Serve in squares on a crisp lettuce leaf garnished with a dab of whipped cream.

Yield: 8-10 large servings.

**Pemberton Salad**

2 cups crushed pineapple
1 cup sugar
½ cup cold water
1 cup grated American cheese
Juice of 1 lemon
1 cup whipping cream
2 tablespoons gelatin

Heat pineapple and while hot add lemon juice and sugar. Then soak gelatin in cold water for 5 minutes until thoroughly dissolved. Add gelatin to hot mixture and mix thoroughly. When gelatin begins to set add grated cheese and whipped cream. Mix well, pour into flat pan or individual molds, and let it set.

Yield: 10 to 12 servings.

## *Miss Jean McBride and Allen Schwab take vows*

The Austin Methodist church in Chicago was the scene of the recent wedding of Miss Jean Elise McBride, daughter of Mr. and Mrs. Morris M. McBride of Route 1, Arlington Heights, to Allen W. Schwab, son of Mr. and Mrs. Walter K. Schwab of Chicago.

Rev. J. B. Martin officiated at the 2 o'clock ceremony which took place May 27. Mrs. Kathren Bennet was the organist, and Miss Charlotte Grantman sang "Because" and "The Lord's Prayer."

The bride's gown was fashioned of satin and lace. A headpice of orange blossoms held her nylon net veil in place. She carried a bouquet of white roses, gladioli and sweet peas.

The matron of honor, Mrs. John Tarpinian of Round Lake, sister of the bride, wore a pale green faille gown. Her headpiece and bouquet were of yellow roses.

The bridesmaids were Miss Claire Brusenbach and Miss Claire Schwab, both of Chicago. They wore pale pink faille gowns, with headpieces and bouquets of deep pink roses.

Best man for the groom was Melvin McLuckie of Chicago, and the ushers were William Bliesner of Chicago and Willard Koch of Dundee.

A buffet luncheon was held for 120 guests at the Sky Club, Elmwood Park, following the wedding. Saturday evening, before the young couple left on their wedding trip, supper was served to relatives and friends at the home of Mr. and Mrs. Frank Kirschnich, Route 1, Arlington Heights.

After a motor trip through the East and Canada, the newlyweds will make their home in Chicago July 1.

## Young adults of St. John's church to hold square dance

The Young Adults of St. John's Evangelical and Reformed church, Arlington Heights, invites everyone to a square dance to be held at the South school June 16 at 8:15 p. m.

The donation is 75 cents. Those wishing to attend may secure tickets from any member of the Young Adults group. There will be no tickets sold at the door.

## To celebrate 25th wedding at open house June 17

Mr. and Mrs. Elmer W. Crane of 626 N. Belmont, Arlington Heights, invite all their friends and relatives to attend an open house at their home June 17 from 3 to 5 p. m. and 7 to 10 p. m.

The occasion is Mr. and Mrs. Crane's 25th wedding anniversary.

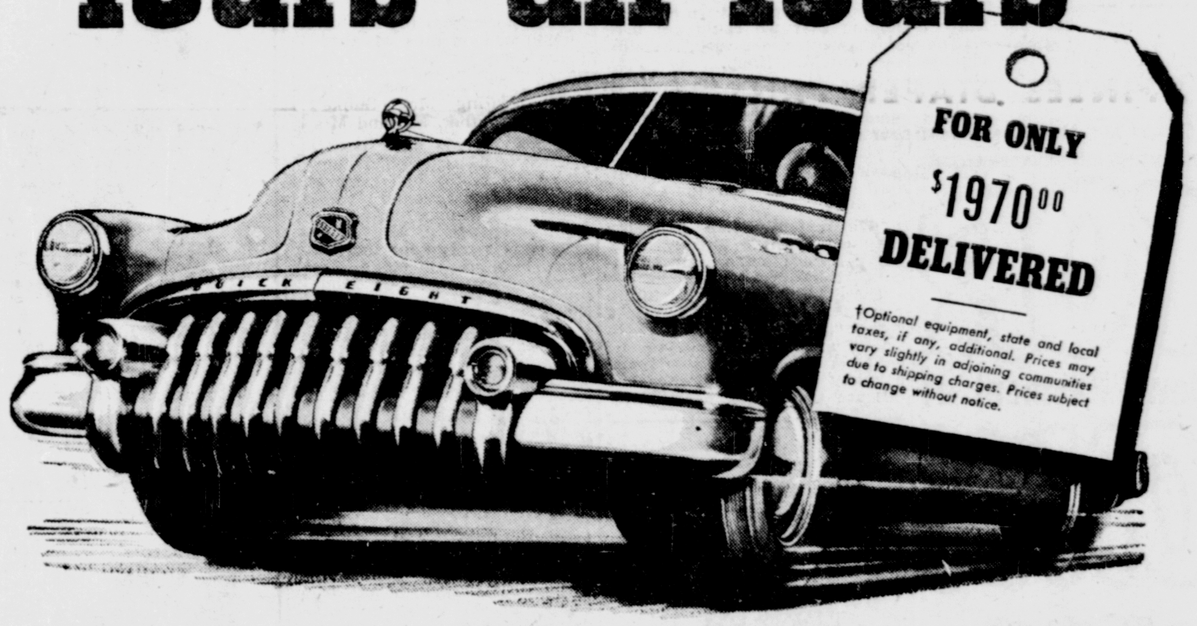
Yours - all Yours -



HERE'S where you come into your own.

For this roomy six-passenger Sedanet is the lowest-priced family-model Buick and the easiest to buy.

But it has all the basic qualities that make every Buick a standout.

Unmistakable smartness, for instance, in its tapering fenders and money-saving Multi-Guard forefront.

A bonnet full of Fireball straight-eight power that spells thrills with real thrift.

Matchless Buick ride compounded of coil springs on all four wheels, ride-steadying torque-tube, low-pressure tires and Safety-Ride rims.

You can even have Dynaflow Drive* if you like—the first non-shifting transmission in which oil does it all.

But here's the point:

It doesn't cost a cent—doesn't obligate you in any way—to check all this—to try this Buick out. All you have to do is ask—and your Buick dealer will sit you behind the wheel—let you put this traveler through its paces—show you precisely how little it will cost you to step *up* to a Buick.

You'll never know what you are missing until you try a Buick. Come in, won't you—right away?

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Only Buick has Dynaflow and with it goes: HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

**Visit sons at Annapolis**

Mr. and Mrs. Harry K. Robinson returned last Sunday from a ten-day trip in the East. Most of the time was spent in Annapolis, Md., visiting their sons during June week at the U. S. Naval Academy. Their oldest son, Jim, was graduated June 2 and was one of 50 chosen to stay at the Academy during the summer to help indoctrinate the new plebe class. Bill was assigned to the Big Mo for cruise duty and will spend the next six weeks in the Atlantic. The cruise ports he will visit are Boston, New York, Port au Prince and Norfolk. Bill will be home in July and Jim will be home in October.

**Home from college**

Lorraine Mensching, Lloyd Meyer, Ken Busse and Kathy Shanklin have returned home

Mr. and Mrs. Charles Utt went to Lafayette, Ind., last week end to attend the Sigma Alpha Epsilon fraternity dance at Purdue University. They were the guests of Mr. and Mrs. Howard Brown, former classmates of theirs.

Miss Dorothy Noyes was home from Ann Arbor over Memorial Day.

**Birthday celebrations**

Mrs. Otto Bolte entertained her birthday club Saturday and again celebrated her birthday Sunday with her family. Among those present were Mrs. Bolte's brother and his wife, Mr. and Mrs. G. H. Niemeyer of New York City and Connecticut.

Carol Edelblute celebrated her 12th birthday Tuesday and had 22 of her 6th grade classmates as her guests at a supper party.

**Went visiting**

Mr. and Mrs. E. P. Jannusch and Mrs. Dorothea Schroeder visited Mr. and Mrs. Edward Guettler of McHenry and Mr. and Mrs. Elmer Rudolph of Channel Lake Saturday.

Mr. and Mrs. William Grismer Jr. and family will visit Mrs. Gismer's brother and family, Mr. and Mrs. E. M. Loebs, in Springfield this week end.

Mrs. Dorothea Schroeder is visiting her daughter and son-in-law, Mr. and Mrs. Walter Consoer, in Chicago for a few days.

Members of the Dorcas Aid of St. Peter church and other ladies of the church visited the Schulze and Burch Baking Co. in Chicago Monday. They saw crackers, cookies and bread being made and tasted samples of the products. They report a very enjoyable day was had by all.

from Carthage college.

John Fellingham will be home from Dartmouth College today (Thursday.)

**Honored guest**

Mr. and Mrs. C. H. Mills left Tuesday for Rensselaer, Ind. Mrs. Mills will be the honored guest at the silver anniversary tea of the Diana Evans Society of the Children of the American Revolution of which she was organizing president. The Children's organization is sponsored by the DAR. The Society was named in honor of Mrs. Mills' maternal grandmother, who was a daughter of a Revolutionary soldier. The tea will be held at the home of Mrs. Raymond Paulus, state director.

**To entertain**

Mr. and Mrs. Ted E. Bjork will hold a picnic at their home Sunday for Mr. Bjork's Pi Kappa Alpha fraternity brothers and their guests.

Mr. and Mrs. R. M. Firnbach entertained relatives at a dinner Saturday at Wenzlaff's in Wheeling in honor of their son, James, who was graduated Sunday from St. Mel's high school in Chicago.

Mrs. Gladys Leicht served as guest officer Monday evening on Friend's Night at the Edison Park chapter OES filling the station of Ruth.

**Visited here**

Mr. and Mrs. Ernest Tonne of Berkley, Mich., spent a few days last week visiting Mr. Tonne's sisters, Betty Tonne and Mrs. E. H. Engles. They also visited Mr. Tonne's mother, Mrs. Louise Tonne, at Lake Zurich.

Mr. and Mrs. Donald J. Westlake of Vista Lane were pleased to have Mrs. Westlake's parents, Mr. and Mrs. Lars Rasmussen, and her brother, Elmer Rasmussen and family, at their home for a short visit. Mrs. Westlake's family is from Decorah, Iowa. They had a pleasant trip and enjoyed themselves while here. Among the events planned for them was a family supper at the Westlake's home. Mrs. Westlake's three sisters from Chicago and their families attended the supper. Mr. and Mrs. Westlake's only regret was that the visit was too brief.

Mr. and Mrs. E. H. Ingles visited Mr. Ingles' folks, Mr. and Mrs. Edgar Andrews of Mulberry Grove, Ill., over the week end.

May 27 Mr. and Mrs. Louis Pedersen entertained 15 guests at a dinner party in honor of their sister-in-law and nephew's birthday.

**To take trip**

Mr. and Mrs. Walter Edelblute and three children will leave Friday for a two-week's trip to Idaho where they will visit Mr. Edelblute's parents in Rathdrum and Mrs. Edelblute's mother and relatives in Moscow, Idaho. Enroute home they will visit Yellowstone Park.

Mrs. Bertha Hildebrandt had the cast on her left leg removed last Friday at St. Joseph's hospital in Elgin. She broke her ankle in two places three months ago and is slowly improving.

**To move**

Mr. and Mrs. George Gordon of 728 N. Dunton will leave Monday to make their home in a suburb of Minneapolis. Mr. Gordon has been transferred to Minneapolis by the Westinghouse Company.

Mr. and Mrs. Elmer F. Laurin moved Saturday from their home at 430 S. Evergreen to 700 S. Beverly Lane. The new residents of the Laurin's former home are Mr. and Mrs. W. Kilberry and three children.

**Return from trip**

Mr. and Mrs. Daniel Helt of 702 N. Dunton just returned from a 4,000 mile trip. Their first stop was at the home of their son, Franklin, of Kensington, Md. After spending a week there went to Elizabeth, N. J., and New York City, then on to New Haven, Conn., where they attended a banquet at the "Castle" in honor of the retired signalmen of the B. R. S. of A. and the N. Y. N. H. & H. R. R. Daniel Helt, grand president emeritus of the B. R. S. of A., was director of the ceremonies.

The next morning the Helts continued on their trip to Hyde Park, N. Y., where they visited the home and shrine of our late president, Franklin Delano Roosevelt. From there they went on to their old home town, Shamokin, Pa., where they visited relatives and friends. Mr. and Mrs. Helt returned home June 2.

**Guests**

Week end guest at the home of Mr. and Mrs. Robert Lonze were Mr. and Mrs. Stanley Sherry of Sturges, Mich.

Mr. and Mrs. Philip Machut had a pleasant surprise Decoration Day when Mr. and Mrs. John Prelozni and their son and his fiancee came from Waukashaw, Wis.

**Help twins celebrate**

Mr. and Mrs. William Kopplin Sr. of Chicago spent the week end in Arlington Heights to help their twin grandsons celebrate their fourth birthday which was Saturday.

Mr. and Mrs. Eugene Stoike and son, Anthony, spent last Sunday visiting Mrs. Stoike's mother and father, Mr. and Mrs. John Haemker of Hebron, Ill.

Mrs. Louis Pedersen and son, Alfred, drove to Alagon, Mich., last week end to pick up Mrs. Alfred Pedersen and family where they spent a week's vacation visiting Mrs. Alfred Pedersen's grandparents farm.

## Kiwanis club to hear convention report, travelogue, at meeting

The convention report of the 1950 Kiwanis International convention held at Miami, plus a travelogue with pictures by Lawrence J. Dahlgren and Dan Schueren, will be presented at the meeting of the Arlington Heights Kiwanis club today (Thursday.) The meeting will be held at Simson's Restaurant at 6:15 p. m.

An outstanding talk, "Victims or Victors," was given by Paul G. Schwengels, executive secretary of the Arlington Heights Chamber of Commerce at last week's meeting.

All members of the Kiwanis club interested in traveling to Brookfield Zoo June 29 for the purpose of taking underprivileged children to the zoo for a day's outing should contact Dr. Robert Muench by June 9.

## Bridal shower at Bloomingdale recently

A surprise bridal shower was given by Mrs. Irene Mensching of Des Plaines last Friday evening at the Steinbeck home in Bloomingdale in honor of Mrs. Willis Whitney, who was Carol Steinbeck before her recent marriage.

The bride was showered with many beautiful and useful gifts. The evening was spent playing games after which refreshments were served. Out of town guests came from Bensenville, Roselle, Arlington Heights, Crystal Lake, and Chicago.

## Vacation Bible school at Presbyterian church

The Vacation Bible school at the Presbyterian church, Arlington Heights, with a competent staff of teachers, will be held for two weeks beginning June 12 through June 23. This school is open to any child of the community who desires to come. A daily offering will be received.

There will be two departments: the kindergarten department for children four and five years of age, and the primary department for children who this spring have completed the first, second and third grades in the public school.

The theme for the kindergarten department will be, "I Learn About Jesus," which will take in the complete life of Christ. The morning will be divided into periods starting with a worship service, hand work, construction projects, work book games, etc.

The primary department has chosen as its theme, "All About The Bible." The department will be divided into five periods of thirty minutes each consisiting of worship, story time, various activities, games and hand work.

The Bible school will start at 9 o'clock and end at 11:30 each day, Monday through Friday.

## Romantic Organdy

**You'll find nothing under the moon sweeter or more feminine than these dotted organdy separates. Nelly de Grab has topped the blouse with a small, roll collar, studded it with crystal buttons, and double-fluffed the sleeves. A black velvet sash accents the waistline where blouse tucks into skirt. Selected by the fashion editors of Cosmopolitan as ideal for summer weekends, the blouse, at $6, and skirt, at $11, are available with either red or green dots in crisp, Ameritex organdy.**

## Engaged

Mr. and Mrs. Barton T. Meays of Palatine announce the engagement of their daughter, Miss Joan Barbara Meays, to Harold W. Luce, son of Mr. and Mrs. Harold W. Luce of Oak Park.

Miss Meays was a student in the school of Home Economics in the teaching option at Purdue university. She was affiliated with Alpha Delta Pi and also active in Women's Athletic association, Harlequin show of 1949, and a member of the Green Guard Honorary.

Mr. Luce graduated from the school of Electrical Engineering at Purdue university. He is now employed by Public Service of Northern Illinois and also active in the Air Corps Reserve at O'Hare Field. Mr. Luce was a member of Acacia and active in Eta Kappa Nu, and Scabbard and Blade.

## Long-time Heights residents to make their home in Texas

Mr. and Mrs. Charles McElhose of 302 W. Euclid ave., Arlington Heights, will leave Monday by plane for Houston, Texas, where they will make their home with their daughter and family, Mr. and Mrs. Karl Militzer.

Mr. and Mrs. McElhose have lived in Arlington Heights almost all of their lives. Mr. McElhose was one of the custodians at the high school. He retired last winter because of ill health.

Several farewell parties have been given for Mrs. McElhose. She was honored with parties by the Corephilia Society, Methodist WSCS, the Home Bureau and the Happy Hour club.

The McElhoses will be greatly missed by their many friends in Arlington Heights.

## Junior Woman's club to hold summer formal June 23

June 23 has been designated as the night of the Arlington Heights Junior Woman's club summer formal. The dance will be held at the Mt. Prospect Country club, June 23 at 9 p. m.

The theme for the dance is "Summer Night's Dream," and will again feature Howie Wendt and his Orchestra, so well remembered from the Holiday formal sponsored by the Juniors. Tickets will be 3 dollars per couple, and dress will be optional.

The decorating committee is hard at work on their surprise decorations. Tickets may be purchased from any club member, at the door, or by calling Mrs. E. W. Crofoot, 1957-J.

(ACM

## Make plans for annual antique and hobby show

The first meeting of the committee for the annual Antique and Hobby Show to be held at the Methodist Meeting House, Arlington Heights, September 12, 13 and 14, was held in the church parlor June 1, at 1:30 p. m.

This year's show promises to be as outstanding as in past years as available space has already been selected by hobby dealers for their display of valuable and interesting items for hobby enthusiasts.

Among the special features this year will be a "children's hobby corner" and camera club exhibit for "photo" fans. Plans are already being made for the old fashioned doctors' and dentists' offices, a replica of which will be on the stage of the gym where the hobbies will be exhibited.

Anyone in the community having an interesting hobby which they would like to include in the display may contact Mrs. Stadelman, 271-M, or Mrs. Marsh, 2130-M. The committee has already made contacts for new and different hobbies of interest to all. Donation as in the past will be 50c for the three days so that people may begin now to plan for friends and guests to have lunch or dinner and spend an evening or afternoon at this unusual and unique annual showing of antiques and hobbies.

The following committee will be working for the next few weeks getting everything lined up for an outstanding event on September 12, 13, and 14.

Chairman, Mrs. Charles Deigl, 122 S. Evergreen st.; co-chairman, Mrs. Mark Creviston, 103 N. State rd.; dealers, Mrs. Eugene Heller, 837 N. Pine; table setting, Mrs. John Hookom, 1411 Oakton; quilts, Mrs. C. M. Crane, 310 N. Pine; hobbies, Mrs. Charles Stadelman, 503 N. Belmont; kitchen, Mrs. Francis Sweet, 938 N. Highland.

Dining room, Mrs. Erwin Rahn, 621 N. Chestnut; tea, Mrs. Albert Haakinson, 408 Bristol Lane; properties, Mrs. Marvin Prellberg, 114 S. Pine; flowers, Mrs. Donald Frisk, 511 S. Belmont; publicity, Mrs. Charles Kule, 410 N. Dryden Place; advertising, Mrs. Milton Daniels, 723 N. Dunton, and tickets, Miss Lydia Hausam, 636 N. Dunton.

Table settings and quilts will be on display at St. John's Evangelical and Reformed church, where tea will be served from 2:30 to 4 p. m. each day with sandwiches, cookies and cake.

Tasty luncheons and delectable dinners will be served at the Methodist Meeting House each day of the show.

**Chautauqua, N.Y.**

The town of Chautauqua, New York was named by North Carolina Tuscarora Indians who joined the Five Iroquois Indian nations in the 18th century. They brought the name from their village on the Neuse river which they called "Chattawka," meaning "where the fish are taken out."

## CIRCLING THE TOWN

BY PHYLLIS KNIGHT

That magic word, "commencement" is in the air this week, with all the young graduates — from kindergarten up — filled with excitement. In the short space of five days 361 boys and girls will have received their diplomas.

Preceding the older students by a couple of weeks, the kindergarten class of St. Peter Lutheran school held its graduation ceremonies complete with caps and gowns for the tots who will enter first grade there this coming fall.

The public elementary schools of Arlington Heights graduated their largest class last night, with 99 boys and girls going on to high school. To accommodate the large group of parents, other relatives and well-wishers the ceremonies were held at the local high school auditorium.

A Northwestern university man, Harold G. Shane, appropriately a professor of education there, delivered last night's address, with the rest of the program, a musical one, being provided by students of the North and South schools. School Board president, N. M. Lattof, presented the diplomas.

**High school doings**

Commencement festivities at Arlington Heights Township high school began last Sunday evening with baccalaureate services, with two ministers of the high school district participating. Rev. Edwin I. Stevens of the South church, Mt. Prospect, was the principal speaker, and Rev. William O. McGill of the Wheeling Presbyterian church gave the invocation and benediction. Both Wheeling and Mt. Prospect are part of the local high school district which also includes Prospect Heights and several rural areas besides Arlington.

In keeping with a tradition of recent years, four graduating students at the high school have been selected to speak at the exercises tonight on the athletic field. These four outstanding graduates are Patti Boyles, Bonnie Peterson, Roger Kennedy and Dick Spratt.

The rest of the program will also be by the students, members of the band and mixed chorus. E. F. Laurin, as president of the board, will give the members of the class their diplomas. This class has been outstanding in many ways, especially for the number of college scholarships its members have won. The diversity of the awards is great, from Swarthmore in Pennsylvania, to Knox college, from Northwestern to Eastman school of Music at Rochester.

**Others, too**

The two parochial schools in Arlington Heights will also have commencement exercises this week in keeping with their own customs.

The 27 members of the eighth grade class at St. Peter Lutheran school will receive their diplomas at ceremonies Friday evening at South school.

A special 9:30 a.m. high mass will be sung for the graduates of St. James Catholic school next Sunday at the church. Father George Stier, pastor of the parish, will address the group, and they will have breakfast together at the church hall afterwards.

By Monday graduation of 1950 will be just a memory, an especially vivid one for the graduates, a hope of the future for the younger boys and girls, and something to bring back nostalgic thoughts to the older people.

**People are talking about . . .**

The Chamber of Commerce Home festival coming up next week end. With exhibits, programs and other attractions to recommend it, this event should have no trouble attracting large crowds.

## Club Calendar

**June**

8—Kiwanis club meeting at Simson's, 6:15 p.m.
8—Stated OES meeting. Birthday escort for members.
10—Cotillion club formal dance at Mt. Prospect Country club, 9:30 to 1:30.
10—Hard Times Party at field house at 9 a.m. with proceeds going to OES. Open to public.
12—Corephilia Society meets at home of Henrietta Klehm, 6:30 p.m., pot luck supper.
16—Nurse's club meeting at home of Mrs. F. R. Schwanke, 415 E. Rockwell, 8 p.m.
16-18—Chamber of Commerce Home Show at high school.
17—Bake sale at Arlington Appliance and Electric Co., 11 W. Davis, sponsored by Marcellus club of St. James Catholic church.
22—Stated "33 Club night."
23—Junior Woman's club summer formal, Mt. Prospect Country club, 9 p.m.
24—Bake sale at Faith church sponsored by Ladies Society, 2 p.m.
28—Smorgasbord supper given by Friendly Circle of St. John's Evangelical and Reformed church, 5-7 p.m., at church.

**Douglas Fir**

Douglas fir spreads over 70 per cent of the Northwest coast and accounts for one-fourth of the standing saw timber in the United States.

## Corephilia Society to hold meeting June 12

The Corephilia Society of Arlington Heights will meet at the home of Henrietta Klehm June 12 at 6:30 p. m. for a potluck supper. Members should bring their own table service and a dish.

The Corephilia Society held a regular meeting June 5 at the home of the president, Mrs. Bertha Scott, 202 W. Euclid. Nineteen members and one visitor were present. Devotions were lead by Miss Elvira Nofs of Mt. Prospect.

Mrs. Nora Elliott, treasurer, reported the quota paid in full to the missionary, Miss Ruth Northcott in Portuguese, East Africa.

A farewell gift was presented to Mrs. Charles McElhose, who is moving to Texas soon.

## St. Peter church to conduct matin services at 8 a. m.

St. Peter Ev. Lutheran church, Arlington Heights, will conduct matin services every Sunday during the summer months at 8 a. m. These services will begin next Sunday, June 11, the pastor, Luther V. Stephan, has announced.

Those who plan an outing or visit in a distant locality on Sundays will use this opportunity to worship in the House of God before leaving. The service will last about 50 minutes. The regular services will continue at the customary hours, 9:15 and 10:45 a. m.

# Petition court for Palatine drainage district

Attorney Eugene Kelly filed this week a petition in the court of County Judge Edmund K. Jarecki for the formation of Palatine Drainage Dist. No. 1.

The area included in the proposed district lies principally between the old and new Northwest Highway, west and east of Smith st., east of the former P. L. Z. & W. right-of-way.

**CONSIDERABLE** part of the proposed district is lowland, which the owners expect to reclaim for farm or development purposes.

It is not expected that any open ditches will be constructed. Tile of various sizes will be used to drain the land. Connection will be made to the east branch of Salt Creek, north of the village limits, at either the Herman Reese or Nason farm, depending upon the judgment of the engineers.

Louis Freise, who is one of the organizers of the district points out that the improvement will not be excessive in cost, but will be of immense value to the land owners.

**FOLLOWING** the granting of the petition, three men will be appointed commissioners who will hold hearings and if there appears to be a general demand for the project, engage an engineer to prepare plans and estimates of cost.

# Techny Mission House observes 50th anniversary

The familiar twin towers of Techny Mission House looked down on an impressive gathering last Thursday, May 25. More than two hundred dignitaries of the Catholic church including the Cardinal Archbishop of Chicago were assembled to celebrate the fiftieth anniversary of the Mission House. Founded in 1900 by members of the Society of the Divine Word, an international Missionary Organization, its Golden Jubilee this year coincides with the seventy-fifth year of the Society's formation.

**HIGHLIGHT OF** the recent celebration was a Pontifical High Mass sung by Cardinal Stritch. During the two-hour ceremony the Most Rev. A. Meyer, D. D., Bishop of Superior preached a magnificent sermon in which he outlined the remarkable history of the Society of the Divine Word. Founded in 1875 in a small village in Holland it had spread all over the world and now numbered nearly 4,000 members in twenty-seven different countries. Begun in poverty and at a time when religious persecution was rampant it was now one of the foremost Missionary Organizations of the Catholic church.

The music for the mass was provided by Techny's Male Voice choir under the direction of the Rev. Leo Hotze, S.V.D. With more than a hundred members joining in a rendition of a five-voice mass the effect was most impressive. The whole ceremony was a rare blaze of splendor and enthusiasm to which the newly decorated Holy Ghost church provided a fitting background.

During the banquet which followed Mgr. Morrison of Highland Park was Toastmaster. In his witty introduction to the different speakers he expressed the approbation of the local Clergy for the work the Techny Fathers do in helping out the nearby Parishes at week-ends. The first speaker was His Emminence Cardinal Stritch who congratulated the Society on its Jubilee and encouraged it to keep up the good work it was doing.

He was followed by the Most Rev. William Cousins, D. D., Auxiliary Bishop of Chicago, who emphasized that the Society of the Divine Word was working for people in out-of-the-way and neglected places where many would like to help but only few had the opportunity. The Response on behalf of the Society was given by the Very Rev. Robert Hunter, S. V. D., Provincial Superior of the Eastern Province of the Society in this country. He began by pointing out that all the members felt very humble and grateful for all the blessings hitherto bestowed on the Society. At the same time all were full of confidence and determination to continue the good work.

**WITH THE** revival of interest in mission work recently shown in America great hopes were held for the future. An indication of this was the erection of the University of Nanzan in Japan, the third University opened by the Society not to speak of the numerous Colleges and High Schools throughout the world.

This celebration was the first of a number planned to commemorate the 50 years of organized work of the Society of the Divine Word in this country. They will be a gesture of gratitude to the many friends who have helped the Society during its first half-century here. Future events include an Alumni Day for all former students of Techny, July 4, the presentation of a Pageant depicting the work of the Society, and a Field Day for the general public, August 13.

Community Camera

At speakers' table, left to right, Ernst Hagerstrom (standing), Lou Seider, Mrs. Floyd Godfrey, Floyd Godfrey, Fred Cargill (president), Mrs. Fred Cargill, Raymond Miller (standing), Mrs. Raymond Miller, Mrs. Ernst Hagerstrom and Rev. William McGill.

# Arlington Vo-ag teacher to conduct state F. F. A. band

J. D. Bryson, vocational agriculture teacher at Arlington Heights township high school, will conduct the State Future Farmers of America band at their State convention in Urbana June 13-15.

The band is made up of 75 selected students, chosen out of 150 applications from all over the state. Many of the boys are first division winners in the State music contest.

**BRYSON CONDUCTED** bands along with other teaching for 20 years before coming to Arlington Heights. He directed a band at the South Dakota State School of Mines at Rapid City, S. D., for six years. At that time he decided that both agriculture and band were too much so he chose ag and came to Arlington Heights.

A march, "Festival Spirit," was composed by Bryson and published by Carl Fischer of New York. At the convention Bryson will be given the "Honorary State Farmer" degree, the highest honor within their power to give to the Future Farmers of Illinois. This honor will be conferred upon nine men and will take place at 9:15 p. m., June 13.

**THE STATE FFA** has 17,000 members, and consists of 486 chapters. Eight Arlington Chapter FFA boys, including Don Linneman, who will play with the band, will attend the convention. They are: Franklin Kile, Ronald Botterman, Herbert Reckamp, Leroy Moellenkamp, Arnold Grimm, John Hoffman and Jim Worley.

Don Linneman has applied for the State Farmer degree. Only 2 per cent of the membership can be elected for this degree.

# NEW SIX BASEBALL LEAGUE TO OPEN PLAY SATURDAY

## Palatine-Marengo, Elgin-Barrington games are first

Saturday the opening games will be played in the New Six High School Summer Baseball league with Palatine at Marengo and Elgin at Barrington. A Woodstock at Hebron game will be played later as a part of a double header at Woodstock. Games in the league are scheduled for 6:00 p. m. in order that boys who work may participate. Elgin will not use seniors but for the others any boy eligible when school closes may play through the summer season.

The regular schedule will close July 11 after each team has met each of the others on a home and home basis for a total of 10 games. The four high in the final standings will stage a tournament with a trophy to the winner. The team at the top of the final standings will receive a trophy and each member of the team will be given a certificate indicating that he played on a championship team.

**BARRINGTON**, co-champ of the Northwest Conference, is expected to make a strong bid for the summer league title. Marengo was coming up strong at the end of the season as was Woodstock who trimmed Arlington's good team recently. Elgin went to the semi-finals of the state tournament but most of their strength was in senior players who will be playing in another league.

Palatine was last in the Northwest Conference and is going into the summer competition to give their young and green team needed seasoning and experience. Coach Bailey will have a game or practice for the boys nearly every day of the week. He is also going to have a weekly practice for 8th and 9th grade boys.

**NEXT WEEK** Palatine will have two home games in the league. Tuesday in the home opener Barrington will play here and on Friday the opponent will be Hebron. Admission to the games will be 30c to help defray the cost of umpires, supplies, and traveling expenses.

G. A. McElroy has been elected commissioner of the league and has sent a list of rules to all the coaches. These rules were agreed upon at a meeting of representatives of the schools and aim at keeping the games moving without delay, promotion of good sportsmanship, and efficiency in management and control of the games.

## MACS SAYS

by G. A. McELROY

The close of schools will not end the baseball season for six schools in the outer suburban area including Palatine and Barrington. The formation of the New Six Summer Baseball League is the answer to a short season, limited practice, and bad weather which commonly characterizes prep school baseball in this area. The Illinois High School Association encourages summer baseball and in fact recommends a plan which calls for track during the spring and baseball during the summer. The summer sports program is conducted just like that during the year and follows all rules which prevail while school is in session. Boys eligible when school closes, including seniors, may participate in the summer games. Members of the league are Elgin, Barrington, Palatine, Hebron, Marengo, and Woodstock. Elgin's entry will be a team which does not include any seniors. Eight out of nine regulars who played in the state tournament last week were seniors and this group will play in another league during the summer.

**Paddock sports editor is league commissioner**

The writer of this column has been elected commissioner of the new summer league. He will check eligibility of players, hold a $15.00 deposit from each team as a guarantee of umpire's fees if the team fails to appear for a game, will enforce league rules, plan for playoff tournament to involve four high teams at close of season, keep league records including batting averages, and give proper publicity to the league activities. Games in this league will start at 6:00 p. m. and will be played on Tuesdays and Fridays.

Here at Palatine we are interested in promoting this activity in order to give boys more experience and bring up the quality of high school ball, give the boys an interesting sport for the summer on an organized basis, and in a long range plan prepare the way for strong independent baseball in Palatine some years hence.

**High school and Lutheran team to share school diamond**

Because of the summer baseball program at Palatine High the school diamond will be reserved exclusively for baseball. The high school team will practice most nights when not playing games and on all other occasions including Sunday the baseball team of the Immanuel Lutheran church will use the diamond. This is arranged by action of the Palatine High School Board of Education. There will be baseball at the school and softball at the park this summer.

**Arlington baseball team surprises**

Arlington's green baseball team was the surprise of this area. Under the capable eye of Wally Grace the Cards came through with 13 wins and seven losses. Twelve of a squad of 18 boys will be back another year and Coach Grace will have just about all his regulars except pitchers as he prepares for a schedule in the West Suburban League next spring. It was the fifth season as baseball coach at Arlington for Grace and he won his 50th game in 73 starts to close the season in a 9-2 win over Crystal Lake, the district champs.

**Huffman 10 game winner**

The key to Arlington's success this year has been the steady and brilliant pitching of Ray Huffman. He became Grace's first 10 game winner. Huffman won 10 and lost three. He lost to Leyden 5-4 on errors, to Elgin 3-2 in the district final as a relief hurler, and was batted hard just once as Leyden whipped the Cards 11-3.

For the season Huffman pitched 84 2/3 innings, struck out 81, walked only 17. Control was the secret of Huffman's success. He was Arlington's baseball hero of the year and a most deserving athlete for the success he attained.

**Wauconda's teams an easy mark for champion Bronchos this year**

To the sports news reader it would appear that Barrington took picks on little Wauconda this year in sports. First it was that 72-0 record breaking slaughter of the hapless Bulldogs in football, most of whose members

(Continued on page 10)

## Arlington Country club to live again July 1

Arlington country club has shorn itself of candy bars and will soon be echoing to "fore" again.

Restoration of the original Olympic country club, later changed to Arlington country club, is now in process and the managers hope to have the public fee course ready for play about July 1.

"One of the most challenging courses around," remarked one local golfer whose memory goes back to the days before Curtiss Candy company took over the property on Dundee road, just east of Arlington Heights road.

**DAN TAGGART** has garnered a ten year lease on the course, and has been getting the greens and fairways in shape for competition. "Seventeen greens are intact from '42 with the eighteenth the only one necessary for reestablishment," stated Taggart.

The old clubhouse will continue to be used by Curtiss Candy company for the present with a small temporary structure slated to be finished in time for the opening.

## Double bill at Palatine again Sunday night

Haseman Truckers vs. Evanston and Palatine Theater vs. Arlington Appliance. That is the card for Sunday night at Community Park Sunday night in Palatine. First game starts at 7 p. m.

Palatine Theater chalked up its first victory of the season Sunday night by defeating Wauconda, 8-6. The team looked its best of the year, making just one error. Hapke, winning pitcher, gave up eight hits and two walks.

Curtains went down for Wauconda in the fifth inning when the Palatine squad pushed six runs across on five hits. Wagner and Senne each got two hits.

| | R | H | E |
|---|---|---|---|
| Palatine Theater | 8 | 8 | 1 |
| Wauconda | 6 | 8 | 2 |

**IN THE SECOND** contest Haseman Truckers duplicated their Frank Merriwell finish of last year over the strong Skokie nine. Going into the last inning the local talent was trailing by one run.

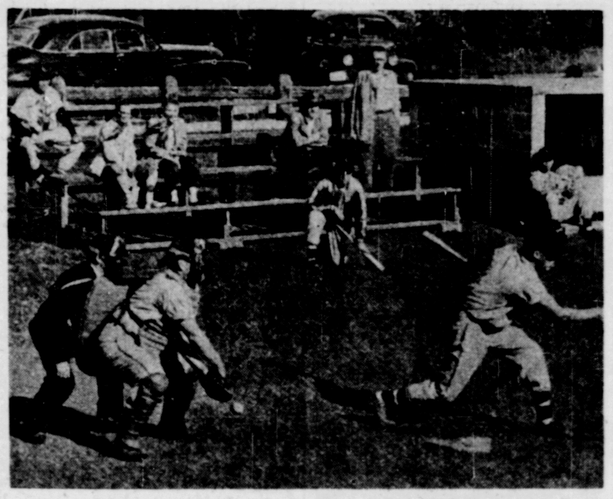
Successive singles by Boehnke and Rudolph followed by walks to Becker and Millay, plus singles by Garms and Vogt put the game on ice with six runs.

The game was highlighted by spectacular fielding plays on the part of Stinson and Vogt, and the six hit pitching of Becker. Garms and Vogt led the locals at the plate with two hits apiece.

The contest was the first of the schedule of a new league in which Haseman Truckers have entered. They will play six league games at home and four away with Evanston, Glencoe, Skokie, Park Ridge and Des Plaines.

| | R | H | E |
|---|---|---|---|
| Haseman Truckers | 8 | 9 | 6 |
| Skokie | 5 | 6 | 1 |

## Huffman's last one a strike out



Pete DeBeer strikes out on Ray Huffman's final pitch for Arlington Heights when the Crystal Lake Tigers baseball nine dropped the final, 9-2. The Cards thus rang down the curtain with a 13-7 record.

Catching Huffman is Dave Quinn, while umpire Joe Brodnan looks on.

## Arlington golf league rained out Friday

The Arlington Heights twilight golf league was rained out Friday night for the first time in three years.

Play will be resumed this week with the same matches as last week.

Team standings remain as follows:

| | |
|---|---|
| Arlington National Bank | 34½ |
| Big Freeze | 30½ |
| Mar Johnson's | 29½ |
| Jahn Cities Service | 28½ |
| Andrews Decal Co. | 27 |
| Lohr's Pharmacy | 26 |
| Schiller Carpet | 26 |
| Park Ridge Stop & Sock | 20½ |
| Piper's Candy Shop | 20 |
| Dunteman Dairy | 19 |
| Arlington Bowling Lane | 18 |
| Lingren's Men's Wear | 8½ |

## Tri-City women's golf

| | |
|---|---|
| Busse-Biermann | 19½ |
| Myrt and Bill's | 18½ |
| Winkelman's | 17 |
| Mt. Prospect State Bank | 15½ |
| Keefer's | 15½ |
| Charm Center | 14½ |
| Lorraine-Anne Shop | 13½ |
| Busse Motor Sales | 12 |
| Karstens-Helbig | 12 |
| Master Electric | 12 |
| Top Hat Cleaners | 11 |
| Wm. F. Kenning | 10½ |
| Meeske's | 9½ |
| Arlington Food Lockers | 7 |

Winners in weekly event, low gross on odd holes, Marion Ovitt, front nine; Norma Paske, back nine.

The "If Ida Day" buffet luncheon originally scheduled for June 20th, has been postponed until June 27th. The matches scheduled for June 27th will be played on June 20th.

## Barrington cops share of NW baseball title

by G. A. McELROY

Barrington's Bronchos coached by Les Harmon clinched at least a tie for the Northwest Conference baseball title last Wednesday as they finished the season with a 6-1 record. It was Barrington's third championship this year in four major sports. Postponed games involving Ela-Northbrook and Northbrook-Bensenville were to determine if either Ela or Northbrook tied Barrington for first place as both had record involving but one defeat.

In clinching the championship Barrington blasted Wauconda for a 23-0 shut out victory and Dan Osinski of the Bronchos had the distinction of hurling a no hit game. Last year Osinski pitched for Wauconda but last September moved to Barrington and helped them to a highly successful sports year as a four letter winner. Barrington got only seven hits in piling up a 23 run total. Walks and Wauconda's seven errors contributed to the rout as Barrington scored nine runs in the second inning and got at least one tally in every frame.

**Prouty pitches another masterpiece**

Eddie Prouty of Ela bested Stanton of Grant in a pitching duel for a 1-0 victory and kept Ela in a contending position for the league title. An Ela victory over Northbrook would clinch a tie with Barrington. Both pitchers allowed four hits. Ela bunched three in the first inning for the only score of the game. Prouty fanned 11 and Stanton whiffed eight.

**Bisons beat Antioch 9-1**

Bensenville took a 9-1 decision from Antioch last Wednesday as two Bison hurlers combined to hold the opposition to three hits. Ericksen allowed one in four innings and Lang was touched for two in three frames. Bensenville bats were busy with 12 hits off Pregenzer who had hurled a one hit game the previous Friday.

### Ela's 8-5 victory over Northbrook gives Bears a share

**FINAL STANDINGS**

| | W | L |
|---|---|---|
| Ela | 6 | 1 |
| Barrington | 6 | 1 |
| Northbrook | 4 | 2 |
| Bensenville | 4 | 2 |
| Grant | 2 | 5 |
| Wauconda | 2 | 5 |
| Antioch | 2 | 5 |
| Palatine | 1 | 6 |

Ela pounded out an 8-5 victory over Northbrook Monday afternoon and gained a tie with Barrington for the Northwest Conference baseball championship. Eddie Prouty who pitched Ela to all their league victories had rougher going than in any previous game, but he made up for it with a potent bat of his own as he slugged out a triple and two singles in four trips. Ela sent six men across the platter in the first two innings to sew up the game. Prouty fanned 13 and walked six. Fred Schmidt of the Vikings whiffed six and walked six. Both teams bobbled five times in a loosely played contest.

The Northbrook - Bensenville postponed game was rained out Friday and since Northbrook dropped out of the race with their defeat Monday, the game will not be re-scheduled.

**Northbrook wins slugging match**

Northbrook handed Palatine their sixth defeat in seven league games 13-8. After two scoreless innings Northbrook scored five in the third and five more in the fourth. Palatine tallied two in the third and three in the fourth as the game became a loose contest. Northbrook had nine hits and three errors. Palatine made eight hits but committed six fielding bobbles. Schmidt pitched all the way for the Vikings while Brumm started and was relieved by Zoellick for Palatine.

## Cardinals pose with victory smiles after final win over Crystal Lake

Meineke photo

Arlington Heights baseball Cardinals closed their season last week with a 9-2 win over Crystal Lake, racking up 13 wins in 20 games.

Pictured, left to right, front row: Ronnie Grace, Harry Griffith, Ronnie Thill, Eddie Kostka, Eric Nelson, Bob Fasick, Al Mack, Ray Huffman, Jack Clark, Bob Evans.

Back row: Lennie Koelper, Eugene Wille, Ronnie Miller, Bob Schulze, Leo Jewell, Jim Brown, Dave Quinn, Sanford Carter.

Absent from the picture is Jim Intravartolo who, with Grace, moved up from the frosh-soph team after the season ended.

## Rob Roy ladies golf league has Kruse's in lead

Rob Roy Ladies Golf League team standings as of last Thursday, June 1:

| | |
|---|---|
| Kruse's | 7 |
| Simson's | 7 |
| Park Ridge Stop & Sock | 6½ |
| Arlington Bowl Lanes | 5 |
| Prospect Heights Phar. | 5 |
| Prospect Hts. Hardware | 4 |
| Lamb's Service Station | 4 |
| Prospect Hts. Appliances | 2½ |
| A. G. Martens Inc. | 2½ |
| Snack Bar | 2 |
| Smith & Dawson | 1 |

Weekly event: Short holes: Marion Ovit, Lee Lewin tied on the first nine for the weekly prize.

Myra Schuetz won the second nine.

## L-Nor Cleaners takes over first in St. James golf play

**STANDINGS**

| | |
|---|---|
| L-Nor Cleaners | 20½ |
| Wulbecker Furniture | 20 |
| Murphy Insurance | 19 |
| Stefanik Dairy & Food | 13½ |
| Prospect Heights Pharm. | 11½ |
| Urick Landscape Service | 9 |

L-Nor Cleaners, tied for first place last week, took over undisputed possession of the top spot in the St. James Twilight golf league by playing a tie with Urick Landscape Service, each team scoring four points.

Wulbecker Furniture Service

(Continued on page 10)

## Hasemans and Mt. Prospect tie for Palatine lead

**STANDINGS**

| | | |
|---|---|---|
| Haseman Truckers | 2 | 0 |
| Mt. Prospect A. C. | 2 | 0 |
| Fox Cleaners | 1 | 1 |
| Prospect Heights | 1 | 1 |
| Riviera | 0 | 1 |
| Palatine Theater | 0 | 3 |

by DON FOSTER

Foster's Palatine Theater softball team lost to Ed Klaga's Fox Cleaners Tuesday night in the best played game of the Palatine league season to date, 4-3. Hayes of the Cleaners gave only two hits, while Hapke allowed just three for the Theater nine.

There were plenty of great plays by members of both teams with Wines playing a particularly stellar role at short for the Theater.

| | R | H | E |
|---|---|---|---|
| Fox Cleaners | 4 | 3 | 2 |
| Palatine Theater | 3 | 2 | 2 |

Haseman Truckers won an easy victory from Prospect Hts. in the other game of the evening.

| | R | H | E |
|---|---|---|---|
| Haseman Truckers | 12 | 13 | 3 |
| Prospect Heights | 3 | 9 | 2 |

In last Thursday's games Mt. Prospect defeated Riviera, 5-2.

| | R | H | E |
|---|---|---|---|
| Mt. Prospect | 5 | 2 | 1 |
| Riviera | 2 | 5 | 1 |

In the other game of the evening Prospect Heights defeated Palatine Theater, 6-2, though the latter has protested the contest due to an alleged misinterpretation of a playing rule.

## Weber Addressing and Eddies tie for lead in Rob Roy golf league

**STANDINGS**

| | |
|---|---|
| Weber Addressing | 24½ |
| Eddie's (Wheeling) | 24½ |
| L'Nor Cleaners | 24 |
| Smith & Dawson | 24 |
| V. & G. Printers | 22½ |
| Koske Excavators | 22 |
| Lunch Bar | 22 |
| Prospect Heights Pharm | 21½ |
| Dunteman Dairy | 21½ |
| Prospect Heights App. | 18½ |
| Pros. Hts. Garage | 16 |
| Hopper's | 14 |
| Stop & Sock | 13 |
| Michael's I. G. A. | 11 |

A perfect evening brought out some near perfect golf at the Rob Roy Twilight Golf league Tuesday. The teams of Weber Addressing and Eddies of Wheeling jumped into a tie for first place with some very hot shooting by Weber's Len Arnold. His 35 set the pace for low gross.

John Bozek had a 35 with a 4 handicap to bring Prospect Hts. Garage up into the running. There are now 10 teams that can be covered with a small dime for the lead.

The Lunch Bar and Dunteman Dairy both gathered seven points to climb up with the leaders.

Blind Bogy winners: F. M. Brelsford, W. Schroeder, C. Berlin.

## Arlington Heights softball league

In the best played ball game of the young season in the Arlington Heights softball league, Webber Paint beat El Rando by a 6 to 5 count June 1. Altho outhit 12 to 8 Webber's took advantage of every break to win their first game of the season.

Gordie Johnson and Frank Felker were El Rando's leading hitters. Gordie Busse and Vic Heimsoth were the heavy stickers for Webber's.

Riviera outlasted Flaherty's in a battle of walks May 31. Flentie, Riviera starting pitcher, needed help from C. Nick as Flaherty's scored 7 runs in the late innings. G. Chervanek led Riviera hitters with two hits in three trips to the plate.

**Results**

| | R | H | E |
|---|---|---|---|
| Riviera | 15 | 12 | 3 |
| Klehm's | 8 | 5 | 3 |
| Winning pitcher: C. Nick. | | | |
| El Rando | 13 | 8 | 2 |
| Flaherty's | 5 | 5 | 4 |
| Winning pitcher: J. Geisler. | | | |
| Klehm's | 11 | 8 | 3 |
| Arlington App. | 8 | 7 | 5 |
| Winning pitcher: Gronert. | | | |
| Riviera | 12 | 13 | 3 |
| Flaherty's | 7 | 8 | 3 |
| Winning pitcher: Flentie. | | | |
| Webber Paint | 6 | 8 | 1 |
| El Rando | 5 | 12 | 3 |
| Winning pitcher: Heimsoth. | | | |

**Coming games**

June 8, Riviera vs. Klehm's.
June 9, Webbert Paint vs. Arlington Appliance & Electric.
June 11, Riviera vs. Webber Paint.
June 12, El Rando vs. Arlington Appliance & Electric.
June 13, Flaherty's vs. Webber Paint.
June 14, Riviera vs. El Rando.
June 15, Flaherty's vs. Webber Paint.

## Piper of Leyden third in Pentathlon; Krause 7th

The Second Annual High School Invitational Pentathlon conducted by Niles Township High School was won Monday night by Fuchs of Evanston, the state discus winner, who scored a total of 4,118 points in five track and field events beating out McKown of LaGrange by a mere 4½ points. Piper of Leyden took third place while Westcott of Oak Park was fourth and Kennedy of Niles fifth.

In the frosh-soph division McRae of LaGrange was winner followed by Fiedler of Downers Grove, McGown of Joliet, George of Highland Park and Bradley of Leyden. Local entries were Krause in the varsity and Thies in the frosh-soph for Arlington; Oesterle in the varsity and Nessett in the frosh-soph for Palatine; and Roak, varsity, and Heckmiller, frosh-soph, for Barrington.

**INDIVIDUAL** performances of local boys:

Krause: discus 96' 10"; broad jump 18' 3½"; high hurdles :17.3; 220 run :23.4; 880 run 2:24.1; 3,631 total, 7th place.

Oesterle: discus 90' 9"; broad jump 16' ¾"; high hurdles :17.8; 220 run :25.7; 880 run 2:11.6; 3,184.5 total, 9th place.

Roake: discus 69' 5"; high jump 5' 8"; pole vault 10'; high hurdles :17.5; 220 run :25.2, 3,266.5 total, 8th place.

Piper: shot 44' 2½"; discus 130' 5"; high jump 5' 4"; broad jump 18' 2½"; 220 run :24.7; 4,071.5 total, 3rd place.

**THERE WERE** eleven entries in the varsity division while 13 boys entered the frosh-soph division:

Thies: shot 31' 6½"; discus 102' 11"; broad jump 16' 3¼"; high hurdles :20.1; 220 run :24.1; 2,725 total, 12th place.

Heckmiller: shot 30' 6½"; high jump 5'; broad jump 18' 7¾"; 220 run :24.5; 880 run 2:19.1; 3,127 total, 6th place.

Nessett: discus 75' 2"; broad jump 17'; high hurdles :18.7; 220 run :25.3; 880 run 2:24; 2,839 total, 11th place.

Bradley: shot 35' 8"; high jump 5' 4"; broad jump 18' 1"; 220 run :25; 880 run 2:29, 3,268 total, 5th place.

## Molers move up in Mt. Prospect golf

Moler's Barber Shop jumped from fourth to second nosing out Henry Kruses with Van Driels and Keefers in a hot tie for fourth place in the Mt. Prospect Twilight golf league. Goldens Food Shop is resting in last place for the Tuesday night league.

Hooks and Busse- Bierman are in first and second with Mt. Prospect Bank and Hoppers tied for third with Wille bringing up the rear on Wednesday night league.

Chuck Williams, Bob Louthain and Bill Salzman each had double birdies this week with singles by H. Kutchera, E. Lang, G. Payne, H. Jauch, K. LeMay, C. Hammerl, R. Hornbostel, L. Johnson Jr. and C. McFeely.

**Tuesday night league**

| | |
|---|---|
| K. R. Whitton Inc. | 32½ |
| Molers Barber Shop | 30½ |
| Henry Kruses Schlitz | 29½ |
| VanDriels Drug Store | 25½ |
| Keefers Pharmacy | 25½ |
| H. A. Dooley Realtors | 24½ |
| Mt. Prospect Elect. Construction Co. | 23½ |
| Comm. Wm. Busse | 22½ |
| Winklemans Sinclair Ser. | 19½ |
| Goldens Food Shop | 16½ |

**Wednesday night league**

| | |
|---|---|
| Hooks Nursery | 32½ |
| Busse-Bierman Hdw. Co. | 29½ |
| Mt. Prospect State Bank | 27 |
| Hoppers Triangle Lounge | 27 |
| Rainbow Quality Cleaners | 26½ |
| Busse Motor Sales, Inc. | 26 |
| V.&G. Printers | 25 |
| Illinois Range Co. | 21¼ |
| Mt. Prospect Lions Club | 17¾ |
| Wille Coal & Matl. Ser. | 17½ |

# Arlington nine regains form to trim Crystal Lake in final

by RON PRELLBERG

Five Arlington seniors participated in their final baseball tilt last Thursday on the local diamond and a real field day was made of it as they walloped their Crystal Lake opponents around to the tune of a 9-2 victory. A nearly new ball club began the season for the Cards but by the closing game they had hung up a 13-7 record which warrants praise from any fan.

Ray Huffman, Card senior hurler, pitched beautiful ball throughout the seven innings and emerged with a sparkling 10 victory and 3 defeat record for the year. His win also gave Coach Wally Grace his eighth triumph in 9 starts at home.

A great deal of credit should go this year to such high spirited boys at Ray Huffman, Ron Miller, and Lenny Koelper, pitchers; Jim Brown and Jack Clark, 1st basemen; Ron Thill, second baseman; Bob Evans, third; Leo Jewell and Wally Brownell, shortstops; Harry Griffith, left fielder; Eric Nelson and Bob Schulze, center fielders: Eddie Kostka, right fielder; Dave Quinn catcher, and Harold Dotts and Frank Deigl, managers for their efforts in ringing down the curtain on a successful 1950 season. This win was destined to become the 50th win against 23 defeats since Coach Grace has tutored the Cardinal line.

**THE CARDS** opened the scoring in the bottom of the second when Eddie Kostka and Ron Thill slammed out doubles and Leo Jewell and Bob Fasick collected singles to tally 3 runs. Ray Huffman then came up with his first homer of the year in the third frame, a slashing liner to right-center, which sent the Cards ahead 4-0.

**THE CARDS** had another big inning the bottom of the fourth as walks to Eddie Kostka, Ron Thill and Eric Nelson, in addition to 1 baggers by Dave Quinn, Ray Huffman, and Harry Griffith, shaped into a 4 run count for an 8-0 lead.

A Cardinal error and 2 hits allowed Crystal Lake's George Hopper and Pete DeBeer gave the Lakers their only 2 tallies in the top of the fifth. A hit by Ron Thill and 2 Crystal Lake errors permitted the Red Birds to claim their 9th and final run in the bottom of the same inning.

Ray Huffman held the Tigers to three hits, did not walk a single man, and struck out six. The Cards had nine hits, three for extra bases, doubles by Thill and Kostka and a home run by Ray Huffman. George Crimmins, former Niles pitcher, gave up 9 hits and 4 walks and fanned 4.

| Arlington (9) | AB | R | H | Crystal Lake (2) | AB | R | H |
|---|---|---|---|---|---|---|---|
| Thill | 3 | 1 | 2 | Roderick | 3 | 0 | 0 |
| Nelson | 3 | 1 | 0 | Blanchard | 3 | 0 | 0 |
| Miller | 0 | 0 | 0 | Parsley | 3 | 0 | 0 |
| Griffith | 3 | 0 | 1 | Glek | 3 | 0 | 0 |
| Huffman | 4 | 1 | 2 | Feffer | 3 | 0 | 1 |
| Jewell | 4 | 1 | 1 | Kingston | 3 | 0 | 0 |
| Evans | 0 | 0 | 0 | Hopper | 3 | 1 | 1 |
| Fasick | 3 | 1 | 1 | DeBeer | 3 | 1 | 1 |
| Schultze | 0 | 0 | 0 | Crimming | 2 | 0 | 0 |
| Kostka | 2 | 2 | 1 | | | | |
| Koelper | 0 | 0 | 0 | | | | |
| Brown | 3 | 0 | 0 | | | | |
| Quinn | 3 | 2 | 1 | | | | |

## Wrestler

HANS SCHNABEL, Los Angeles, who will wrestle in the main event at the Arlington Heights Lions benefit June 28.

## Late model stock car racing at Aurora

Late model stock car racing, with 100 laps of competition slated, will make its debut on the highly banked Aurora Downs half-mile track here Sunday afternoon, June 18.

The program calls for three 10-lap heats, a 20 lap pursuit race and a 50 lap feature, the longest stock car grind to be contested in the Fox River Valley to date.

Entries are open to all hard top American made stock cars from 1941 through 1950. Drivers must have had previous experience or pass a drivers test.

Time trials will start at 1:30 and the first of the competitive events one hour later.

## Arlington net men tie Morgan Park

by RON PRELLBERG

The Morgan Park Military Academy played host to the local net men last Thursday and as the final deciding doubles point was punched out Arlington and Morgan Park had again tied at 2 all. Coach McLennan led his Red Bird varsity racket squad to two ties, two losses and one win this year but with a years' experience under their belts and the majority of the boys returning, they should be able to post a splendid record in the future.

The match proceeded in an almost identical fashion as their previous encounter with Morgan Park taking the first two singles matches and Arlington coming through in the final singles match and the doubles contest. Dick Lull showed a good deal of promise in the Morgan Park match as Dick had to come from behind to grab 2 out of 3 sets. Bruce Collard and Kenny Schroeder were not up to par as they were eliminated in just two frames but the doubles showing of Charles Knapp and Charles Anderson put the Cards back in the running at 2 markers apiece.

Statistics:

| | Sets | | | Points | |
|---|---|---|---|---|---|
| | 1 | 2 | 3 | A | M |
| Collard A | 2 | 3 | | 0 | |
| Lange M | 6 | 6 | | | 1 |
| Schroeder A | 2 | 4 | | 0 | |
| McWhurter M | 6 | 6 | | | 1 |
| Lull A | 2 | 6 | 7 | 1 | |
| McKim M | 6 | 2 | 5 | | 0 |
| Anderson and Knapp A | 8 | 6 | | 1 | |
| Hatch and Chrisis M | 6 | 3 | | | 0 |
| | | | | 2 | 2 |

## Card golfers dubb Leyden

by RON PRELLBERG

Ten Arlington Cardinal duffers shut tight the doors on another varsity and frosh-soph golf season last Monday on the Twin Orchard links where Leyden, the host school, was dealt a 14-4 defeat in the varsity competition and a 7-5 loss in the frosh-soph department. On the yearling side of the picture Berschet contributed 2½ points to the local cause, Dister raked in 1. Dahm lost 2 of the 3, and Welch pocketed 2½, while in the varsity section Rowader, who was low medalists with a 79, was credited with all 3 of his markers, Schaeffer 3, and Knoeppel claimed 3. Prellberg and Morrow added 4 more to complete the Arlington total of 10.

Tom Rowader proved to be the main link in the Arlington 1950 campaign by posting the lowest 12 match average, collecting the most team points, and breaking the school record with a 68 against Bensenville. Dick Morrow fell next in line for individual honors through his fine competitive spirit all season and a few sparkling scores which came forth when needed.

Coach Curtis Larsen will have three returning lettermen next year one of which is a sophomore, Phil Knoeppel, and a pair of which are juniors while Berwyn Rasher another sophomore is expected to look good next season as is Marvin Schaeffer a junior. The locals ended up this year with an 8 win and 4 loss record.

| Varsity | Score | Points A | L |
|---|---|---|---|
| Rowader A | 40-39 | 3 | |
| Kampfer L | 45-44 | | 0 |
| Prellberg A | 43-43 | 2 | |
| Witt L | 47-42 | | 1 |
| Morrow A | 42-46 | 2 | |
| Bielick L | 51-43 | | 1 |
| Rascher A | 49-45 | 1 | |
| Druger L | 44-46 | | 2 |
| Schaeffer A | 46-47 | 3 | |
| Malloy L | 49-54 | | 0 |
| Knoeppel A | 49-45 | 3 | |
| Briscre L | 55-50 | | 0 |
| | | 14 | 4 |
| **Frosh-soph** | | | |
| Berschet A | 56-52 | 2½ | |
| Albricht L | 56-64 | | ½ |
| Dister A | 58-51 | 1 | |
| Mier L | 52-55 | | 2 |
| Dahm A | 55-64 | 1 | |
| Ryan L | 57-56 | | 2 |
| Welch A | 57-56 | 2½ | |
| LOK L | 59-54 | | ½ |
| | | 7 | 5 |

## Northbrook sports year rated 'average'

A review of the Northbrook High School athletic season shows that the Vikings had average success.

In football they started strong by defeating Bensenville 7 to 0 and Antioch 19 to 0. These games were costly in manpower, however, with three key players lost to the team for the next couple of games from injuries. Partly as a result of these injuries, Northbrook lost the next three games to Barrington, Grant, and Ela, but came back strong to defeat Wauconda 39 to 7 and Palatine 19 to 6, which gave them a percentage rating of .571. Fred Schmidt, Robert Schmidt and Roy Hacker were picked for the all-star team with the two Schmidt boys rated All-Suburban All-Stars.

In Basketball, the Vikings rated a .500 with seven won and seven lost. They took two games from Wauconda, Grant, and Antioch. They split with Ela and lost two to Palatine, Bensenville and Barrington.

**THE BASEBALL** season has proven more successful. To date the record reads four won and one lost. Due to the fact that the teams are evenly matched, Barrington, Ela, Bensenville, and Northbrook are all tied for first place. In order to determine a conference winner, post-season playoffs will be held. The success of the Northbrook team has largely been the result of some fine pitching by Fred Schmidt. Fred's crowning achievement came when he pitched a no-hit game in the district tournament against St. Mary's of Des Plaines.

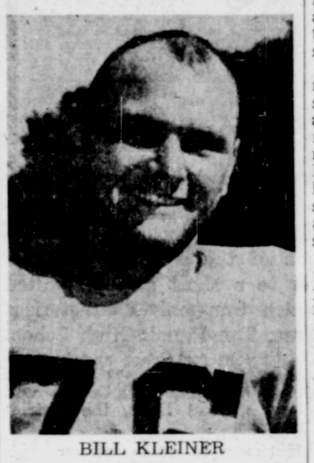
In golf, Wallace Shilkus, for the fourth year in a row, won all his matches including the Conference Tournament. The golf team lost the conference tournament this year for the first time in four years.

Many of the boys that have been outstanding in the sports program of Northbrook High School are graduating Thursday night, June 8. Mr. Lutz and Mr. Gallagher, the coaches, will need to look for replacements for such boys as Roy Hacker, James Huhta, Gerry Lichtenberger, Richard Nelli, Robert Schaal, Arthur Schildgen, Bernie Schmidt, Fred Schmidt, Bob Schmidt, and Ted Schmidt. This will prove no easy task.

## Two Arlington men look good in spring grid play at DeKalb

George "Chick" Evans, head football coach at Northern Illinois State, announced this week that he is relying heavily on two Arlington Heights products to fill starting positions on the Huskies' 1950 grid team, while two other men from this community rate as definite prospects.

Bill Kleiner, 210 pound end, will be seeking his fourth football letter at Northern next fall.



BILL KLEINER

Evans termed Kleiner a "great football end," and cited the fact that "Sid," as Kleiner is dubbed by his mates, has played regular with the Huskies since his freshman year.

Wally Beckman, junior, is the outstanding guard candidate at Northern. Concerning Beckman, Evans asserted, "Beckman looked promising last fall, and even better in spring practice. We're depending on him."

A brother act could develop on the team next fall. Bob Kleiner, who will be a junior in the autumn, was the outstanding end on the junior-varsity in 1949, and is a leading candidate for a varsity position in 1950. He will be competing with two returning lettermen in addition to his brother, but according to Evans, Bob's chances for a varsity berth are good, on the basis of his performance this spring.

## 68 boys get letters for Pirate spring sports

Palatine High School closed the spring sports season with an awards assembly last Friday when 68 boys were given awards in track, baseball and golf.

The track team won the conference championship and Captain Paul Loeber made the presentation of a trophy to the school. G. A. McElroy, who directed the golf team, presented a golf trophy in recognition of the first conference championship in this sport.

The Palatine track team won most of their meets for the season and were second in the Palatine Relays in addition to the runaway score in the conference meet. During the season Paul Loeber broke the school low hurdles record; John Trenchard set a new high hurdles mark, and Bill Cipri established a new standard in the mile run.

The frosh-soph track team was undefeated for the third straight year in conference competition to match the record of the varsity and establish a Palatine track monopoly which seems due to continue at least through another season. R. K. Welty directed both varsity and frosh-soph track.

**THE PALATINE** baseball teams had losing seasons in their second year of the sport, but it takes longer to develop baseball players than any other kind of athlete. The Palatine varsity was made up largely of sophomores and juniors and with membership in a summer league will gain an extra year of experience, which should bring them up to the average of the conference or better next spring.

Claude Bailey directed the baseball with a 3-7 record for the season and a 1-6 league record. An arm injury to Richard Jarvis, star pitcher, in the second game of the season, left Palatine with ineffective hurling. Jarvis pitched victories over Northbrook and Arlington, but in the conference schedule Brumm's hurling victory of 10-2 over Antioch, was the only winner, Eldon NaffsrizeSdja winner. Eldon Naffziger handed the frosh-sophs and frosh and they showed promise, but lost more than they won.

In golf the Palatine team was undefeated in 14 matches, won the conference, and was second in the district tournament for a surprisingly fine season with only one senior competing.

**Varsity baseball**

Richard Jarvis, Donald Zoellick, Robert Ward, Richard Gordon, Kenneth Kolze, Robert Dejka, William Senne, Donald Rogers, Howard Kagay, Donald Klein, John Waznik, Richard Brumm, Fred Herbertz.

Donald Kincaid and Ronald Probst, Mgrs.

**Varsity track**

John Trenchard, John Waznik, James Schmidt, William Cipri, James Vogt, Eugene Anderson, Herbert Oesterle, Paul Loeber, Matt Merfeld, Wayne Ellis Ronald Bopp.

John Morris, Ray Mair, Richard Ross, Howard Kagay, Donald Klein, William Senne, Ralph Sherman, Jerry Herrmann, Donald Buenzow, George Loeber.

Track Mgrs.: Bernie Mueller, Charles Humphreys, Bob Herrmann.

**Golf**

Shelby Stewart, Charles James, Charles Briggs, Harold Klapp, Tom Smith.

**Frosh-Soph Track**

Robert Ward, Dan Day, Jerry Schwingel, George Gunder, James Hillesheim, Walter Grever, Richard Abrahamson, Paul Schrage, Donald Zoellick, Wilmer Dreyer, Raymond Metzler, Evan Urhammer, Burton Nessett.

**Frosh-Soph baseball**

James Hillesheim, Richard Abrahamson, Paul Schrage, Joe Wundsam, Robert Dejka, Malcolm James, Jerry Herrmann, Kenneth Rehusch, Donald Larson, Ronnie Davidson, Frank Hummel.

## Berschet, Kraybill earn second stars in girls' athletic program

Lorraine Berschet and Kay Kraybill were the recipients of second star awards in the Girls' Athletic Association program at Arlington Heights township high school. They were the first girls to receive their second stars in this program. Both are seniors.

Each girl had to have a total of 2,000 points to be eligible for this high award. Points are obtained from outside athletic activities, as well as school activities. Points are earned from horseback riding, bicycling, hiking, tennis, ice and roller skating; volleyball, baseball and basketball; behavior in class, such as good sportsmanship; and from achievements in health classes given at school.

**FOR A GIRL** to receive her numerals, she must have 600 points; 1,200 ponits are necessary for her letter; first star requires 1,600 points; and the second 2,000 points. Miss Kay Weisenberger is the girls' physical education teacher.

First stars went to: Mary Ann Gerbosi, senior; Anne Hutchinson, Joyce LaBantschnig, Donna Mills and Mary Lou Moskal, juniors. Letters: seniors: Jeannine Burnier, Anita Glabe, Nan McCarty, Arlene Malzahn, Ila Miller; juniors: Pat Bickell, Carol Cox, Ruth Gronert, Marilyn Kyska, Marjorie Payne; sophomores: Barbara Arnold, Joyce Jannusch.

Numerals: Senior: Sally Lutkehaus; juniors: Diane Ashe, Arlene Busse, Marilyn Franke, Pat Greschner, Junia Grimm, Janet Haberkamp, Carol Orth, Lois Wartenberg; sophomores: Sue Dress, Pat Gieseke, Joan Groth, Audrey Hamblen, June Kritsch, Joan Sander, Myrna Tawney, Donna Zinkel.

## Girls baseball schedule for week at Parichy Stadium

The powerful Match Corp Queens invade Parichy Memorial Stadium Thursday, June 8, to battle the Bloomer Girls.

Led by the Savona sisters, Freda and Olympia, and aided by Pat Carson, Ann Kmezich, and Alice Kolski this club presents quite a problem to opposing pitchers.

Twice this season they have defeated the Bloomers via the home-run route.

Olympia Savona drove one out of the park at Shewbridge Field while in their next meeting Pat Carson parked one in the Parichy Bleachers.

At the present time Freda Savona leads the league in batting with a mark of .550.

Thursday, June 8 — Match Corp Queens vs Bloomer Girls—8:30 p. m.

Saturday, June 10—Danville, Ill. vs Chicago Pilots—2 games

Sunday, June 11 — Bluebirds vs Bloomer Girls—8:30 p. m.

Monday, June 12 — Admiral Maids vs Bloomer Girls—8:30 p. m.

Wednesday, June 14 — Cardinals vs Bloomer Girls — 8:30 p. m.

## Des Plaines VFW to test Maywood again Saturday

This coming Saturday night, June 10, the Des Plaines VFW softball club will play their second home game at Admiral stadium against the strong Maywood team. After being rained out last Saturday, the local club is anxious to resume play in an effort to break into the win column once again. They have lost their last two games, and must win in order to stay in the race for the Illinois State Softball League title.

The Des Plaines vets play all their home games at Admiral Stadium, located on River rd, north of Des Plaines.

## Mac Says —

(Continued from page 9)

were freshmen and sophomores. To add to this, so they say in Wauconda, the Barrington frosh-soph football team was decisively beaten by Wauconda's frosh-sophs but Barrington claims the league championship on the gounds that Wauconda's team was made up of varsity players.

Then to add to Wauconda's humiliation Barrington handed them a23-0 no hit baseball defeat in the final game to clinch a Barrington championship. The crowning climax of the whole season is the fact that Dan Osinski, whom Wauconda claims was lured away from their school by undue pressure in Barrington, hurled the no hit game which set a record for onesided baseball defeats in this area. If Wauconda ever gets the chance to roll up a score on Barrington you can be sure that the opportunity will not be overlooked.

(Our own opinion is that lopsided scores are bad both for the winner and the defeated team, but sometimes the difference in ability of playing personnel is such that they cannot be avoided. Substitutes want to do their best in order to work in themselves into the starting lineup and sometimes these subs run up the score on a demoralized team of badly beaten regulars from another school. If the coach of the winning team in onesided games does not put in his second stringers then there is a real cause for hard feeling.)

**Disinfect Building**

When brucellosis infected cattle are removed from a building, the building must be thoroughly cleaned and disinfected.

## Northbrook Hawks cop first win in softball

**STANDINGS**

| | | |
|---|---|---|
| Oak Park | 3 | 1 |
| Libertyville | 3 | 1 |
| Barrington | 3 | 2 |
| Maywood | 1 | 2 |
| Des Plaines | 1 | 3 |
| Northbrook | 1 | 3 |

Statistics released by the Illinois softball league today reveal that Gail Bach of Des Plaines is one of the leading hitters of the league with a .353 average, having made six hits for the season in 17 times at bat.

Gail, who won four letters at Arlington Heights high school, has played with the Des Plaines team the past three years, and while in school played on the basketball and baseball teams. Bach, righthanded batter, started playing softball in 1945 in Arlington Heights.

In league activity during the week, mostly curtailed by inclement weather, the Northbrook Hawks registered their first victory of the season by nipping Maywood, 13-12 in 14 innings and Libertyville's Comets blanked the Barrington Bears, 3-0, behind the one-hit pitching of Warren Boyes. Barrington is leading the league in batting with a .285 mark.

Libertyville and Oak Park are tied for first place in the league with three wins and a lone defeat.

**Leading batters**

| | | | | |
|---|---|---|---|---|
| Mooney, Bar. | 21 | 6 | 9 | .428 |
| Jacobs, Maywood | 17 | 2 | 7 | .418 |
| Mundt, Oak Park | 10 | 2 | 4 | .400 |
| Jeffery, Liberty | 16 | 3 | 6 | .375 |
| Piotter, Oak Park | 11 | 4 | 4 | .365 |
| Bach, Des Plaines | 17 | 5 | 6 | .353 |

## St. James golf —

(Continued from page 9)

dropped one-half point behind by losing to Stefanik Dairy and Food, four and one-half to three and one-half.

Murphy Insurance scored a decisive victory over Prospect Heights Pharmacy to get right into the thick of the first place battle.

Dr. Robert Muench was the ace golfer of the evening with a score of 41-8—33 over a tough par 37 second nine, for low gross and net.

This week Murphy Insurance takes on the leading L-Nor Cleaners in the feature match.

**Here Are The Facts Of Our Budget Plan And Automatic Keep-Full Service For Central Heating Plants Burning Fuel Oil:**

The results of our first year of selling FUEL OIL under a BUDGET PLAN, have been very gratifying from reports of customer satisfaction.

It is the convenient way to pay for fuel oil over a period of 11 months, starting in June and ending in April of the following calendar year. This will avoid the payment of these bills when deliveries are made, or on the first of the month during the peak four or five months of the burning season, when so many other bills must be paid.

There is no extra charge for this service. In fact, you save money by selecting this BUDGET PLAN.

Our AUTOMATIC KEEP-FULL service is yours for the asking at no extra charge.

We have good reason to believe that there will be quite a number of our regular customers who will avail themselves of this BUDGET PLAN, in addition to the many new customers that have already requested information regarding it.

This is your invitation to make inquiry about this convenient money-saving plan.

WE RESERVE THE RIGHT TO LIMIT APPLICATIONS ACCEPTED.

# Riley's Lazy "R" Ranch is T-V prize

The Bunte Brothers Candy Co., makers of the famous Tangos Candy bar has selected Riley's Lazy "R" Guest Ranch as the highlight of their big television contest.

The contest is a feature of the "Cactus Jim" television program over WNBQ.

A week's all expense vacation at a western ranch for an entire family is the first prize and that's where Riley comes in.

Earl Riley is an Arlington Heights resident who dabbles in butter and eggs for a living, but runs a full scale guest ranch out in Woodland Park, Colorado in his spare time (with the help of Mrs. Riley and the children, of course).

After searching for weeks for just the right spot to send a family, Bunte Co. decided that the Riley Lazy "R" was the perfect place.

**THE RANCH** is situated in one of the real picturesque spots in America, right at the foot of Pikes Peak. The elevation of the Lazy "R" is about 9000 ft. above sea level.

Horseback riding, swimming, golf, hiking, campfires, fishing, sightseeing are all part of the everyday activities at Riley's. The cabins are completely equipped for housekeeping, and will sleep up to eight.

"I want a vacation on a western ranch because . . . . " just finish this line in 25 words or less, enclose a tango wrapper and mail to Tangos, WNBQ, Chicago 54, Ill. Someone is going to have the time of their life at the expense of Bunte. Anyone desirous of additional information about the Lazy "R" can get it from the Rileys on S. Mitchell ave. in Arlington Heights.

# Waukegan host to Milwaukee poloists Sunday at Arlington

The Waukegan Polo Club, undefeated to date in International Polo League competition, opposes Milwaukee Polo Club Sunday, June 11, 3 p. m., in an International Polo League match, at Arlington Farms Polo Grounds, Buckley Road, Libertyville.

Waukegan opened their season with an unexpected victory over the league Champions Arlington Farms. Billy Ylvisaker, formerly with Arlington, sparked and inspired his youthful teammates in their season opener.

The Milwaukee poloists, sparked by a great one-two veteran combination of 6 goal Argentinian Pedro Silvero, and 5 goal star Jack Fink, make a formidable opponent for the Waukegan youngsters.

A huge attendance is anticipated to cheer on the local team. General admission $1.00, with facilities of the grandstands on a first come first served basis. Box seats $2.00. Children under 12 admitted free. Ample free parking. Gates open at 10:00 a. m. to accommodate pre-game picnics. Arlington Farms Polo Grounds are located on Buckley Rd. at the Des Plaines River, Libertyville.

## Auto racer

Johnny Parsons of Van Nuys, Calif., 1949 national AAA big car champion and first place winner in the 500-mile classic at Indianapolis on Memorial Day, heads the brilliant field which has entered the AA national championship 100-mile race at Wisconsin State Fair, Milwaukee Sunday afternoon, June 11.

The largest and fastest field of speedway cars and drivers ever to appear at Milwaukee, will participate in the AA national championship 100-mile big car auto race at Wisconsin State Fair park, Sunday afternoon.

Time trials, necessary to thin out the record-breaking list of 35 entries to the 18 fastest that will start the event, will begin at 12:30 noon, (CST.) The field will line up at 2:30 p. m., with the race, the Rex Mays Century, starting promptly at 3:00 o'clock.

# 13th Congressional convention hears Congressional candidates

by ISABEL KOENIG

At an unprecedented convention, 108 Lake county precinct committeemen met with 14 Cook county township committeemen to hear 16 aspiring candidates for the vacancy on the Republican congressional ticket caused by the death of Rep. Ralph E. Church of the 13th district.

The meeting, held in Waukegan in the Lake county court house, demonstrated to all who attended, the exacting care taken to assure the fulfilling of the requirements by law for filling the vacancy.

William N. Erickson, president of the Cook county board and Evanston township committeeman, was elected chairman of the convention and William M. Marks, State Central committeeman of the 13th Congressional district was elected vice chairman.

**BY VOTE OF THE** candidates for the nomination, it was decided to draw numbers from a hat to determine their speaking position on the program. The Honorable William Busse, Cook county board member and committeeman from Elk Grove township, made a motion, which was carried, allowing each candidate 10 minutes to state his views and qualifications.

Marguerite S. Church, having drawn number 1, spoke first. She talked briefly and earnestly of her many years in politics and her experiences in Washington as the help-mate of her husband and graciously thanked the audience for having made that experience possible, saying that it had enriched her life and had given it purpose. "Now," she said, "I come to you in my own right, to offer my experience and knowledge of the national problems. I make no apologies for being a woman, nor would I ever seek office on the basis of being a woman. Republicanism and Americanism are synonymous with me."

**RICHARD J. LYONS** of Lake county, made a forceful and eloquent bid for the nomination, reminding the committee of his many years of service to the Republican party, meanwhile paying a great tribute to the late Congressman, referring to him as an old and valued friend.

Other candidates present included Mayor Alfred P. Haake of Park Ridge; George F. Spaulding, Glencoe banker; Brig. Gen. William H. Wilbur, retired, Highland Park; Robert Tieken, Libertyville; William B. Murphy, Round Lake; John F. Otis, Evanston; Henry Gardner Jr., New Trier township; Livingston Osborne, Forest Lake; Mayor Robert E. Coulson of Waukegan; J. Edward Jones, Norwood Park; Richard Rice Jr., Evanston; John Hanny of Park Ridge; Dr. William H. McGovern, Evanston; and Robert English, Winnetka.

**THE CONVENTION** was adjourned until Friday, June 9, at which time the candidate will be nominated by a majority vote of the nominating body.

Comments that followed this meeting and came to the ears of this reporter, indicate that Mrs. Church might well be wearing number one throughout the balloting and not only on the speakers' list.

# The First Church of Christ, Scientist holds annual meeting in Boston

Vast new evidences of the power of pure Christianity to solve mankind's problems in modern times were reported today by The Christian Science Board of Directors.

Addressing a gathering of nearly 7,500 Christian Scientists at the annual meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, the Directors declared that healing of sickness, "release and enrichment"—a full answer to human trouble—awaits all mankind through the utilizing of spiritual power.

Emphasizing "the meaning of pure Christianity" for the present age, the Directors pointed to concrete evidence that spiritual power can be utilized to heal disease, enlarge individual capacity, provide "sure guidance," uncover hidden resources, and provide without measure "the precise good that is needed" by every individual in every human circumstance.

Their message, read by Thomas E. Hurley, retiring First Reader of The Mother Church, highlighted a session at which progress was reported in many Christian Science activities. A report of healings of serious diseases by Christian Science, compiled from many countries, was read.

The Directors reported that a "marvelous new effectiveness" in the practice of Christianity is resulting today from the "scientific understanding" of its meaning. In referring to substantial growth during the past year in the number of Christian Science churches and the ranks of the denomination, the Directors added: "The healing work of Christian Science, always the best barometer of growth in the movement, was never of better quality or on a larger scale than in the last year."

The audience filled three auditoriums in The Mother Church edifices as well as a nearby theater. Adherents traveled from every state in the union and from Europe, Asia, Australia, and other distant points to attend.

Many arrived in time to attend Sunday services yesterday, and The Mother Church—whose main auditorium seats over 4,000—used the theater building for the overflow. In addition to today's comprehensive session, a series of meetings on various special subjects will be held tomorrow and Wednesday.

Throughout the main session ran the theme of the validity and power of Christianity to answer the problems of modern age. Walter S. Cross of Fitchburg, Mass., Christian Science practitioner and incoming President of The Mother Church, declared in his keynote address:

"Men need a deeper understanding of God and His laws in order to cope with the present-day chaos and confusion in world affairs . . . There is an answer to the mesmeric doctrines of tyranny and mental domination which would spread terrorism over large areas of the globe. The answer lies in the spiritual realm, and is available now."

Steady progress was recorded in reports of various Christian Science activities. George Channing, Manager of Committees on Publication, reported that insurance companies and state laws in growing number recognize the validity of Christian Science treatment, and the right of Christian Scientists to practice their religion by relying wholly upon prayer for physical healing.

In referring to Camp Welfare activities of the church, Gordon V. Comer, Clerk of The Mother Church, mentioned the healing within one week of a veteran, suffering from paralysis, who had not walked for 8 years and had not talked for 20 years.

Reporting for the Trustees of The Christian Science Publishing Society, John H. Hoagland, Manager, said circulation of The Christian Science Monitor and of the denomination's weekly, monthly, and quarterly religious periodicals had in the past year "reached the highest levels since their founding." He reported an "increasing volume of healing testimonies" volunteered by persons restored to health by Christian Science.

The church does not publish membership figures, but the Directors reported that in each year since 1902, the net gain in membership has exceeded the gain of 2,784 reported for that year by Mary Baker Eddy, the Discoverer and Founder of Christian Science. In each of the last 40 years, including the one just past, the gain "has been several times as large," they stated. They reported a net gain of 38 Christian Science churches in the past year, bringing the total to more than 3,000.

## Cross named president of The Mother Church

Walter S. Cross of Fitchburg, Mass., has been named President of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., it was announced in Boston today.

Mr. Cross has been active in various capacities in the Christian Science movement — having joined The Mother Church in 1905—and for many years has been a Christian Science practitioner.

During World War I he was an Army chaplain with the 89th and 27th Divisions. Later he served at the Christian Science War Relief Depot at Le Mans, France.

Prior to World War I he served as Christian Science Committee on Publication for the State of Maryland. He has served on the Bible Lesson Committee which prepares the Lesson-Sermons used by all Christian Science churches for their Sunday services.

Mr. Cross is a graduate of Yale University, and alumnus, also of Phillips Academy at Andover, Mass. He is a native of Fitchburg Mass.

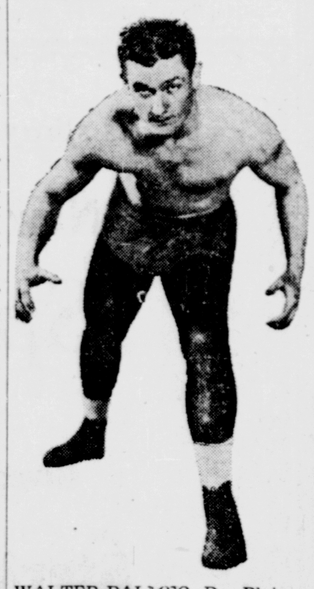
## Increase salaries of Bloom twp. teachers

Substantial salary increases have been approved by the board of education for Bloom township high school teachers.

The beginning yearly salary for a teacher with a bachelor's degree and no experience has been raised from $2,632.50 to $2,700, while the maximum salary for a teacher with a bachelor's degree qualifications has been increased from $4,290 to $4,590. The maximum is to be reached in the sixteenth year of teaching.

Yearly increment for teachers who hold a master's degree or its equivalent has been stepped up from $150 to $200. For a teacher with a master's degree and no teaching experience, the minimum salary has been raised from $2,778.75 to $2,900. The maximum has been boosted from $4,436.25 to $4,700, reached in a 16-year period.

## Wrestler



WALTER PALMER, Des Plaines, who will meet a wrestler from Los Angeles June 28 at Arlington high school field. 3,500 are expected to attend.

**Animal Care**

Even a healthy animal will lose strength and become susceptible to disease if it is exposed to bad weather for long periods without rest, water, and good feed.

## Spieglers completes 50 years of business

Just fifty years ago June 2 Spiegler's Brothers recorded their first cash entry on their ledgers as they opened for business in Des Plaines.

Growing with the city of Des Plaines since 1900, Spieglers store has grown from a small beginning into one of the largest independent department stores in the suburban area.

Louis Spiegler, Sr., went on a hunting trip back in 1899, and as the train was pulling through Des Plaines, he spotted the location where the store now stands, and upon his return to Chicago told his wife that he had the location and would like to start a store. He was inspired because his eldest brother was successful in the same type of business in Bensenville.

He received financial support from another brother, Ben; and he and Ben then started the store known as Spiegler Brothers, June 2, 1900. After four years Benjamin moved away from Chicago, and Louis Spiegler, Sr. became the sole owner, changing the name to Spiegler's Department Store.

In 1910 the building was lowered to street level, moved to the west end of the lot, and the twenty-foot wide men's wear section was built.

On January 13, 1914, at one o'clock in the morning, the residents of Des Plaines witnessed one of the most disastrous fires they had seen. At that time the Spiegler family lived on the second floor, and the complete store and their second floor apartment was demolished. Shortly thereafter the store was reconstructed and the complete building used for store purposes only.

Louis Spiegler Sr., passed away in September, 1918. Mrs. Spiegler continued to operate the store: first, with the aid of her two eldest sons, Victor and Walter; and later the youngest son, Louis Jr., joined her after completing his college education.

Mrs. Minnie Spiegler passed away in January, 1944, and the business then operated as it has until now as a partnership of the three Spiegler sons.

## Writers' workshop starts summer work

The Northwest Writers' Workshop announces the beginning of its summer term June 9th. While the summer session will be kept light as to assignments, work on the construction of short-shorts will be continued.

The Workshop meets each Friday night at 8 o'clock at the Edison Park fieldhouse, 6755 N. Northwest Highway and is under the direction of Peggy Lois French, literary coach. Information may be obtained from Secretary Margaret Snowdon, Ne 1-2647.

## Beautiful settings at Mt. Prospect Woman's club Garden Show Saturday, June 3

Top left: Mrs. C. H. Cooper, president of the Woman's club, inspecting the library exhibit with Mrs. H. W. Carlson, a library board member.

Artistic arrangements were displayed on long tables, a portion of which are shown in the center left photo.

Pretty girls added an authentic touch to the Southern garden arranged by the staging committee in charge of Mrs. Jerry Flanigan. Shown lower left are Helen Brownell, Cindy Tice and Joanne Votava.

Younger children also lent glamour to the show. In costumes they flanked the display of children's exhibits. Shown top right are Bonnie Bracken in Dutch girl costume entertaining Mistress Mary in the person of Carol Sternberg.

Marlene Brown and Alise Boyland, center right, were among the Central school eighth grade girls who greeted guests in the Southern garden.

Youngsters gravitated to the Junior exhibits. The group lined up in front of their own displays when the photographer called were Kiel Mandt, Jane Edgcumbe, Mikel Mandt, Carol Bayne, Janice Palmer, Diane Perry and Jean Edgcumbe.

## 3,000 attend No-Wes-Co Cub fair at Rand Park

by ARNOLD HATCH

Twenty-four Cub packs of N. W. Suburban Council held a gigantic outdoor Fair at Rand Park, Des Plaines under clear skies attracting approximately 3,000 Cubs, parents and friends of Cubbing Sunday afternoon and evening June 4.

Each pack was assigned an outdoor booth where various handicraft objects were not only displayed, but actual demonstrations of how they were made were carried on. Various types of amusing games of skill were in progress in each booth.

Ralph Spoo, Cubbing chairman, introduced Wm. Kratt, council president, who gave the welcoming address to the Cubs, their parents and friends of cubbing, emphasizing the fact that cubbing is going ahead by leaps and bounds.

**POTLUCK SUPPERS** were enjoyed with pop for everyone from 5:30 to 6:00 p. m.

Stan Huntington had the Paul Bunyan concrete mixer in operation mixing pancake batter, that Howard Frazelle and George Laubenheimer cooked on the six foot square griddle. Ralph Sandeen dipped the red hot cakes into sugar and cinnamon, but could not keep up to the demand of the long lines of Cubs, who seemed to have bottomless stomachs. Stan says he used up fifty pounds of pancake flour, one-half case of evaporated milk, twenty pounds of sugar and two pounds of cinnamon. George Laubenheimer cooked one pancake a lot bigger than a pie plate for Hatch, the publicity man, who pronounced it excellent.

Bob Ornberg led the Cub drum and bugle corps that headed up a colorful parade of about 650 Cubs, each pack with its own color guard, to the flag pole in front of the field house where the colors were lowered in a very impressive ceremony under the direction of Marty Freeman.

Ralph Spoo, Mark Creviston, Bart Meays and Marty Freeman conducted the mass investiture ceremony in which 105 boys, as well as their dads, were inducted into cubbing.

Ralph Spoo aided by Frank Griffin, presented Wolf awards to Cubs of these packs: 200, 203, 206, 213, 214, 215, 216, 218, 222, 223, 227, 228, 231, 232, 236, 251, and 252.

Bear awards were given to Cub members of packs 203, 213, 214, 215, 216, 218, 222, 223, 231, 232, 236, 241, 250 and 252.

Lion awards went to Cubs of packs 203, 214, 215, 216, 222, 223, 227, 228, 231, 232, 241 and 250.

**STAN HUNTINGTON** complimented the mothers and dads who encouraged their Cub sons to earn the Webelo award, the highest Cub honor. He presented these pins personally to Cubs of packs 200, 206, 213, 214, 215, 223, 227, 232 and 241.

Mr. Huntington, aided by Marty Freeman and all cubmasters of the above packs, participated in the mass induction ceremony of the 28 Webelo Cubs as Scouts into the various Scout troops in their respective districts.

# Methodist camp ground opens at Des Plaines July 2

Entering upon its full swing of summer activities, the Methodist Camp Ground in Des Plaines is now preparing for its annual program of worship services with noted guest speakers to be featured.

The Summer Assembly and Camp meeting will take place this year during the entire month of July. Sunday, July 2, the opening day of the Assembly, Bishop J. Ralph Magee of Chicago will be speaker at 3 p. m. He will address the gathering again at 7:45 p. m. The remainder of the speaking program will be as follows: Sunday, July 9, Bishop Marshall R. Reed, Detroit, Mich.; Sunday, July 16, the Rev. Dr. Newton E. Moats, Des Moines, Ia.; Sunday, July 23, the Rev. Dr. W. T. Smith, Peoria, Ill.; Sunday, July 30, the Rev. Dr. Russell J. Humbert, Youngstown, Ohio. Song services will precede each meeting.

**THERE WILL** be prayer meetings with songs services held each Wednesday evening during the month of July. These will occur at 7:45 p. m. on July 5, 12, 19 and 26. Guest preachers, respectively, are the Rev. Dr. Bertram G. Swaney, Barrington, the Rev. Harold McElvany, Evanston, the Rev. J. J. Hitchins, Chicago, and the Rev. Dr. Odd Hagen of Gothenborg, Sweden.

The mornings and afternoons of July 11, 12 and 13, the Woman's Society of Christian Service will hold its annual institute. Some of the speakers for these meetings will be, Miss Dorothea Wolcott, Miss Sylvia C. Carstens, Dr. Rockwell Smith, Mrs. James Oldnue, Dr. Don Holter, and others.

Each Sunday morning during July and August, Church school is held in the large Tabernacle at 9 o'clock, with worship service at eleven conducted by a different guest minister together with his invited congregation, each week.

### CRIME HOLIDAY

"Hi-ho, come to the Fair" had a very special lure for lawbreakers in the early days. While the rules at the fair were very strict, it was tradition that no one could be arrested for a crime he had committed elsewhere. The Irish carried this idea of immunity one step farther, says The World Book Encyclopedia. During the great Carman Fair held every third August, all personal possessions held for debt had to be returned to the owners, and feuds between the clans of Ireland and Scotland temporarily were forgotten.

# Modern Etiquette

Q. Will you please give me the correct form of introduction?

A. "Mrs. Johnson, may I present Mr. Ford?" is one of the popular forms of introduction. A briefer form, commonly used is, "Mrs. Johnson, Mr. Ford." By emphasizing the more important person's name, it can be made as clear as though the words, "May I present" had been used. Never say, "Miss Barnes meet Mr. Lee."

Q. When seating guests at dinner, is it correct to separate the husbands and wives and the engaged couples?

A. The usual procedure is to separate married couples, but to permit an engaged couple to be seated together.

Q. In what way can a girl show gratitude or appreciation to a group of friends who have given her a bridal shower?

A. She can give a dinner, luncheon, tea or card party for these friends.

Q. When meeting a friend on the street, is it proper to stop to chat?

A. Yes, this is perfectly all right, provided you are not standing in the middle of the walk and blocking the way for other pedestrians. Either stand to one side of the walk, or walk along with your friend as you talk.

Q. Is it all right, when attending a church wedding, for one to leave the church before the members of the two immediate families?

A. No; it is very rude to do so. Always wait until the members of the two families have proceeded up the aisle.

Q. Isn't it permissible to drink coffee or tea with the spoon if the liquid is very hot?

A. No; use the spoon for stirring only. It should then be placed in the saucer and remain there.

Q. On entering a restaurant or hotel dining room, does the woman precede the man?

A. If there is a waiter or headwaiter to assign the table, the woman follows the waiter. If not, the man goes first and chooses the table.

Q. Whom do the parents invite to the christening of their baby?

A. The list of those invited should be limited chiefly to close relatives and friends who might be expected to have a deep interest in the child.

Q. Should a man ignore a salutation if he is walking with a woman who greets a person who is a stranger to him?

A. No; he should return the greeting by lifting his hat.

Q. When a woman has moved into a new neighborhood, how soon should she return the first call of a neighbor?

A. Within two weeks.

# Two men lose lives in accident

Two men were instantly killed when the automobile in which they were riding turned over several times on Rte. 21, north of Half Day. The driver of the car, Shermand C. Lind, 23, of Chicago, suffered minor injuries and was taken to Condell-Memorial hospital for treatment.

Donald F. Yeager, 24, and Raymond H. Feilin, 38, both of Chicago, lost their lives.

The three victims had been on a fishing trip and were returning to their homes. Lind's auto went off the concrete road and into a shallow ditch on the right. The car was swerved to the left to regain the road and turned over several times. The occupants fell out before the car landed on its four wheels.

# Wins high school photographic award

Marjorie Payne, 709 S. Ioka, Mt. Prospect, a student at Arlington Heights twp. high school, has just been awarded a $5 Honorable Mention Prize in the $3,500 Fifth Annual National High School Photographic Awards sponsored by the Eastman Kodak Company. Her picture of dancers was entitled "Swing Your Partner."

## At Knox

Letter awards for successful participation on Knox college varsity track, golf, and tennis teams were announced by athletic director Dean S. Trevor. Twenty-three athletes were named recipients of "K" awards.

Letterwinners include Tom Kurtz, Arlington Heights, in Track.

## At Colorado

The University of Colorado will graduate 2,100 students, the largest class in its history, at its ninety-ninth commencement exercises June 10 in Folsom Field at Boulder, Colo.

The number of candidates for degrees this year exceeds last year's class by nearly five hundred, and is more than three times larger than the pre-war class of 1941, when 641 students graduated. Nearly two-thirds of this year's class are veterans.

Included in the group is Jean Helen Meyer of Arlington Heights, who will receive the degree of Bachelor of Fine Arts.

## At Illinois Tech

Alumni of Illinois Institute of Technology have contributed $55,000 to the Institute during the first quarter of their 1950 alumni fund drive, it was announced by Earl C. Kubicek, director of alumni relations.

This figure, Kubicek stated, represents an increase of $9,000 over the record total given during the first quarter of last year.

During the past eight years, alumni have contributed $1,000,000 toward the Institute's long-range building program which will cover an area of 110 acres on Chicago's near south side. To date, eight classroom and laboratory buildings and three housing structures have been completed.

One hundred and thirty-seven west side alumni are among the 615 who have assisted with the personal solicitation phase during the first quarter of this year's drive. They include Robert Jensen, 49 N. Plum Grove ave., Palatine.

## At Colorado

Phoebe Anne Ellis of 612 Burton Pl., Arlington Heights, has been elected president of the student body at Colorado Woman's college in Denver. She will preside over numerous school and social functions planned for girls from 40 states and several foreign countries which compose the student body.

Miss Ellis, daughter of Mr. and Mrs. Erle Ellis, is majoring in liberal arts at CWC. She is a member of the college orchestra, of Fleur de Lis and International Relations clubs, and Opportunity League.

## At DeKalb

On Sunday afternoon, June 11, at 5 o'clock, the Northern Illinois State Teachers College at DeKalb will graduate 278 members of the Class of 1950. Commencement exercises will take place on the campus island.

## At Carthage

Bruce Kempf, son of Rev. and Mrs. J. M. Kempf, 508 Northwest Hwy., Arlington Heights, graduated from Carthage college June 5 with a Bachelor of Arts degree in Physical Education.

While at Carthage, Bruce was active in Beta, Beta, Beta, honorary biological fraternity; Circle K, a campus service organization; and the college lettermen's club. He was a member of the Redman track, baseball, and football squads, winning his varsity letter on the gridiron.

## At Carroll

One Arlington Heights girl was listed among the candidates for graduation from Carroll College, Waukesha, Wis., on June 5. She was Miss Dorothy L. Williams, daughter of Mr. and Mrs. Paul G. Williams of 837 S. Chestnut ave. Miss Williams, a biology major, attended Northwestern university before enrolling at Carroll in 1946. She will receive a bachelor of arts degree.

Carroll College, the oldest college in Wisconsin, graduated 208 students this year—the largest number in the history of the school. Commencement activities were scheduled for the June 3-4-5 week end with graduation at 10:30 a. m. Monday. James E. Day, President of Midwest Stock Exchange in Chicago, was commencement speaker.

## At O'Hare field

Among the first promotions to be received by local Air Force Reservists since Japan surrendered is that of Robert F. Bittner, 215 N. Pine ave., Arlington Hts., who was promoted to sergeant.

He is enrolled in the 441st Troop Carrier Wing, which operates at O'Hare International Airport, Park Ridge. The 441st Wing is still accepting men and women between 17 and 35, with or without previous military service. Those enrolled now will be eligible to attend the annual encampment starting July 29.

## At Monmouth

Commencement exercises were held in the Monmouth College auditorium June 6 for the largest graduating class in the history of the college. More than 180 seniors and their families were present to hear an address by Attorney Timothy J. Campbell, of Newton, Iowa.

Among those graduating was Glenn Hargrave, son of Glen E. Hargrave, 301 So. George, Mt. Prospect.

## At Monmouth

Glenn E. Hargrave Jr., son of Mr. and Mrs .Glenn Hargrave of Mt. Prospect, graduated Tuesday, June 6, from Monmouth college with a Bachelor of Science degree. Mr. Hargrave was president of Tri-Beta, national honorary biology fraternity, vice president of the independent's organization.

He has accepted a position in Des Plaines junior high school and will teach there next year.

## At Iowa State college

Miss Arline Wiegand, daughter of Mr. and Mrs. Adolf Wiegand of Arlington Heights, was awarded a 25 dollar war bond for being the most outstanding woman journalist of the year at Iowa State college, Ames, Ia. The bond was presented to Arline at a banquet May 20.

## At Beloit

Dale Williams, 837 S. Chestnut st., Arlington Heights, has been awarded a junior membership in the American Chemical Society, donated by John H. Nair, and the C. B. Salmon scholarship of $50, awarded annually to a junior who has made a good scholastic record and has been a regular member of an athletic team. Williams is co-captain of next fall's Beloit college football team.

## At Roosevelt

Robert M. Madsen, 331 West Euclid ave., Arlington Heights, will be among the 525 June graduates who will be awarded degrees by Edward J. Sparling, president of Roosevelt College, in the school's commencement exercises Sunday, June 11, 3 p. m., at the Civic Opera House.

The graduating class will be the largest since the school's founding in 1945, with men outnumbering women graduates by a ratio of almost three to one Almost 200 veterans will be graduated.

## At Atterbury

M/Sgt. John I. Almdale, 31, son of Mr. and Mrs. John Almdale, 300 Olive ave., Prospect Heights, recently arrived at Atterbury Air Force Base, Columbus, Ind., for duty with the Base Inspectors Office.

M/Sgt. Almdale, with ten years in the Air Force, was previously stationed at O'Hare International Airport, Park Ridge, Ill., where he also was assigned to the Base Inspectors Office.

# Campus Capers

## At DePauw

Rita Oberg, the daughter of Mr. and Mrs. Ossian Oberg of Quintens rd., Palatine, has just been elected secretary for the forthcoming year of Tri-Beta, the honorary biological fraternity.

Rita is a zoology major here at DePauw and is a sophomore.

## At Lawrence

Ann Cox, 607 South Pine, Arlington Heights, is among the members of Lawrence college's largest graduating class in history. Two hundred and twenty-three students will receive their degrees at the 101st commencement on the campus at Appleton, Wis., the week end of June 10.

Miss Cox is president of Pi Beta Phi, social sorority, chairman of the social committee, and a member of the Women's Recreation association board, the Lawrence Art association, and the campus newspaper editorial board.

## At Millikin

Miss Betty Price, Mt. Prospect, a junior at James Millikin University in Decatur, was awarded one of the Mary English Awards in Art presented at the awards day assembly May 24. This is the first year that this award for outstanding work in art has been awarded. The award, given by Mr. Harry English of Cleveland in honor of his sister, the late Mary English, consists of two $25.00 government bonds awarded to one boy and one girl chosen by the art faculty of the university.

Miss Price is the daughter of Mr. and Mrs. Price, R. R. 1, Mt Prospect, and is an art major at Millikin.

## At Bob Jones

At the Bob Jones University Convocation in the Rodeheaver auditorium in Greenville, S. C., recently, Miss Lorraine Mildred Jackson, daughter of Mr. and Mrs. Charles Jackson of 907 N. Ridge ave., Arlington Heights, received the Bachelor of Arts degree from the School of Religion with a major in Christian education.

At the Convocation Dr. Bob Jones Jr., president of Bob Jones University, conferred more than 400 degrees, including Bachelor of Arts, Bachelor of Science, and also Master of Arts, Master of Fine Arts, Bachelor of Divinity, and Doctor of Philosophy degrees.

## At Bradley

Alice Barloga of Palatine has been elected president of Associated Women Students at Bradley university, Peoria.

**Variety for Breakfast**

To keep your family from losing interest in breakfast and skipping that important meal, vary your menus from day to day. Waffles or hot cakes with plenty of creamy margarine and syrup will awaken disinterested early morning appetites.

## At DePaul

Eight hundred and eighty-two graduates, the largest June graduating class in university history, will be candidates for degrees from DePaul university at the 32nd annual convocation in the Civic Opera House, on Wednesday, June 14, at 2 p.m.

Baccalaureate services will be held Sunday, June 11, at 10:45 a.m. in the University Church of St. Vincent de Paul with the Very Rev. William J. Kennealy, C.M., rector of St. Thomas Seminary in Denver, Colo., giving the baccalaureate address.

Leo J. Schwamberger, Arlington Heights, will receive a bachelor of laws degree from the DePaul College of Law at the June 14 convocation.

LEO SCHWAMBERGER

The degree of bachelor of science in commerce will be awarded to James C. Marden, 99 N. York st., Bensenville.

JAMES C. MARDEN

## Copies of Gateway Amendment to the pubic for asking

Copies of the proposed Gateway Amendment to the Illinois Constitution, together with the legislative explanation and argument for it, are now being mailed to all county clerks and Boards of City Election Commissions, Secretary of State Edward J. Barrett announced.

In accordance with the legislation approved by the regular session of the 66th General Assembly, Secretary Barrett has had 5,200,000 pamphlets printed for distribution to that estimated number of permanently registered voters. County clerks and boards of city election commissions in turn are supplied with pamphlets as they are needed for distribution to the voters in each county or city which has an election commission.

## John Woss

Funeral services were held Monday for John Woss, one-day-old son of Mr. and Mrs. Raymond Woss of Route 2, Bensenville, at Oehler's funeral home. Rev. W. F. Kamphenkel officiated. Interment Ridgewood cemetery.

The baby was born June 3.

## At Notre Dame

A total of 750 undergraduate and graduate degrees were conferred by the University of Notre Dame at Commencement Exercises Sunday, including Stephan Caliento, 223 S. Pine, Mt. Prospect, who received a BS in Civil Engineering.

The Honorable John J. Hearne, First Ambassador of Ireland to the United States, delivered the commencement address.

The program for commencement week end opened Saturday morning (June 3) when graduating seniors made their last visit to Sacred Heart Church, student church at Notre Dame. Class Day exercises, and awarding of prizes, followed in the University Drill Hall.

# Obituaries

**IN MEMORIAM**

In loving memory of our beloved wife and mother, Minnie Jahn, who passed away June 7, 1949.

How much we miss you, you must know
Without these words to tell you so.
But we can't let the day go by
Without remembering with a sigh.
It's the saddest day of all the year;
The day God came and took you dear.

## William H. Revers

Funeral services will be held today (Thursday) for William Revers of 315 Park Place, Arlington Heights, at Lauterburg and Oehler's funeral home at 1:30 p. m. Rev. Thomas K. Chaffee Jr. will officiate. Interment Arlington Heights cemetery.

Mr. Revers was born March 3, 1877, in Dubuque, Ia. He died June 6 at St. Joseph's hospital at the age of 73. He was a retired Mason contractor.

Survivors include his wife, Vaturia; a daughter, Merle Holtz; a son, Frank, and six grandchildren.

## Henry T. Borgers

Funeral services were held Saturday for Henry T. Borgers of the Lutheran Home and Service for the Aged at 2 p. m. at the Home. Services were also held June 6 at the Hack Funeral Home in Beecher, Ill. Rev. J. M. Kempf officiated at both services. Interment St. John's Evangelical Lutheran cemetery, Eagle Lake, Ind. Black's Memorial Home was in charge of arrangements.

Mr. Borgers was born November 27, 1871, in Beecher, Ill. He married Carolina Hasemann in April, 1902. Following their marriage the couple made their home in Beecher.

After the death of his wife in 1948, Mr. Borger entered the Lutheran Home and Service for the Aged. Following an illness of one week, he died at the Home June 2 at the age of 79.

Survivors include a sister, Miss Louise Borgers of Joliet, and one brother, Fred, of Beecher.

## William R. Kerner

A private funeral service will be held Saturday at Tharp Funeral Home for William R. Kerner of Los Angeles, Cal., father of Mrs. Robert C. Cole of 104 Robertson, Palatine. The family requests that no flowers be sent.

Mr. Kerner was a retired salesman. He died Monday at his home in California at the age of 57. He is a brother of Judge Otto Kerner of the U. S. Court of Appeals and uncle of Otto Kerner Jr., a U. S. attorney.

Survivors include his daughter, Mrs. Robert C. Cole of Palatine; two sons, Charles A. of Los Angeles, Cal., and William R. Jr., of Milwaukee, and four grandchildren of Palatine.

## Bits o' business

Inflation is rearing its ugly head again as price increases crop up throughout the economy. Three current pressure areas: (1) the government, because of continued deficit financing — Uncle Sam is getting deeper in debt almost daily; (2) the farm, where there's been no let-up in price propping; (3) labor, as a result of high wages . . . Gone are the days when American auto owners traded in the old bus for a new one every year or so. Car scarcities during the war taught thousands of motorists that their jalopies were a lot more durable than they'd been given credit for. The result will probably be a slow-down in the turn-in rate, leading some observers to wonder how long auto output can continue at present peaks . . . Thanks to the building boom, Americans had a $37.2 billion home mortgage debt at 1949's end. Per family average was $1,200, of which two-fifths was underwritten by either FHA or VA . . . According to the National Association of Real Estate Borads, there's a shortage of retail business space in 54 per cent of 470 cities surveyed recently. Rents are holding firm in 70 per cent of the towns, however, says the Association.

## May fatalities in Cook county slightly down

Ten persons were killed in traffic accidents on Cook County highways, outside of Chicago, during May, it is reported by the Cook County Traffic Safety Commission.

For the first time this year, the monthly total was less than that for the corresponding month of 1949, which was 12 deaths. President William N. Erickson of the County Board, President of the Safety Commission, said that May's good record gave hope of recovering the trend which previous to last November recorded 13 successive monthly decreases in fatalities.

May's total of fatalities was not only lower than that of May, 1949, but was the lowest, except May, 1947, in the last five years. Totals in other Mays were: 1946, 17; 1947, 9; 1948, 13, 1949, 12.

## TO ROLL OR NOT TO ROLL

By KAY DANIELS

**She wears new pedal pushers as sleekly tailored as a custom-made suit and she wears them straight, because Miss Frances Burke who models the ensemble is average height, and the trouser-length is just right for her. Girls who have shorter legs like to roll up the bottoms. Both shirt and pedal pushers are of Celanese rayon sharkskin which sheds dust and wrinkles, making them ideal for all kinds of vacation wear.**

## Lessons In .... English

by W. L. GORDON

**Words often misused**

Do not say, "I will walk with you a little piece." Say, "I shall walk with you a short distance (or, a part of the way)."

"From my viewpoint, this is the thing to do" is not incorrect, but the preferred expression is, "from my point of view."

Do not say, " We could think of no other plan but this." Say, "We could think of no other plan than this."

Do not say, "After learning your lesson, you should make less mistakes in English." Say, "fewer mistakes."

Do not say, "The early beginning of the story is the most interesting." Early is redundant and should be omitted.

Do not say, "I know who you saw when you went into the theater." Say "I know whom you saw."

**Words often mispronounced**

Facetious (exciting laughter). Pronounce fa-se-shus, a as in ah, e as in see, accent second syllable.

Mischievous. Pronounce mis-chi-vus, both i's as in it (second i unstressed), and not mis-cheev-i-us often heard.

Chiropractor. Pronounce ki-ro-prak-ter, i as in kite, principal accent on first syllable.

Temperament. Pronounce temper-a-ment, four syllables, and not tem-per-ment, nor tem-pra-ment.

Progeny. Pronounce proj-e-ni, o as in on, e as in bet unstressed, i as in it, accent first syllable.

Gangrenous. Pronounce gangre-nus, e as in me unstressed, accent on first syllable.

**Words often misspelled**

Accede (to consent); exceed (to surpass). Axis (singular); Axes (plural). Links (parts of a chain; a golf course); lynx (a cat-like wild beast). Cannon (piece of artillery), three n's; canon (a law; also a clergyman), two n's. Default, faul; defalcation, fal. Presentiment (a premonition), observe the ti; presentment (a presentation), no i.

**Word study**

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

Ostentatious; characterized by, or fond of, unnecessary show. "The woman's manner of giving an entertainment was ostentatious."

## Park Ridge names new school after founder

It's now the George B. Carpenter school!

The name has been chosen from 192 suggestions in a contest sponsored by the Park Ridge board of education to name the Cherry-Hamlin building now under construction.

Rita Ross, fourth grade student at Eugene Field school, was declared the winner of the contest, board officials said, because her accompanying statement was judged the best of the four students who suggested the Carpenter name.

Carpenter first suggested that the village name of Brickton be changed to Park Ridge. He was elected first village president when the area was incorporated in 1873.

In the ship supplying business in Chicago, Mr. Carpenter came to Park Ridge after the Chicago fire when the business had burned. It was later rebuilt, but the Carpenters remained here.

The Park Ridge City hall is now housed in the former Carpenter family home.

## National sales up

The sales of National Tea Co. for the four weeks ending May 20, 1950, amounted to $23,366,019.65 as compared with $20,455,927.86 for the corresponding period of 1949, an increase of 14.22%.

Sales for the year to date amounted to $113,917,760.99 compared with $104,550,353.48 in 1949, an increase of 8.22%.

The number of stores in operation decreased from 657 in 1949 as to 652 at May 20, 1950.

# 'AM I TONGUE TIED?'

On the contrary, salesmen like to talk. Fancy words and full command of descriptive adjectives, "It's a honey," "It's a beauty," "She's a dream car," all add up to become what we know as salesmen's lingo. From experience I know that only one simple thing is all that is necessary for a sale. "IS MY MONEY BUYING THE MOST AND THE BEST?" We answer that yes every time. See if we're right, compare these prices with others. Visit us and look at the product.

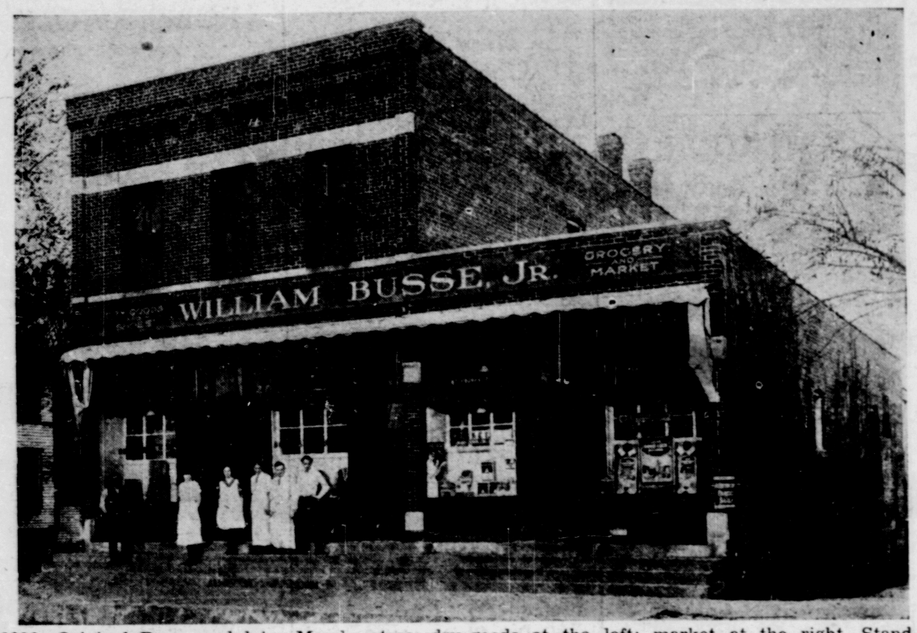
# Way Back When

Our Aim: To Fear God, Tell The Truth, and Make Money

## $10 a week boy clerk 32 years ago is today owner of Meeske's Super-Mart at Mt. Prospect



1926—Original Busse and later Meeske store; dry goods at the left; market at the right. Standing—W.n. Busse, Jr., Mrs. Edw. Moeller (Martha Grimm), Christina Busse, Fred Haas, Fred Meeske, Alvin Beigel (postoffice clerk).

1928—Interior of market; left to right, Fred Haas, Fred Meeske, Lloyd Meeske, Mrs. Roland Bradley (Mamie Busse), Mrs. Fred Meeske (Hulda Busse).

1950 merchandising in the food line is a lot different than it was in 1918 when Fred Meeske, 14-year-old son of Paul Meeske, a Lutheran school teacher, entered the employ of William Busse Jr., as a clerk, delivery boy, handyman. His salary was $10 a week, which he handed over to his dad, who in turn gave him $1.00 for spending money and banked the rest against the day when Fred would be old enough to go into business for himself.

That is just what he did ten years later, when in 1926 he became the junior member of the firm of Wm. Busse Jr., the name of which was changed to Busse-Meeske. Two years later Mr. Meeske became sole owner.

**THE YOUNG CLERK** used a horse and buggy to reach his job until he was able to purchase a bike. His hours were 7 a. m. to 6 p. m. four days a week. Wednesday and Saturday evenings the store remained open until 10 p. m. Sundays, the store was open until noon.

Customers who required these hours were either dairymen who brought their milk to the milk train or creamery every morning or farmers who spend daylight hours in the field and only had time to do their shopping at night or Sundays. They traveled by horse and wagon—few autos.

Fred recalls that one of his jobs was to keep the "poor box" filled with tobacco. Farmers smoked pipes in those days and all stores kept an ample supply on hand—all free.

**BUSINESS DISTRICT** of Mt. Prospect, then unincorporated, was small. The public school had only one room; there was no church or bank; no sidewalks, or improved streets. It was all farm land south of the railroad and east of Owen street. The main businesses of the town were the creamery, farm machinery, hardware store, coal yard and general store in which was located the postoffice.

Fred, the young clerk, displayed an apptitude for store responsibilities. He won the confidence of customers and particularly displayed his selling ability in the sale of farm seed orders.

When the newly organized Mt. Prospect Bank required the services of Wm. Busse Jr. in 1926, he did not hesitate to take in Mr. Meeske as his partner. Fred took entire charge of the meat and grocery department, the dry goods department being sold out.

**TWO YEARS LATER** Fred became the sole owner and in 1928 the original Busse store building was replaced by the business block, which continued to be the home of the Meeske store until next week when it moves into its new home.

Mr. Meeske has shown that he is as good a boss as he was a clerk. Two of his employees, Fred Haas and Ralph Busse have never had any other job and have been part of the store staff nearly 25 years.

"I started behind the meat counter, and I still like it," was the explanation Mr. Meeske made when asked why he worked so hard, but he did admit that he will have more than an upstairs cubby hole for an office in that new store building.

## JUST AROUND THE CORNER

Dear Jane:

Having placed my typewriter on the table out here on the wee terrace, and seated myself before it, I should be ready to begin my weekly letter to you. But the scene before me is distracting, and I find it difficult to start.

It is quite beautiful here at the farm today. The sun is warm, the sky a lovely blue with a few snowy clouds, and the fields of oats and alfalfa, lush green. It's the kind of day that invites one to stretch out on the lawn for a snooze and a sunbath—a luxury I can't allow myself at the moment.

As I look to the east I see Kate, the two-year-old, Jem, the yearling, and Mike, the black and white pony, grazing on the crest of the hill. It is a peaceful scene. They walk slowly, no hurrying today, for the air is already promising warm temperatures for the afternoon. Where is Pat and her ten day old filly? They must be hidden on the other side of the corn shed.

Have I told you about this new-comer to the farm? She was born during the night out in the pasture a few days ago. Edward discovered her in the early morning, and called excitedly to George and me; "Pat's had her colt! They're in the little hollow on the other side of the hill near the oak trees."

Pat is George's pony, so, of course, he was the first one out of the house. Why we always leave whatever we're doing immediately and run like mad when a new birth is announced at the farm, I'll never understand. But we do this every time. There is a thrilling sentiture out of an entire show that sation about this occurrence that words can't describe. One must see it to fully appreciate.

I have observed that once we have arrived at the scene, we compose ourselves after the first exclamations, and are quiet. We speak softly and walk about quietly, for we know we must not excite the new mother or frighten her little one in any way. We each take a turn in petting the mother, and then just stand around thinking — mostly, I suppose, on the ever-wondrous miracle of birth.

Now that school is over for the summer for numbers three and four sons, many projects are being discussed to take the place of studies. Edward has hired out as our gardener, and George is official fence builder, wood chopper, etc. That is, these are the jobs for the immediate present. One never has to look very far to find work for young, strong hands on a farm, you know.

The last day of school, June first, I took off for the big city to see the opening of the 54th annual exhibition of Chicago and Vicinity artists at the Art Institute.

I wonder if there is ever a time when an art-minded audience agrees even 50% with the choice of the jury on awards? I doubt it. I don't know when I've heard more adverse criticism about the judging of a show than I have on this particular exhibit. There is also an apparent feeling that the quality of the show in general is poor. Maybe so, but for me there are some very fine things to see. And I feel that if there were only one picture or sculphad the power to raise my spirit, I should think it worth while. I don't expect to like everything I see in an art show — a lot of what I see I frankly admit I do not understand. And that isn't because I see with conservative eyes—for I like many of the modernists very much. For instance, I think there is justification in the award to Abbott Pattison for his marble sculpture, "Wingless Victory," but I doubt if I could ever understand the reason for the award to an oil painting, called "Eleemosynary Quartet." I also wonder why the sensitive work of the Evanston sculptor, John Wallace Purcell, is so often passed up for award. He exhibits regularly at the Art Institute, yet I can't recall his receiving even an honorable mention. Perhaps I am wrong about this.

I thought the plaster figure, "Madonna," by Sylvia Shaw Judson, quite beautiful from a spiritual viewpoint, and I found myself wishing that this sort of church sculpture might replace some of the very poor examples that now exist and pass for "church art."

The wind is whipping around the house over the terrace, and I am having difficulty in keeping the paper still while I type. Perhaps I should say goodbye for now and busy myself with setting the rest of the zinnia plants in the perennial bed. I always put in a few annuals here and there between the plants, so that there will be some color throughout the summer when the early perennials are finished blooming.

So, until next week, with love,

Mary.

● **WOOD SMOKE**

The tangy odor of wood smoke can be detected on a lot of these cool evenings this spring.

Folks have let their fires go out and then along in the afternoon comes that chilly breeze from the northeast. It isn't comfortable sitting around the house in the evening, so they build up a little wood fire and the smoke can be seen coming out of many a chimney and the tangy odor of wood smoke fills the air.

● **WANDERERS**

From the number of Arlington Heights business people we have seen eating lunch at the Village Inn in Palatine during the last six weeks, we've begun to wonder if the eating places in Arlington have all gone out of business or what's the trouble.

Some of Palatine's business men are wondering if they shouldn't form a syndicate to expand the Village Inn's fame for good food and open a branch at Arlington Heights so that the folks from there wouldn't have so far to go for lunch.

● **MILLION DOLLAR RAIN**

That's what the farmers are calling that fine rain that finally visited us last week.

It was a real soaker and in most instances it came down steadily without doing any damage but did a world of good to the thirsty crops. Meadows and lawns which had looked dry and burned out like the middle of August greened up in a matter of hours, suffering crops got water, and a new life and a new hope seemed to hit the farming and truck growing areas.

Seeds that were dormant in the dry ground sprouted and came up like magic and those that were up had a chance to grow.

Everything and everybody seemed to freshen up after that splendid rain.

● **WASHED OUT**

The only damage that the rain did that we have noticed was to wash away about a dollar's worth of rabbit repellant that we had spread along our bean rows the evening before the rain. But we're not moaning about that dollar for the rain was worth a lot more than that smelly rabbit dope.

And anyway we don't really know why we put that stuff out. The rabbits hadn't been bothering what beans had come up. Why they hadn't we don't know. They are scampering all over the place, but they were leaving those beans alone. Maybe they have become so friendly that they figured there was enough clover and other green shoots around without bothering us by getting into the bean patch.

They seem to be a friendly and understanding sort of tribe this year. If they'll only keep up that fine attitude everything will be lovely.

● **LAWNS**

While some of our political big shots were fishing up in Canada lately, Tony Dolotowski of the Palatine Equipment company and his crew were busy fixing up their lawns.

And they got that nice black dirt spread and the grass seeded just in time. Along came that wonderful rain and helped to settle the fresh dirt and give the seed a start. And all the while Tony was busy fixing up those lawns, the owners were up in Canada catching fish and formulating bear stories.

● **FISH AND BEAR STORIES**

Roy LaLonde, Ed Haseman, and Chuck Smith recently spent a week or ten days up in the Canadian wilds at George Kenyon's camp.

It was a late spring up in that country too, and after the boys left Duluth they found plenty of snow banks still lurking along the highways. When they got way up in the woods they found plenty of ice in the lakes and they couldn't go everywhere they wanted to because of the ice.

But fishing was good. Ed caught the first trout he had ever landed and he got some beauties. Roy caught a fish that the veteran guides had never before seen caught on a hook and line, and everyone had good luck with the northerns and wall eyes.

The boys also had a bear story. Roy has lugged a gun up into that country for years in the hopes of getting a shot at a bear, but one morning when they started out he figured that he was tired enough of toting that gun around and never seeing a bear, so he left the gun in camp.

Chuck Smith in another boat lugged his gun along and the boats started out. On the way to the fishing grounds, Roy spotted a bear on a promontory along the shore. There was the bear, but no gun in the boat.

Chuck and his gun were in the boat ahead well up the lake and the fellows in Roy's boat started yelling and waving hats, jackets and paddles to try to signal them down so that Chuck could get a shot at the bear.

Then an aquaplane appeared overhead and began circling around the area. The boys thought the fellows in the plane had also seen the bear and were jockeying for position, but the plane finally landed on the water near their boat. The occupants said, "Sorry, we were looking for some one, but you aren't them," and away they went.

About this time the boat ahead had stopped to see what all the commotion was about and the party went back to try to find he bear, but beat the brush as they would and did, there was no sign of the bear. He's probably decided that with a lot of yelling and arm waving humans on the lake before him and a plane roaring over his head, that that was no place for a mere bear, so he had departed to parts unknown and another chance to bag a bear went up in thin air.

And then a few days after the boys got home, George Kenyon comes back for a few weeks and tells about a bear coming to his camp one evening and looked in the window. George said they had an awful time chasing the blame beast away.

What you don't see when you haven't got a gun, and why couldn't that bear have done his window peeking while Chuck and Roy were in camp with their trusty blunderbusses?

● **TICKETS**

We have heard considerable about tickets lately, different kinds of tickets.

First we heard an employee of one of the business houses remarking that the only Palatine Day tickets they'd seen were a couple they'd asked for at their place of employment.

Now we've been reading in the paper about the thousands of tickets for the big picnic that are supposed to be around in the business places for distribution to the public, and that there is a dollar charge at the gate for anyone without a ticket.

Well where are the tickets? We've eaten in the restaurant, traded in a lot of the stores, been in both real estate offices and up to the time of this writing, no one has even mentioned Palatine Day or a ticket to the big event.

What goes on? If that Chamber of Commerce big celebration is going to be a success it looks to us as if every member of the organization should be shoving out those tickets and promoting the affair.

It isn't a one man job. They can't expect secretary Jim Monroe to do it all. One or two committees can't do it, the affair has got to have the united support and active work of the enire membership if it's going to be a success.

If we couldn't read the paper and the placards we wouldn't know there was going to be a Palatine Day. No one pushing tickets, no one talking Palatine Day.

One fellow said the other day that we should remind the police department to put a couple of officers on the job, that with everyone out of town it would

(Continued on page 21)

## THE FENCE POST

*Letters to the Fence Post should be short and concise. All desired. Address Fence Post. Paddock Publications, Inc., letters must be signed, though name will be withheld if*

**MRS. CHURCH**

I am compelled to answer Mr. W. C. Turner of Mount Prospect who, last week attempted to discuss the matter of nominating a candidate to fill the vacancy left by the untimely passing of one of our ablest Congressmen, Ralph E. Church of the 13th Congressional District.

Mr. Turner offers the Republican Nominating Committee a candidate of quality and is to be congratulated for speaking up for a Republican friend.

However, he reveals that he has made no effort to learn the facts. The "Powers-that-be" are making every effort to do so. This is shown by the deliberation and upright manner with which they are approaching this very important matter. Mr. Turner apparently does not know just who Marguerite Stitt Church really is. She has been teammate in political campaigns and legislative programs of the late Congressman during both 14 years of his service in the Illinois State Legislature and his 14 years of service in the United States Congress.

Mrs. Church has been recognized in her own right as a person of great political experience, insight, and knowledge as evidenced by her being elected President of the Congressional Club of Washington, by the active role she has played in speaking for and generally aiding many candidates in the national elections, and by the delivering of treatises before national and inter-national assemblies. The Congressional Club of Washington includes the wives and daughters of present and former members of the House of Representatives, the Senate, the Cabinet and the Supreme Court.

This is the first time an Illinoisan has been accorded the honor of being President. In addition to all Mrs. Church's practical experience she has a most adequate formal educational background for a Representative in Congress. She is a graduate of Wellesley College, (a Phi Beta Kappa) and has a M. A. in politicial science.:

Mr. Turner does not seem to be aware of the nature of the party at Tam O'Shanter. 1000 women came to hear Mrs. Church speak, and, PAID FOR THEIR OWN LUNCH. This was a demonstration of a renewed interest in Republicism and very clearly indicated approval of the quality of the Rupublican candidates who are up for election in the fall. Many of the guests were prominent, socially, in business, and in civic affairs. All were enthusiastic Republicans! True, some were precinct workers and committeewomen. Mrs. Church's address "Republican Women—1950" (scheduled long before the death of Mr. Church) and the object of the meeting was to interest all attending to be precinct workers and in enlisting thousands of other women in this most urgent work for Republican victory in November.

The subject matter of Mrs. Church's speech received the widest publicity in all the metropolitan and important papers in the 13th Distdict. She urged the women to get out and become working Republicans at the precinct level. She urged us to see that every qualified voter see that every qualified voter was registered and to get out the vote!" She very forcefully criticized the integrity of the present administration it's creeping socialism, its stupid foreign policy and it's ridiculous overspending—in fact, Mr. Turner, I'm sure, as a good Republican, you would have been thoroughly delighted with the contents of the address—had you been there to hear it!

I am glad you mention Mr. Dreiske's comments on the party. That was a difficult bit of publicity to get. The many other favorable comments and the accurate reporting was received with much pleasure by the women who worked so very hard to make this Republican rally the truly great success it was.

As to the statement regarding relief—Mr. Turner, that is very absurd indeed.

And as one Rupublican to another, please don't knock or belittle one good Republican to boost another because that is really not the way to blow the Republican horn!

(Mrs. Paul F. Koenig)
Arlington Heights.

**BABY SITTER**

Many a wily female has coaxed her spouse into taking care of the kiddies, but the mamma gaff-topsail catfish really stretches the point. For about 80 days her mate patiently holds a mouthful of eggs the size of marbles. According to the World Book Encyclopedia, he doesn't swallow them, but neither does he get to swallow any food.

**FREEDOM**

Freedom — what is it? Do you truly understand its full meaning? Do you really appreicate it —or do you merely take it for granted? Are you one of those TRUE (?) Americans who think —Freedom is a wonderful thing —It was here when I was born —It will be here after I'm gone —? DON'T BE SO SURE!

The middle of the Twentieth Century is here. It may well be the turning point—not only in time—but also in our way of life. Whether or not we continue down the road of Freedom, opportunity and free enterprise, or turn off to Bondage, socialism and government control, can be determined in the near future by the efforts of the forces on either side.

Today, our American system is threatened by Communism. But—this may not be our greatest danger. We licked Nazism, Fascism and if need be, we can lick Communism. But, can we lick the greatest danger our great country faces today — Complacency? Complacency of the American Public. Complacency—taking our Freedom and Democracy for granted. Too many Americans are asleep —their snores drowning out the slight noise of the "so-called Americans" who would take away our real Freedom. I say slight noise—for such forces work quietly, so as not to awaken the majority of Americans. Yes—the majority. There is no doubt but what the majority of Americans really love Freedom — our American system of Free Enterprise—our belief in Justice and Equality for all.

But—the majority slumbers on —oblivious to the work being done by the minority. Yes — work—for the minority, knowing it is a minority, is working hard to accomplish the end desired. If you think back into history—and not ancient history — you will realize that many things have been put over on the majority of Americans by a minority, simply because the majority said "It can't happen here" and slept on, to wake up one morning to find it had happened, and that it was too late to do anything about it. Are you going o sleep on—or are you going to awake—and prove that you appreciate and want to keep Freedom?

Next week: "Let's Wind and Set the Alarm." Please tear this out and keep it until you have read the rest.

Northwest Freedom Festival—Arlington Heights June 30-July 4th.

by K. W. Messenger,
Comm. Merle Guild Post
No. 206, Am. Legion.

**OUR BABIES' FUTURE**

How many parents realize what a dirty trick we are playing on our babies?

Our federal government is spending, during this prosperous fiscal year ending June 30, over 6 billion dollars more than its income. Our babies are going to have to pay for that.

The total debt of our federal government is now in excess of a quarter of a trillion dollars and still growing. Our babies are going to have to pay that debt.

If our federal government can't balance its budget and live within its income today, when we're already paying exhorbitant taxes, what does the future hold for our babies?

Still higher taxes?

Still higher prices?

Still more controls and less opportunity?

There is some moral justification in asking our babies to help pay the debt created by the cost of the wars to preserve our country and theirs. But there is no moral justification for us to saddle on our babies the total cost of those wars. We too should pay off part of that debt instead of adding to it year after year.

It is completely immoral and unjustifiable to allow our government to continue to pile debt on the backs of our babies by pouring billions of their dollars down the multitudinous ratholes uncovered by the Hoover Commission Report.

The answer is still simple. It is still our government, unless we lose it by default. Our members of Congress are still elected by us.

If each of us will subscribe to and carry out the following pledge suggested by the Taxpayers' Federation of Illinois, then we can begin to fulfill our obligation to our children: "I'm going to vote at EVERY election, and I'm going to vote for those who, regardless of party, promise to protect the future of our babies against more debt, more taxes, more bureaucracy, less freedom, less opportunity. I'm going to keep tabs on those elected to see if they keep their promises. And I'm going to write my Congressmen right now to tell them this."

Then maybe we can look our children in the eye and not be ashamed.

George E. Mahin
Taxpayers Federation

**THANK YOU**

To the dear hearts and gentle people of this community:

Accept our heart-felt thanks and gratitude for the wonderful way you have shown your concern for us in our time of need. We especially wish to thank those who donated to the Benefit Fund Drive, the schools, civic groups, and all individuals who labored to make the Benefit Track meet, of May 25, a success.

May our God richly reward you for your kind consideration in our behalf.

Mr. and Mrs. W. J.
Creamer and family,
Mt. Prospect.

# Tales of the street

(Continued from page 17)

be a great chance for raiders. Well if someone doesn't start promoting Palatine Day pretty soon there will be plenty of people here at home that day, and the ones to promote it as we see it are the members of the Chamber of Commerce. They are the ones that are putting on the show.

● **PARKING TICKETS**

The other "ticket talk" we heard was by a fellow who got a ticket for over parking. He wasn't complaining about the ticket or the fifteen cents, but he did think that if they were going to enforce that parking thing they really ought to do it.

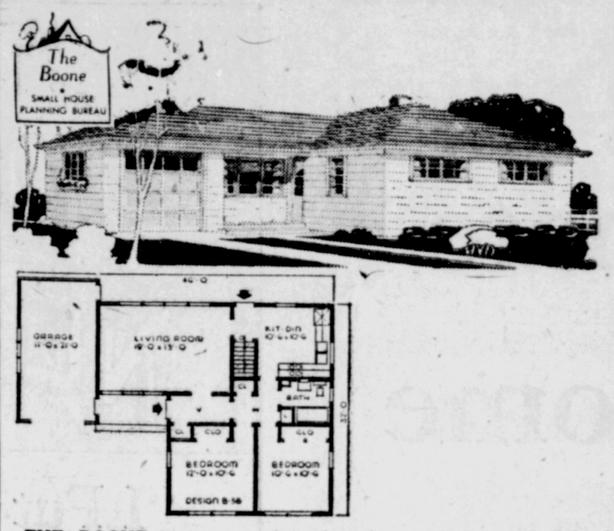
A day or so after he got his ticket, he saw seven red flags up along the Pepper block at one time and five along one side of Slade street and three on the other. His notion was and it seems a good one, that if they are going to make any attempt to enforce that parking law, there should be a uniform enforcement.

They had uniform enforcement once when they had a steady man detailed to the job. Then they forced him out of the department and the parking law enforcement hasn't amounted to a whoop since and the public knows it and acts accordingly.

## In the future

You may not be able to do anything about the weather, but you can learn in a jiffy just how much rain or dew has dropped on those backyard begonias. "True-Chek," a novel plastic gauge, does the trick for you. Simply fasten it to a post in the yard—an easy-to-read graduated scale measures anything from 0.01 to 6 inches of rainfall . . . If your wife drives the car from the front as well as the back seat you might give her (from a safe distance) a can of new metallic filler compound for disguising dents and scratches. It's applied with a knife or squeegee, quickly sticks to almost any clean surface . . . You can carry your own cooler this summer if you get a new Tom Thumb pocket fan. This portable air conditioner is battery-powered, fits in the palm of the hand, cools the carrier at the flick of a thumb . . . A small plastic plate, made with a slot at each end, now solves the problem of how to handle those long foot-entangling electric cords that lie on the floors of most houses. Just wind the excess cord around the plate and slip it in the slots.

# New ideas for that home



**THE BOONE** has a grouping of rooms around a small central hall, enabling accessibility to all rooms from the front vestibule without passing through another room. A covered stoop protects the entrance to both house and garage.

Plumbing installation costs are reduced by having an adjoining kitchen and bathroom. The kitchen has a large well lighted dining space with equipment arranged on two opposite walls. It is located so one end of the living room may be used for dining.

There are 2-story view windows in the living room, one set overlooking the garden, the other the front yard and street. A fireplace can be placed on the end wall of the living room next to the garage.

Closets, with storage space above, are in the bedrooms. There is a coat closet in the vestibule and a linen cabinet and general closet in the bedroom hall.

Exterior walls are frame with siding. The roof, asphalt shingles. There is a wide eave overhang.

The attached garage gives a wide appearance but the area is only 908 square feet and 17,252 cubic feet, including the basement.

For further information about THE BOONE, write The Small House Planning Bureau, St. Cloud, Minn.

# THE MAILMAN'S CORNER

BY LELAND ELLIS TRUXELL

Two of man's deepest regrets in old age are the passage of time and the changes which take place.

Age creeps up on us with a stealthy tread. Muscles, eyes, energy which filled our every need in youth seem to be withering away, growing dim and taking the snap and pep of our youth with them.

Times, too, change, and most of us long for the simple, carefree life of our youth. "Those were the days!" we reminisce. "The good, happy days when we were young!" Even when by simply looking about us we can see the changes for good which have taken place in our lifetime, we still suffer with nostalgiac yearning for the old days.

Mostly, of course, because cares and worries set most lightly on the shoulders of youth. Trouble comes with responsibility of years, the establishment of a home, educating one's youngsters, protecting and feeding them, and establishing a bit of security for old age.

Yet in spite of approaching old age, they are few and far between who have any desire to run the course of life again. The wisdom gained through the years, the understanding of human nature, the good friends one has known and who in many cases have gone on, the memories or good time enjoyed in the past all add up to making life worth living.

And it is good, too, to see and compare the many good things of the past with the newer and better things of today. Cars that glide over ribbons of concrete with an airy comfort and speed never before believed possible. Fruits that taste better, homes that are as comfortable as a king's castle. Young people lack the perspective to compare the past with the present, for their lives are in the now. Tomorrow they will understand.

Yes older people regret what is past. Regret seeing the glorious period of their youth and strength sink into oblivion. They meant so much—and now they are gone—the time and the things we loved.

But just because these things have passed on and new things have taken their place, the twilight of our lives becomes more beautiful.

**"Twelfth Night"**

At Rodanthe, a small village on wind-swept Hatteras island off the North Carolina coast, residents still celebrate Christmas on January 6, the ages-old Twelfth Night.

**Burning Trash**

When burning winter trash be sure to lay the fire in an open space on bare ground so that trees and shrubs will not be scorched by the heat given off.

# Presenting the Younger Generation

**Bonnie Lass**

This happy smile, wavy blonde hair and sparkling gray eyes belong to Adrienne Kulieke, daughter of Mr. and Mrs. Alvin Kulieke, 303 N. Dunton, Arlington Heights.

"Til be three on July 12 — that's my birthday," is Adrienne's statement when asked how old she is.

This peppy little girl is full of energy and finds her favorite dolls, Margie and Janie, keep her busy, especially when they have to be "changed and formula has to be made for them." Adrienne delights in imitating her mother in the care of her new baby brother, David; thus Margie and Janie are well cared for.

Mr. Kulieke, who is a science teacher at the high school, is learning some German songs. "Adrienne has picked up the German words and follows along with him," said Mrs. Kulieke. Her fondness for music is displayed often in the many little songs she sings, "Jesus Loves Me" being her favorite.

**All smiles**

Adrienne's little brother, David, is pictured next. He has blue eyes, blond hair and is always wearing a beaming smile.

David is 6 months old, says just a few "words," loves to laugh and play with his balloon. "The balloon is tied to his crib," explained his mother, "and he falls asleep kicking it."

**Just give him a train**

Meet little Timmy Husky, 2 year old son of Mr. and Mrs. R. T. Husky of 345 N. Schiller, Palatine. Timmy has blond hair and blue eyes and loves trains —just any kind of train.

He has three trains of his own and jumps for joy whenever his folks take him on the streamliner to Berlin, Wis., to visit his grandparents. "All he wants to do is see the engineer," laughed Mrs. Husky.

**Daddy's girl**

Here is Joanne Dolacinski, daughter of Mr. and Mrs. G. R. Dolacinski, 132 S. Forest ave., Palatine.

"Joanne is 2½ years old, has blonde hair and blue eyes and a sunny disposition," said Mr. Dolacinski.

This little girl loves to play outdoors and plays on the tomboyish side. Indoors her favorite activity is taking care of her dolls as mother cares for her 9-month-old baby sister, Judith.

Grandparents are Mr. and Mrs. Frank Crowley of Boston and Mrs. Catherine Dolacinski of Chicago.

## GI loans available to unremarried widows

Unremarried widows of veterans who died as the result of service in World War II are made eligible for GI Home, Farm and Business Loans under the terms of instructions issued by Veterans Administration to its field offices.

Such unremarried widows became eligible for VA-guaranteed loans as the result of one of several amendments to the GI loan provisions contained in the recently-enacted Housing Act of 1950.

Eligibility requirements for such widows to receive GI loan guarantees in general parallel those governing death compensation payable to widows of World War II veterans.

The veteran must have served in the armed forces at some period between September 16, 1940, and July 25, 1947, and his death must have been a result of service while on duty, or from service-connected causes following discharge under conditions other than dishonorable.

**Glass Fibers**

In making glass fibers, used in materials that resist water, acids, heat, cold, and electricity, the industry first makes big glass marbles, from which continuous filaments are drawn out faster than a mile a minute. A strand of glass fiber may be 15 times finer than human hair, and have a tensile strength greater than steel.

## ? Questions On GI Bill ?

Question: I served 2½ years in the navy after January 15, 1947 and have an honorable discharge. Am I entitled to "expeditious naturalization?"

Answer: No. To secure the privilege of expeditious naturalization a WW II veteran must either have served in the armed forces of the United States between September 1, 1939 and December 31, 1946, or have completed three years of honorable service after the latter date, and must apply while in the service or within 6 months of discharge.

Question: What is the reason for such slow payment of Prisoner of War Claims?

Answer: Because of limited staff and limited funds at its disposal the War Claims commission can process only about 50 claims a dav.

Question: How many WW II servicemen received the death penaity for desertion in the face of the enemy?

Answer: Only one soldier was executed upon conviction on a charge of deserting in face of the enemy.

Question: Upon the death of a WW II veteran who was discharged under conditions other than dishonorable, will the Government pay his funeral expenses?

Answer: The VA will pay funeral expenses up to a limit of $150 in such case. The person who defrays the funeral expenses may apply to the local District Office of the Veterans Administration, using VA Form 8-530. If the veteran dies in a VA hospital and a local undertaker drives to the hospital for the remains, that undertaker may collect the full $150.

### Monica Baldwin contrasts convent and secular life

There is a certain type of satisfaction that the reader derives from an autobiography that is not to be found in any other type of writing. To discover how and why others live is a valuable asset in understanding oneself and others.

Of all the ways of life revealed by an author, that of the religious behind convent walls has especially stirred the curious. Monica Baldwin, who spent 28 years in a convent, emerged into the wartime existence of England in 1941 to pick up the threads of her earlier years. She describes her changing life in **I Leap Over the Wall**

The book has two planes of interest told in alternate sequences. She describes her Rip Van Winkle experiences when she returns to a strange culture with changed faces, fashions and customs. The memories of her protected girlhood in 1914 hardly equipped her for the independent present, and after years in a secluded atmosphere, she was entirely unprepared to earn her living.

To show how great is the divergence between these two patterns of life, she delves into her convent experiences, explaining the way the nuns rule their lives, provide their food, spend their days, and what their aims and happinesses are.

If she had written just the Rip Van Winkle part, her book would not have differed much from the many personal experience books crowding the shelves in which the writer has gone through some unusual experience and written about it from the humorous point of view. I can recall such books as **The Egg and I** and **The Doctor Wears Three Faces.**

However Miss Baldwin's book is much more valuable because, beneath her humor, she is trying to explain why the religious join convents and why most of them obtain such satisfaction from their self-denial. The reader will gain a greater understanding of Catholicism and its inner life.

**I Leap Over the Wall**
Monica Baldwin
Rinehart & Co., 1950

## Uncle Sam Says

**The U. S. Savings Bonds "Independence Drive" opening May 15 will carry a most appropriate theme: "Save for Your Independence." The Liberty Bell, symbolic of political independence, will once more ring out, suggesting that you plan NOW to buy more U. S. Savings Bonds—to better equip yourself for a secure and comfortable future. There are three simple ways to buy Savings Bonds—enroll for the Payroll Saving Plan where you work, if self-employed, the Bond-A-Month Plan at your bank, or cash purchases at your bank or post office.**

## Vehicle registration still going up in U. S.

A total of 2,414,354 motor vehicles were registered in Illinois during 1949, or about 8.6 per cent above the number registered the previous year, according to Charles M. Hayes, president of the Chicago Motor club.

A total of 2,222,953 motor vehicles were registered in Illinois in 1948.

Government figures forwarded to the Club show 36,433,674 passenger cars, 208,898 buses and 8,028,016 trucks were licensed in the United States last year.

"Total registrations for 1949, including autos, trucks and buses," Mr. Hayes continued, "reached 44,670,588, an 8.6 per cent increase over the 1948 figure, and 10,198,000 greater than the pre-war high established in 1941.

"It is interesting to note that more trucks were registered last year than passenger cars for the year 1919. The greatest increase in motor vehicle registrations was shown by Louisiana, which had 17.3 per cent more vehicles in 1949 than in 1948. The smallest increase was recorded by Maine with 0.5 per cent."

## Twig growth is good yardstick of tree health

Look to the twig and you'll get a fairly accurate health record of your tree. Twig-scanning as an accepted Spring practice for all property owners is urged by W. H. Knowles, field representative of the Davey Tree Expert Co.

Best part is you don't have to be an expert to diagnose the case history. On twigs early twig growth is separated by rings. Simply measure the annual growth, says the Davey authority. That's about the first thing the professional tree man does when he inspects a tree. In this way, he usually can check back six or seven years on growing vigor.

Twig growth considerably shortened one year shows something has happened to retard development. On the other hand, normal twig growth doesn't necessarily mean nothing ails your tree.

**GREATEST ANNUAL** twig growth is shown by fast-growing trees like poplars, silver maples, boxelders and willows. Younger, vigorous trees may have twig growth of at least a foot or two. As they get older, growth tapers off.

In New York City and other areas hard-hit by last summer's droughts, twig growth may show considerably shorter this season, the expert predicts.

Mr. Knowles stresses that while twig-searching is reliable, it is only a preliminary examination. However, curtailed growth during any one or more seasons is the warning signal to look into the cause and do something about it where possible.

## Rock River conference at Oak Park June 21-25

The One Hundreth and Eleventh Annual Session of the Rock River Conference of the Methodist Church will meet at First Methodist Church, Oak Park, Illinois from June 21-25 with Bishop J. Ralph Magee, Resident Bishop of the Chicago Area and Chairman of the Council of Bishops of the Methodist Church, presiding.

Bishop Magee will deliver the devotional addresses each morning at 8:30 a. m. Rev. Churley A. Bloomquist, minister of First Methodist church, LaGrange, will give the memorial address and special music will be provided by the Preacher's Chorus and by the choirs of the participating Oak Park churches.

## 'Ladies in Retirement' opens Tuesday night at Chevy Chase theater

Marshall Migatz's Chevy Chase Summer Theatre which launched its second season last week with the hilarious "Twentieth Century" will present for its second play, "Ladies in Retirement" starring Gale Sondergaard. Miss Sondergaard, whose screen credits ranging from "Anthony Adverse" to her most recent film, "East Side, West Side" have resulted in her becoming Hollywood's most outstanding character actress will portray the role of Ellen in this mystery-comedy of three little old ladies and a murder. Supporting Miss Sondergaard will be Ilka Diehl, resident character actress who is remembered for the variety of roles she played last year at Chevy Chase. "Ladies In Retirement" will open on Tuesday, June 13 and run through Sunday, June 25.

## SWIFT SEATING

(Courtesy of Royal Metal Manufacturing Co.)

Got seating troubles? This new snap-on seat crown will end any replacement worries. Should the seat become damaged, instead of sending the whole chair to be repaired just order a new crown. Then, off with the old and on with the new! The satin chrome finish, the new square tube design, and colorful nylon or leatherette upholstery combine to make this smart, practical chair blend well with modern interiors everywhere.

## Music Theater at Villa Moderne announces line of musical comedies

Policy and repertoire for the inaugural season of the newly organized North Shore Music Theater, launching its ten-week program of musical comedies and operettas on June 25, were announced last night by Barrie O'Daniels, managing director of the enterprise sponsored by a group of businessmen.

The site is adjoining the Villa Moderne club, located on Skokie road at the Cook County line.

"Naughty Marietta," featuring Harry Stockwell, Elaine Malbin and Alexander Roton, is the opening attraction and the only one of the series to commence on Sunday night, June 25. Subsequent weekly changes will be on Tuesday, running through Sunday and with a single matinee on Saturdays. The 1200 seats will be divided to a two price scale of two and three dollars plus the Government tax. Tickets and reservations will be available at the theater box office in a fortnight and a similar service has been established for Chicago patrons in the loop at the Amusement Ticket Service office at 63½ East Adams.

The complete schedule of productions and dates are as follows: "Naughty Marietta," June 25 to July 2; "Rio Rita," July 4 to July 9; "New Moon," July 11 to July 16; "The Vagabond King," July 18 to July 23; "Sweethearts," July 25 to July 30; "Irene," August 1 to August 6; "The Great Waltz," August 8 to August 13; "The Merry Widow," August 15 to August 20; "Roberta," August 22 to August 27; "The Desert Song," August 29 to September 3.

## GRANT PARK CONCERTS TO START JUNE 28

The 16th season of "Music Under the Stars" in Grant Park will get under way with a gala opening concert Wednesday, June 28. The 75 piece Grant Park Symphony orchestra will be under the direction of Nicolai Malko, resident conductor since 1945, and American-trained Astrid Varnay, soprano, star of the Metropolitan Opera Company, will make her lakefront debut on this occasion.

During the eight-week series of Grant Park Concerts, concluding Sunday, August 20, concerts will be given four nights each week from 8 to 10 p. m. As in the past few years, the Grant Park Symphony Orchestra will render standard symphonic programs on Wednesdays and Fridays and will be heard in popular feature programs on Saturdays and Sundays.

## Better purchase your home now—if you want delivery this year

If you want a home this year, you had better make arrangements immediately or the chances are you may not get it before 1951.

This is the advice of the Chicago Metropolitan Home Builders Association which reports that builders in the area are being swamped with orders for all types of homes in all price brackets, with the result that "delivery dates" reach into next year.

"A spot check of our builder members shows," Martin C. Huggett, association executive vice president, said, "that order backlogs are developing rapidly, and that many of our members have enough work to keep them operating at capacity until 1951.

"Others report that they are giving September or October as the earliest possible "move-in" dates, but, if orders flow in June as in May, they will be unable to promise completion before December or January of next year."

Huggett said project builders, likewise, report homes are going quickly. "Some of our project builders have their homes sold before the roof is on and some even before the foundations are laid.

"This situation contrasts with that of a year ago, when because of uncertainty, fewer starts were made," he pointed out.

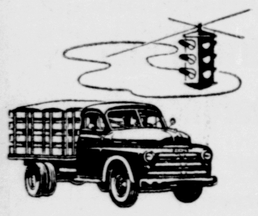
Yes, gyrol Fluid Drive is now available on Dodge *"Job-Rated"* ½-, ¾-, and 1-ton models.

No other truck can offer you such smoothness of operation, such ease-of-handling!



**When you start**, your truck moves forward *smoothly*. No clutch grabbing! No jerky starts! Smooth application of power is *easy* on all parts . . . transmission to rear axle gears. Result: long life . . . low upkeep expense.

**When you stop**, or slow down for traffic, simply apply the brakes. No need to use the clutch! Your engine won't stall. When you're ready to start again, just shift into gear and step on the gas. Result: the *smoothest* driving you've ever done.

**When roads are slippery** — in snow or slush, on ice or in mud —rear wheels "take hold" firmly. Any tendency to spin or skid is greatly reduced. Result: time saved . . . safety increased.

Get the *complete* story of the advantages that are yours with Fluid Drive. See us today for a demonstration of a Fluid Drive Dodge *"Job-Rated"* truck.

## Future farm operations depend on high income

Operations of family-sized commercial farms are becoming more dependent upon a stable and high-level cash income says F. J. Reiss and A. G. Mueller, University of Illinois agriculture economists.

At a time when cash incomes are declining, the need for replacing and repairing capital equipment at advancing prices has contributed to the upward trend in farm expenditures.

Purchases of new machinery and equipment on Illinois account-keeping farms reached a peak in 1948 but continued at a high level in 1949. Power and machinery costs have also increased in relation to labor costs. In 1943 they were only 70 percent as great as the total labor cost on family-sized commercial farms. In 1949 they were 10 percent greater than labor costs.

**INCREASED USE** of machinery has increased the proportion of cash expenses in farm costs. These must be paid with cash farm income.

Gas and oil expenditures have increased 20 percent from 1947 to 1949 as a result of price increases and greater use of mechanical power to replace horse and man labor. Property taxes on these account-keeping farms increased about 40 percent in this three-year period.

The young man entering farming with borrowed capital and the farmer who borrows money to expand his business will want to remember that success in paying off their debts will depend upon a high cash farm income.

## Livestock efficiency essential to high earnings

Successful use of a legume-grass program on Cook county farms depends largely on efficient livestock management, says Farm Adviser C. A. Hughes.

By managing livestock efficiently, farmers can earn a good income from cropland in legumes and grasses. It will be enough that they can afford to leave the legumes to provide a sound soil conservation program on their farms.

In his studies of 90 farms in which livestock was handled most efficiently, M. L. Mosher, University of Illinois farm management specialist, reports the men followed these management practices:

They kept only high-quality breeding and producing animals.

They kept livestock healthy by strict sanitation, vaccination, and constant alertness for signs of disease.

They fed balanced rations, using largely home-grown feeds.

They handled all animals carefully, kindly, and gently.

They studied the markets to judge the best types, weights, and times to buy and sell livestock and livestock products.

Mosher says that the successful livestock producers go to specialists and other successful neighbors for help.

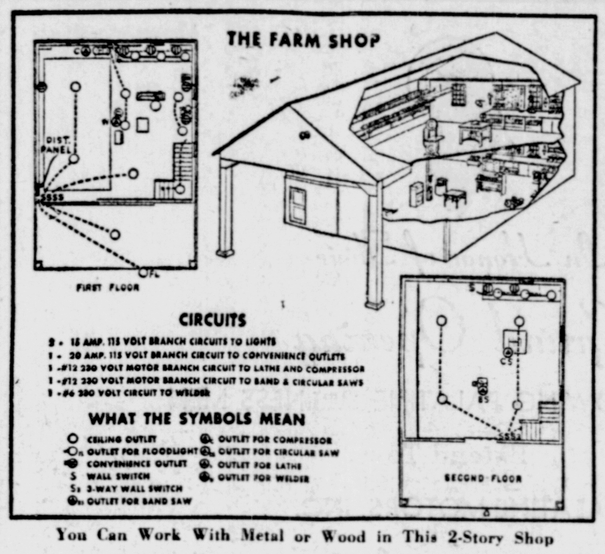
### Shop Needs Good Tools and Adequate Wiring



**You Can Work With Metal or Wood in This 2-Story Shop**

By IRA MILLER
*Farm Electrification Bureau*

The farm shop is one of the most important buildings on the farm. This is so, particularly, on those farms where several types of equipment are used. For repair and maintenance costs come high—unless that work can be done at home. It is small wonder, therefore, that one of the first desires of many farmers is for a work shop which is efficiently designed, adequately wired, properly lighted and well equipped with hand and power tools.

The two-story shop, illustrated above, answers these requirements—and more. Since it makes provisions for both wood and metal working. The canopy over the front door enables the farmer to make repairs outside during rainy weather. And the shop is big enough so that machinery can be moved inside where work can be done during the winter season.

Lights, for general illumination, are installed on the basis of one for every 200 feet of floor area. "Work" lights include one for each permanently installed piece of equipment and one for every 10 feet of bench length. The stairway from the first to the second floor also is well lighted.

There are two 230-volt motor branch circuits in the shop shown—to serve the lathe, air compressor, band saw and circular saw. Also there is a No. 6 wire, 230-volt branch circuit to serve the limited-input transformer-type arc welder. Welding is growing in popularity on farms because its use permits repairs to be made without having to remove broken parts from damaged machines. And then electric welders are used more and more by farmers who have a knack for building some of their own equipment and for modifying standard equipment to suit their own special needs.

The shop, shown, also has eight duplex convenience outlets for use of small electric tools, drill press and grinder.

As will be noted, information about electrical circuits and electrical symbols shown on the plan, appear below the isometric sketch of the shop in the above illustration.

## Austrian visitors tour Rohlwing, Freise farms

The farms of William Rohlwing, Rts. 58 and 53, and Henry J. Freise, Rt. 58 and Roselle rd., were thrown open to two visitors from Austria last Saturday.

They were Count Kottulinsky and Dr. George Zimmer-Lehmann, who are visiting in the United States under the E. C. A. program to observe U. S. methods of dairying so that they, in turn, can teach these practices and methods to their dairymen.

**SAM L. HASSELL**, sales manager of the Illinois Grain Terminals Co., and his wife, through arrangements made by the Lake Cook Farm Supply Co., Des Plaines, accompanied the visitors on the tour.

Count Kottulinsky is a lawyer in Salzburg, Austria, and has a Doctor's degree in economics, while Dr. Zimmer-Lehmann is a lawyer in Vienna and also has a doctor's degree in economics. Both are about 30 years of age.

The visitors were interested in the mechanization and general good management and neatness of the above dairy farms. They were amazed at how both of these farmers farm such large acreages with only the help of one son each.

**THEIR TOUR** included the inspection of milking equipment, herds, machinery and the like. The silo was new to them, as Austria does not have them.

Both Mr. Freise and Mr. Rohlwing could converse in German with the Austrians, who were surprised at how fluently these American men could speak their language. They, of course, could speak fluent English. They both are familiar with the Schaumburg, Germany after which Schaumburg, Ill., was named.

## Gems of thought

**LABOR**

The richest blessings are obtained by labor.
—Mary Baker Eddy.

Labor is discovered to be the grand conqueror, enriching and building up nations more surely than the proudest battles.
—William Ellery Channing.

Joy in one's work is the consummate tool.
—Phillips Brooks.

The man who does not work for the love of work but only for money is not likely to make money nor to find much fun in life.
—Charles M. Schwab.

I look on that man as happy, who, when there is question of success, looks into his work for a reply.
—Emerson.

Were he ever so benighted and forgetful of his high calling, there is always hope in a man who actually and earnestly works.
—Carlyle.

## First corn borer reports reach local farmers

Illinois farmers received the first 1950 weekly report on the corn borer situation recently, announces G. C. Decker, insect specialist in the Illinois College of Agriculture and Illinois Natural History Survey.

These two agencies are cooperating again in putting out about 14 weekly reports between May 28 and about August 15. They will tell you when to spray, and what dosage you should use, and will keep you posted on the latest corn borer developments in your area.

You can hear the reports on local radio stations or read them in your daily papers. A faster system has been worked out this year for broadcasting or printing them so that they will reach farmers by Sunday or Monday each week.

They are written only one or two days before, on Saturday, from reports by about 40 farmers and roving observers all over the state. Each report covers the week starting Sunday, the day it's issued.

**SPRAYING** often saves enough corn to pay for the cost of treatment. Decker says one spraying with DDT, properly timed and applied, will kill off 50 to 70 percent of the borers. In fields that are moderately to heavily infested, this degree of control may mean 5 to 10 more bushels of corn an acre. Each extra spraying seems to cut the remaining borers by about 50 percent.

But speed and exact timing of the spray are mighty important for best control of borers. One day too late may mean it's worthless to spray. You can learn the exact time of the borer reports from your radio station or farm adviser.

## Corn borers more numerous than in '49

Geo. C. Decker, State Entomologist reports that corn borer development is 3 to 7 days behind last year, and 3 to 6 times as numerous.

"If at all possible secure a supply of DDT and make at least one application on field corn (except silage) about June 20 or soon after," says Farm Adviser C. A. Hughes. "It may be a heavy storm or hot, dry winds soon after June 20 will change the situation, and maybe not."

## Record cow

Raretime Silver Carnation, a registered Holstein-Friesian cow owned by Mrs. Dorothy Hammerstein, Roselle, has completed a 365-day production test of 678 pounds of butterfat and 18,030 pounds of 3.8% milk made in Herd Improvement Registry.

Testing was supervised by the University of Illinois in cooperation with The Holstein-Friesian Association of America.

This cow was milked twice daily and was 4 years 9 months when she began her test period.

**Egg Quality**

The albumen of the egg which is secreted by the glands of the oviduct is germicidal and retards the development of most bacteria. As a result, most eggs are aseptic when first laid, however, subsequent methods of handling of the eggs frequently result in contamination and thus lowered quality.

## Any Time Is Yarding Time

Live stock farmers, particularly in the corn belt area, can virtually pick their own sweet time to bring their animals to market these days. Latest modern equipment and additional facilities provide round-the-clock service at the Union Stock Yard in Chicago. Above shipments of 23 Hereford steers is being unloaded at 10:30 a.m. at one of the terminal's new cattle docks just 3½ hours after leaving a farm near Janesville, Wis., a distance of approximately 115 miles. In a matter of minutes after this picture was taken, the animals were being shown to buyers in a nearby sales pen. The new docks, with steps for firm footing of animals, non-slip concrete floors, aluminum gates, giant floodlights and constant attendance, make for easy marketing of all live stock at the Chicago yards. Similar adequate facilities and 24-hour service are available also for hogs and sheep. The shippers in this instance, Harold and Don Russell, Route #2, Janesville, had breakfast at home, loaded the cattle, and the shipment was on its way at 7 a.m.

## Legumes, grasses good emergency silage here

One big advantage of using legumes and grasses as silage, says Farm Adviser C. A. Hughes, is that you can use the first cuttings during late May or early June for silage and feed it later in the summer when pasture may be short. You can use the second growth for pasture or hay.

More acres in legumes and grasses this year is the slogan of Cook County in cooperating with the Illinois College of agriculture in the state-wide legume-grass program. Putting the crops up as silage is one more way of utilizing them, Farm Adviser Hughes pointed out.

During rainy weather, you can often put up better quality feed by ensiling legumes and grasses than by harvesting them for hay. Remember that legume and grass crops weigh three to four times as much in the form of silage as when they are put up as well-cured hay.

You might also want to consider ensiling your legume-grass crop if you have more pasture than you need for your livestock program. Use what you need for pasture; then harvest the rest for silage to be fed later in the summer or held for winter feed.

For best results, you will probably have to use a preservative with your legume-grass silage.

## What two flies can do

One pair of flies, beginning operations in April, could be the progenitors of 191,010,000,000,000-000,000 flies by August, if all were to live, entomologists estimate.

Allowing one-eighth of a cubic inch for each fly, this number would cover the face of the earth to a depth of 47 feet.

These facts were disclosed today as people were urged to take early steps to keep this town fly-free.

"Our first job is to clean up all the fly-breeding places in and around Cook County before this insect becomes active," Farm Adviser Hughes said.

Garbage is the most important breeding medium for houseflies in residential areas, while compost heaps, piles of decaying grass and leaves, and manure piles also provide a place for these insects to mature.

If these accumulations are cleaned up regularly and areas where flies are seen resting are sprayed frequently with lindane or chlordane, the problem of flies around the house will be greatly reduced.

The State Department of Public Health, the State Natural History Survey, and the Illinois Agricultural Extension Service have found that flies which are resistant to DDT, probably due to long use of this insecticide in many communities, can be readily eliminated with the new killers which are now available throughout the state.

The agencies stated that in communities where good fly-control was had with DDT last year, or where DDT has been used only a limited basis, this insecticide may prove effective again this year.

**Railroads Protect Possessions**

The problem of surface protection is very important to railroads. Finishes must be applied not only for beauty and decoration, but for protection as well. Generally speaking, signals are painted every year; passenger cars every three years; bridges every five years; and freight cars every eight to ten years.

**New Chestnut Varieties**

The U.S. department of agriculture reports the development of three new chestnut varieties which produce a great quantity of large, sweet nuts and are resistant to chestnut blight.

## TAX FACTS

By George Mahin, Executive Secretary, Taxpayers' Federation of Illinois

Opportunity used to be the word that symbolized our country. The humblest American could dream of horizons unlimited—and achieve them. The hopes and aspirations of the poorest parents for their babies could come true. Opportunity, or the freedom of any individual to achieve greatness if he had the intelligence, courage, and determination, has made America great. It can make America greater. It depends upon you.

Security, it appears, is becoming the shibboleth of more Americans each year. What is this so-called security that so many are pursuing? Social security? Pensions? A certain number of dollars each month after reaching 65? Are we Americans forsaking opportunity for a gold brick? Let's look at the record.

From 1940 to 1950 the price of bread increased from 7½ cents to 17 cents for a slightly larger loaf; a pound of chuck roast from 23 cents to 55 cents; a pound of coffee from 23 cents to 79 cents; a new auto from $395, F.O.B. Detroit, to $1,680; a house and lot from $6425 to $11,500.

If these trends continue, what will our dollars buy in 1960? In 1970? Will our social security, and our pensions, keep us modestly alive then, or only half-alive? How much security do we have if the number of dollars that we would need to enable us to live modestly today will buy only half as much or a third as much when we reach 65?

There can be no security unless we know that the dollars we get when we're 65 will buy as much then as now. There can be no security in the face of continued inflation. Inflation will continue so long as our Government continues to spend money it doesn't have, increasing the national debt year after year. Our government is spending more than six billion dollars it doesn't have this fiscal year ending June 30.

If you want security, with pensions enabling you to live decently when you are 65, then you'd better go into action now. Let your two Senators and your Representative in Washington know that you want stabilized purchasing power of the dollar; that you want inflation halted; that, therefore, deficit spending must end, the budget must be balanced, the debt must be reduced instead of increased, and that the waste shown by the Hoover Report has to be eliminated. Then check the records, and vote in November accordingly, regardless of your politics.

DuPont Farm News

CABBAGE LOOPER — This greenish larva has legs "fore and aft" but none "amidships" and for this reason humps his back either when resting or in motion. This peculiarity gives him his name. His work is seen as unsightly large holes in outer leaves of the heads attacked, resulting in retarded growth and stunted mature plants. Found throughout the United States, he picks on cabbage, cauliflower, broccoli, lettuce, spinach, beets, peas, celery, parsley, potatoes and tomatoes, as well as nasturtiums, carnations and mignonette in the flower garden. Winters are spent in cocoons attached to plant leaves. In the spring a grayish-brown moth emerges — a night flyer that lays many individual small eggs on the leaves. These hatch into the destructive larvae, which in turn, after a few weeks of feeding, go into a cocoon to repeat the cycle. Four or more generations may develop in a summer. To halt looper damage, use of methoxychlor insecticides should start early in the spring, when larvae are small and more easily poisoned. Use two to three pounds of the 50% wettable powder to 100 gallons of spray, or a 3% to 5% methoxychlor dust. This chemical may be used safely close up to harvest time.

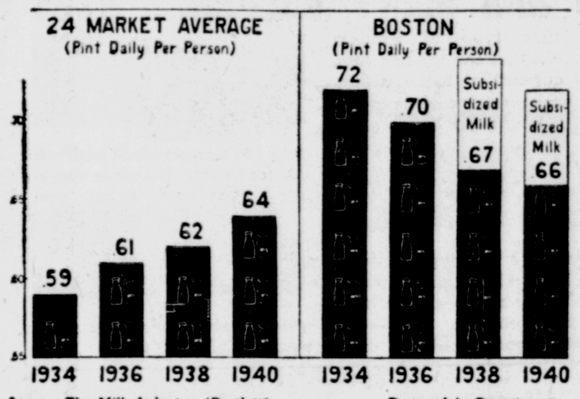
**SUBSIDIZED MILK DISPLACED COMMERCIAL SALES IN BOSTON**



Source: The Milk Industry (Bartlett) Ronald Press Company, 1946

Prepared in Department of Agricultural Economics, University of Illinois

**Milk consumption in 24 cities increases** Per capita sales of milk in 24 cities of the United States increased from .59 pint daily in 1934 to .64 pint daily in 1946, a net increase of nine percent.

**Commercial sales in Boston decrease** Per capita commercial sales of milk in Boston decreased from .72 pint daily in 1934 to .66 pint daily in 1946, a net decrease of eight percent.

**Subsidized milk displaced commercial sales in Boston** *Why did milk sales in Boston fall?* Between 1937 and 1940 the federal government subsidized milk sales for a large number of people in Boston. Low priced subsidized milk tended to displace commercial sales in this city.

Roland W. Bartlett, Professor Agricultural Economics University of Illinois

# AMAZING NEW FLY SCREEN KEEPS ROOMS AS MUCH AS 15° COOLER

## INVENTED BY CHICAGO MAN

**A sensational new kind of fly screening that seems destined to replace the conventional wire screening has been designed and developped by Mr. Harry Warp, a Chicago manufacturer. Mr. Warp is President of Warp Brothers who for more than 25 years have been leaders in the making of flexible window materials for protection against winter cold. This newest product offers protection against summer heat.**

### KNOWN AS VENETIAN SCREEN

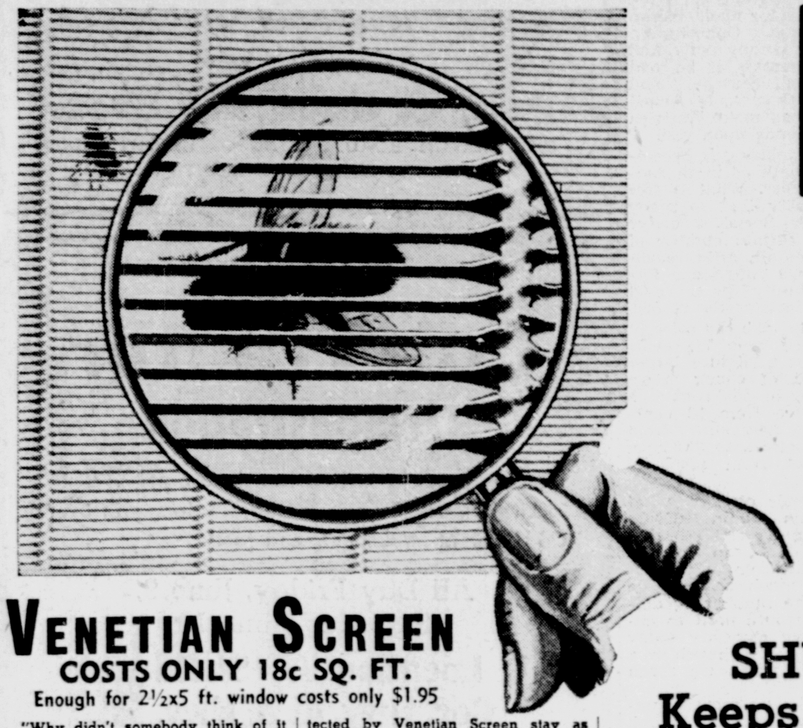
Known as Venetian Screen because it is made on the same principle as a venetian blind, this remarkable new "slatted" type of screening not only keeps out flies and insects, but also shuts out the sun's blistering heat. In spite of the fact that Venetian Screen will even keep out the smallest mosquito, it is so carefully engineered that it lets 20% more air circulate through it. Exhaustive tests show that this revolutionary new screen material over a sunny window will lower room temperature as much as 15°.

### SEVEN YEARS TO DEVELOP

It took seven years to develop Venetian Screen. Months of research and tests were required to find the proper metal for this new screening. It took two years to develop the special chromic-zinc finish that gives Venetian Screen five times the wear of ordinary galvanized screening. Finally it was necessary to build special machines which would form this new screening to scientific precision standards.

"All this is behind us," says Mr. Warp, "and the enthusiastic response from users all over the country convinces us that ordinary fly screens will soon be as out of date as a car without a self starter.

One of the machines Warp built to make Venetian Screen



## VENETIAN SCREEN
### COSTS ONLY 18c SQ. FT.

Enough for 2½x5 ft. window costs only $1.95

"Why didn't somebody think of it before?" That's what everyone says when they first see Venetian Screen. This amazing new window screening which takes the place of screens, awnings, and window blinds is the first real advancement in its field since the introduction of old fashioned wire screening.

Venetian Screen is taking America by storm because it offers so much greater home comfort — so much longer wear that it actually costs less in the long run. Venetian Screen keeps out pesky flies and insects just like any other screen. But Venetian Screen make its biggest hit by shutting out the blistering heat of the summer sun — deflecting these heat waves and "bouncing" them back, instead of letting them into your rooms.

### VENETIAN BLIND PRINCIPLE

Look at the picture above. Instead of the criss-cross open wires of ordinary screening, Venetian Screen is made with thousands of tiny but sturdy metal "slats." These are permanently slanted downward and outward at a scientifically determined angle, which makes it easy for anyone inside the room to see out, but makes it impossible for the heat waves of the sun to come into your room and heat it up. No wonder rooms protected by Venetian Screen stay as much as 15° cooler even during the hottest summer weather. There are eighteen of these tiny metal louvres to every square inch to give better insect protection than most screening now in use. The section of Venetian Screen under the magnifying glass shows the exact relation of a common house fly to these tiny openings. It takes an almost microscopic insect to get through Venetian Screen.

### BETTER AIR CIRCULATION

The most modern air flow principles enter into the construction of Venetian Screen. The tiny sloping "slats" help create an updraft which pulls fresh air in from the outside to cool your rooms. This same precision engineered construction permits Venetian Screen to be made with over 20% more open space than ordinary fly screening. This combination of 20% more open space and sped-up air movement assures you better circulation than has ever before been possible in any kind of old-fashioned woven wire screening. Venetian Screen gives you everything. It shuts out the sun's blistering heat . . . keeps out flies and insects . . . and allows 20% more outside air to circulate through your rooms. No wonder this remarkable new invention has changed America's screen buying habits almost overnight.

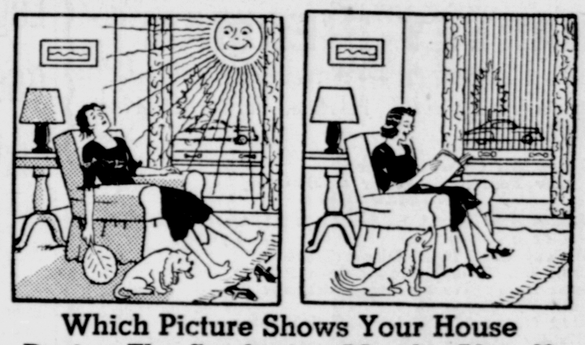
### NO MORE FADED FURNISHINGS

In addition to having cooler, more livable rooms, Venetian Screen protects your prized draperies, furniture, and rugs against fading. During the heat of the day, Venetian Screen's slanting louvers let in only a diffused, non-glaring light that simply can't fade even the finest fabric. With Venetian Screen on your windows, you can really *live* in your house. No longer do you have to keep the shades drawn and the room dark for fear the sun will take all the color out of your expensive furnishings. Venetian Screen never forgets. The minute the sun climbs high enough to fade your furnishings or heat your rooms, this sensational window screening instantly goes to work. There's nothing to remember, nothing to adjust. Your rooms look cool — they are cool — they stay cool.

### HOT ROOM TEST

Do you have a room in your home that's little or no use to you during the hot summer weather? Maybe it's a west bedroom that stays hot as an oven for hours after the sun has gone down. Maybe it's your kitchen, dining room, or living room. We want you to try Venetian Screen on the windows of your hotest summer room. You'll notice the difference instantly. First, the glaring, blistering heat waves of the sun will be shut out. Your room will be filled with a soft, rich, difused light. Then, as the sun's heat is kept outside where it belongs, you'll feel the whole room cooling off. In no time at all, that room which you used to avoid because it was so hot will be as much as 15° cooler. Put a thermometer in the room before you put up your Venetian Screen and watch it drop. Just one day or night of this new-found summer comfort will convince you. Like thousands of others who have made this simple test, you'll have nothing but Venetian Screen on all your windows from that time on.

## SHUTS OUT SUN'S HEAT
## Keeps Out Flies and Mosquitoes



### Which Picture Shows Your House During The Sweltering Months Ahead?

When the blistering heat waves of the sun start pouring into your home, you can either let the heat get you down or you can go about your household duties in thrilling new comfort — in rooms that are as much as 15° cooler, thanks to Warp's modern Venetian Screen — America's Best Buy in Window Screening.

## INSTALL IT YOURSELF

A hammer, some tacks, and a pair of shears is all anyone needs to install Venetian Screen. This rugged new type of screen material comes in rolls of various widths, to accommodate most standard windows. First, measure the width of your present screens. Go to your hardware or lumber dealer and get the corresponding size of Venetian Screen. You'll be pleasantly surprised to find that enough Venetian Screen for a 2½ ft. x 5 ft. window costs only $1.95.

### CUT AND TACK ON

Rip off the old wire screening. Unroll and measure off the proper length of long-wearing Venetian Screen and cut it off with shears. Tack onto the old frame just as you would any screening. Tack the top first and then the bottom, stretching as tightly and evenly as possible while you tack the bottom row. Finish the job by tacking the sides. Your Venetian Screen is now ready to give you cool comfort this summer and for many, many summers to come. (If you have metal frames, Venetian Screen can be rolled in just like ordinary screening.)

Comes in rolls — cut with shears. Tack on ordinary frames.

### OUTLASTS ORDINARY SCREENING

It is not necessary to paint Venetian Screen before you put it up. A special, rust-resistant, chromic-zinc finish has been developed which will last for many, many years without painting.

## Warp's VENETIAN SCREEN

## WORKS ON SAME PRINCIPLE AS A VENETIAN BLIND

You all know how a venetian blind works. The idea is good, but the adjustment of the slats is largely a matter of guesswork. Venetian Screen uses this same underlying principle but has called in modern science to make it scientifically accurate. Instead of having a few large slats, Venetian Screen has thousands. There are 18 of these sturdy metal "slats" or louvers to every square inch. These louvers are not movable—not subject to guesswork. Instead, they are permanently set at a precision-measured angle.

### THE ANGLE IS THE SECRET

The angle at which Venetian Screen's "slats" bend downward and outward was determined after years of careful study. It's the perfect angle to turn back every possible heat ray from the sun . . . to let in only a cool, non-fading, non-glaring light. The precision spacing of Venetian Screen's louvers has been carefully planned to keep out flies, insects, and mosquitoes. This scientific spacing gives you another very unusual feature . . . 20% more open space than ordinary screening. This means more air can flow into your rooms; you get better circulation than ever before.

### Easy To See Through

Cool Summer Porch

Mr. R. V. Ross who put Venetian Screen on all of his resort cottages writes, "We are certainly well pleased with the appearance and it is remarkable how cool and pleasant these Venetian Screened cottages are . . . especially when the mid-day sun is beating against them."

### Get The Genuine

There's only one Venetian Screen. It's made by Warp Brothers. It has a special, rust-resistant chromic zinc finish that lasts five times longer than ordinary screens. It's priced at only 18c a square foot. You can completely cover a full-length, 2½x5-foot window for only $1.95. And Warp's Venetian Screen is backed by

## THE STRONGEST GUARANTEE EVER WRITTEN

Try Venetian Screen without risking a penny. Prove to your own satisfaction that it's all that's claimed for it. Get Venetian Screen from your hardware or lumber dealer. Tack it onto your regular screen frames. Use it for 30 days. If you're not more than satisfied, return it and your purchase price will be immediately refunded without question. Don't wait to enjoy the coolest, most comfortable summer home you've ever known. Get your Venetian Screen TODAY. It's made and guaranteed by

**WARP BROTHERS**
*T. M. Reg.
1100 N. Cicero Ave. Chicago 51, Ill.

## VENETIAN SCREEN HAS MANY VALUABLE USES

Every window that is exposed to the beating rays of the hot summer sun needs Venetian Screen. Homes, offices, factories, schools, and hospitals are installing this revolutionary new type of window screening for the greater summer comfort of those within.

Office Buildings

Clinic

Here are a few typical Venetian Screen installations where sweltering rooms are no longer the problem they once were. Venetian Screen costs only 18c a square foot and will last for years. No other single investment will bring you greater returns for your money in so short a time.

Home

Factory

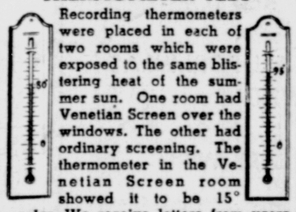
## WHEN THE SUN CAN'T GET IN YOUR ROOMS CAN'T HEAT UP

The minute you put up Venetian Screens you'll understand just why they keep your rooms so much cooler. The blinding glare of the sizzling summer sun and the blistering heat disappears — instantly. Your room is filled with a cool, pleasing, diffused light. It's almost as if a cloud had passed across the sun to give you a moment's relief. But the relief that Venetian Screen gives is permanent. You can see out, but the direct rays of the hot summer sun can't reach you. Slowly you feel the room cooling off — never again this summer to be "hot as an oven." And it's all because of Venetian Screen's one, simple principle — when the sun cant get in, your rooms can't heat up.

## SCIENTIFICALLY TESTED

Malaria mosquitoes which are much smaller than common types, were actually hatched, lived and died in an enclosure made of Venetian Screen. During their entire life span, not one single tiny malaria mosquito succeeded in getting through. The malaria mosquito can pass through the square openings of an old fashioned 14-mesh screen. Venetian Screen gives you the extra margin of safety by having 18 louvers per inch.

### THERMOMETER TEST



Recording thermometers were placed in each of two rooms which were exposed to the same blistering heat of the summer sun. One room had Venetian Screen over the windows. The other had ordinary screening. The thermometer in the Venetian Screen room showed it to be 15° cooler. We receive letters from users all over the country, thanking us for the greater home comfort Venetian Screen is giving.

## REPLACES AWNINGS

Awnings cover half your window, obstruct your view. They cast some shade which gives a false sense of coolness. Actually, the rising hot air is trapped between the awning and the window. There is no place else for such heat to go except through the glass and into your rooms. Venetian Screen on your windows bounces the

sun's heat waves back into the open air. They never reach your windows to heat up your rooms. Venetian Screen in place of awnings saves you money, gives longer wear and a modern appearance to your home. What's more, there's no worry about the sun fading your rugs, draperies or furniture. Enjoy the view from your picture window plus a cooler room than you ever believed possible.

### The Latest Thing In New Construction

Picture windows that are *really* picture windows are now possible by using only Venetian Screen on the outside and draw drapes on the inside. You get the full benefit of every inch of your picture window — uncluttered by Venetian blinds or awnings — and at much lower cost. Venetian Screen has 20% more open space than ordinary screening. Its patented construction makes it easier for you to see out — harder for those outside to seein.

## Warp's Venetian Screen Lasts 5 Times Longer Than Ordinary Screen

Even if you forget all of Venetian Screen's advantages over ordinary screening — if you forget that it keeps rooms up to 15° cooler — if you forget that it gives you 20% more air circulation — Venetian Screen is still America's Best Screen Buy. We say that because Venetian ordinary galvanized screening. Screen lasts five times longer than Enough for a full-length 2½ x 5 foot window costs only $1.95. From a hard-headed, dollars and cents viewpoint that's real economy.

### HERE'S UNBIASED PROOF

One of the country's leading independent laboratories tested Venetian Screen against many other makes of ordinary screening. They found that Venetian Screen lasted five times longer than old-fashioned galvanized wire screening. Think what that means. You put Venetian Screen up and forget it for years and years. No more costly replacements. Venetian Screen wears on and on, strong, sturdy, and free from rust.

### HERE'S THE SECRET

The amazing long life of Venetian Screen is due to Warp Brothers' exclusive chromic-zinc finish. No other window screening in America gives you this special, long-lasting, rust-resisting protection found only in Venetian Screen. This new finish is acclaimed by leading metallurgists as outstandingly rust-resistant. Venetian Screen is built to stand off rust and corrosion for years without painting. Money can't buy finer, longer lasting metal screening than Warp's Venetian Screen. That's why we say it's America's Best Screen Buy.

About thirty odd years ago when I first started working in a retail grocery store it was nothing more than a small warehouse for merchandise. Foodstuffs were shipped in at long intervals; packages or perhaps I should say large wooden boxes and barrels were opened on the retail store floor, left around from which to fill orders; crackers were delivered in barrels; coffee, sugar, salt, beans were scooped out of kegs; no attempt was or could be made to show the merchandise attractively because it was, generally speaking, bulk merchandise; the counters were useful only as chinese walls to keep the purchaser from the merchandise, and freshness in merchandise was the monthly miracle when the goods arrived. Every inch of floor space was needed for the storing of crates and barrels, and to accommodate the customers who made the store a sort of get together place.

Today in the self-service store everything is on display, food items are plainly priced and the housewife has the opportunity of picking the merchandise she wants at the price she wants to pay. Practically all merchandise is packaged and each and every item is presented for sale in the most sanitary manner. In the new store my dream of a truly wonderful clean modern store is now a reality – every improvement in merchandising that is practical and will make shopping more pleasant for our customers has been installed to the satisfaction and consideration of my entire personnel as well as to myself.

We, and by this I mean our entire organization, are pleased to be a part of Central Grocers, Cooperative, Inc., a wholesale grocery firm of which we have a voice in the management. "Central" helps the retailer to distribute merchandise to the consumer at the very lowest cost so that the individually-owned grocer is in a position to compete with all forms of competition yet at the same time allows him to show special courtesies to each and every housewife who patronizes the store. "Centrella" and "Silver Cup" brands of foods will predominate on our shelves as we believe that these two well known standards are perferred by most people in Mt. Prospect and in our opinion are the best the market affords.

*Fred Meeske*

The photographs show the people who are ever ready to serve you. They are efficient, trustworthy and pleasant. We are proud of them. A great deal of credit goes to them for our success.

## AND MAY WE SAY "THANK YOU"

At best these pages of print can but only give you a small visual appreciation of what Meeske's have done to further perfect their efficiency . . . to give their many friends and patrons greater shopping pleasure and convenience . . . yet, in view of all these things, big and small, we are not unmindful of the fact that all was made possible through the loyal support of our patrons and friends . . . and to them we sincerely say "Thank You" . . . and remember this store is your store . . . and may we continue to serve you even better in the future.
